Subject: Union election results

Colleagues,

On behalf of Provost Holloway, I write to inform you of today's faculty union election results.

The faculty have voted in favor of the two UA-UNM bargaining units:

- Adjunct faculty vote count 259 yes, 26 no, 3 invalidated
- Continuing faculty vote count 500 yes, 304 no, 60 challenge

We are pleased so many of our faculty colleagues took the time to vote, and we are committed to working on the issues that will not be subject to negotiation.

Thank you for your support throughout this process.

Best, Barbara

Barbara Rodríguez, Ph.D., CCC-SLP Senior Vice Provost Professor of Speech and Hearing Sciences Academic Affairs University of New Mexico Albuquerque, NM 87131

NEW MEXICO HIGHER EDUCATION DEPARTMENT

MICHELLE LUJAN GRISHAM

GOVERNOR

KATE M. O'NEILL, ED.D

CABINET SECRETARY

October 3, 2019

Olivia Padilla-Jackson, Cabinet Secretary New Mexico Department of Finance and Administration 407 Galisteo Street, Room 180 Santa Fe, NM 87501

Subject: NMHED Capital Outlay Recommendations

Secretary Padilla-Jackson,

It is with great pleasure that I present to you the New Mexico Higher Education Department's Capital Outlay Recommendations for the FY21 Legislative session. As part of this year's process, the agency reviewed and prioritized projects which adhered to the requirements of 5.3.9 NMAC Capital Budgets – Planning and Funding Recommendations, more specifically projects which accommodated enrollment growth, addressed major health and safety problems, eliminated ADA issues, renovated existing space, and supported the Governor's initiatives on Higher Education.

The NMHED Capital Outlay Committee, chaired by Dr. Gerald Burke, held hearings in July of this year. In those hearings institutions were given an opportunity to present the top priority projects on their five-year capital plan. During the hearings the committee stressed the importance of the General Obligation Bond Issue to higher education institutions as well as how funding recommendations will be based on a commitment to ensuring taxpayer dollars will be spent on projects that would benefit New Mexico students and their families. As a result of the hearings thirty three (33) out of the sixty one (61) projects heard are being recommended. Exhibit A lists each project, in no particular order, being recommended.

If you should have any questions regarding this recommendation, please contact Gerald Hoehne, Capital Projects Director at 505-476-8434.

Sincerely,

Kate M. O'Neill, Ed.D. Cabinet Secretary

RE: Five Year Capital Plan Update

As part of the UNM Capital Planning process we are asking you to update the 2019 five year Capital Plan for the NM Higher Education Department. This plan helps to direct our capital funding efforts and inform UNM and State leadership on the capital needs of the UNM campus.

The 5-Year Capital Plan should include capital improvement projects which are over \$300,000 and have an identified funding plan. The updates to the 5-Year Capital Plan will be reviewed by the Capital Planning Leadership Team.

Thank you in advance for your cooperation and efforts in ensuring the success of this important initiative. Please provide your updates to Tabia Allred tabia1@unm.edu no later than Friday, November 8, 2019.

Subject: Branch Campus Multi-Year Financial Planning

As the new academic year begins, the Budget Leadership Team (BLT) would like to begin budget planning for FY21 forward. We would like to expand the annual budget development practices to developing a five year financial plan. In order to capture necessary information for discussions through the executive leadership teams and the BLT, financial planning forms and templates have been created to help administer the process to develop a comprehensive university-wide multi-year financial plan.

While developing your branch's plan, we ask that you take into consideration the significant funding limitations implied by current enrollment assumptions (provided in the attachments). New funding initiatives should be prioritized by the needs that directly impact student success, the academic mission, as well as safety and compliance. In light of our current budgetary challenges, we will be looking to see that every effort is made by your branch to address these needs first through reallocation, reductions to non-essential expenses, streamlining processes, and reorganization efforts within your campus. Attention should be made in the financial planning process to merit increases and equity adjustments needed to retain excellent faculty and staff.

We realize this is a new approach to planning, so we expect we will refine it with time as we gain experience in developing and evaluating these multi-year plans. The goal is certainly not perfect prediction, but the benefit that comes from anticipating future trends and needs.

Please complete the multi-year Financial Planning Form and templates in the excel workbook by **November 1, 2019**. Instructions for submitting these documents can be found on the front page of the form. Be sure to complete all sections of the form applicable to your branch campus. Please feel free to reach out to Nicole Dopson nicole14@unm.edu if you have any questions.

Branch Campus-Financial Planning Form (FY21-FY25)

Branch Name: Gallup

Branch Contact Name: Robert Griego

Instructions: Please complete the following sections of this document, including the each requested schedule that can be found in the **Financial Planning Template** excel workbook. Please submit this form, along with the requested schedules and any additional attachments (narrative documents in one PDF and the excel workbook separately) to the Provost Office email provost@unm.edu by November 1, 2019.

Part I: Prior-year Outcomes and Achievements

- 1. Briefly describe significant achievements over the past 5 years, including completion of strategic initiatives, programmatic changes, service improvements, new or enhanced revenue streams, and collaborations.
 - --Successfully prepared materials and executed the HLC review with positive outcomes
 - --Performed and published an environmental scan in order to help identify community needs
 - --Reorganized its academic divisions in a more equitable and effective configuration based on programing and course offerings (Humanities, Applied Technology, Education and Health Careers, Math and Science)
 - --Integrated expanding Middle College and initial McKinley Academy programs more fully into scheduling and course offerings
 - --Systematized Assessment and Program Review protocols (instruments, reports, online access)
 - --Participated in and implemented state core alignment including course numbering and student outcomes
 - --Created new programs based on student need, including Emergency Medical System (AA and two certificates), Elementary Education (AS), Secondary Education (AA)
 - --Amended and updated key programs in Liberal Arts (AA) and Science (AS)
 - --Eliminated outdated and problematical programs such as Communication and Journalism (AA), Psychology (AA), Fine Arts (AA), Information Technology (AS)
- 2. Describe how these achievements have contributed to the institutional goals and the potential challenges to sustaining these outcomes and achievements (if any). Include benchmarking data, if available.
 - These structure, program, and course achievements have contributed to institutional goals of retention and transfer (rates have nearly doubled), improving curricular effectiveness and value
- 3. If you received additional resources for these activities in prior years please briefly give an update on how these resources have been used.
 - The additional tuition revenue attributed the increased concurrent enrollment has been used to fund I & G expenditures.

- 1. Please briefly outline your campus' long-term goals and describe how they align with the institutional goals of the university. Please number your goals in priority order, so these goals are easily referenced when reviewing other questions in this document.
 - 1. be responsive to local community educational needs
 - 2. create employment pipelines
 - 3. become the best academic support institution in the region for preparing students for collegelevel work
 - 4. improve institution-wide faculty and staff support through the standardizing of expectations and performance review (Tenure and Promotion)
- 2. Describe strategic initiatives, along with areas of challenges/concerns. Include plans to address initiatives and challenges/concerns, which could include proposed changes in services, program and/or enrollment growth, reorganization plans, and other revenue generating opportunities.
 - --Creating a four-year bachelors program in elementary education (with secondary education bachelors program to be implemented in the future)
 - --Redesigning applied technology programs to properly fit the new applied tech building, including nimble and responsive course and program offerings
 - --Boost the budget for Academic Support programs, including TRO and the Center for Academic Learning (enhanced tutoring personnel, self-paced skill building capacities)
 - --improve physical resources for classroom technology and adjunct faculty work areas, including IT resources
- 3. Describe the following key areas for your unit, including the completion of the **Financial Planning Template** for each key area:
 - a. Faculty hiring- outline your multi-year faculty hiring plans. Please include the optimum faculty size and discipline mix. Describe areas to expand, reduce or eliminate, which should align with your unit's strategic plan and curriculum plan (see section 3.c. below). Please complete Schedule A- Hiring template for both faculty and staff hiring plans. As we are budgeting the maintaining of current student levels, the current level of faculty is appropriate.
 - b. Staff hiring- outline any changes is staff, and describe areas to expand, reduce or eliminate, which should align with your unit's strategic plan.
 As we are budgeting the maintaining of current student levels, the current level of staff is appropriate. The campus performed a program prioritization two years ago and as a result eliminated several staff positions.
 - c. Curriculum- outline plans for new or changes to existing academic programs. Detail the
 resources needed for these plans and the fiscal impact associated with these plans.
 Please complete Schedule B- Enrollment/Student template for academic program
 planning.
 - Faculty is currently working on program prioritization in order to redistribute resources to meet the educational needs of our community.
 - d. Research- while research is not a core mission for the branches, if you anticipate significant strategic research undertakings outline these plans. Detail the resources needed and the fiscal impact associated with these plans. No significant changes anticipated.

Part III: Resource Planning (aligned with goals and initiatives)

- Please briefly describe your campus' primary revenue resources, as well as how these revenues are expensed. Explain how these resources support the key functions of your unit.
 Primary revenue sources include State Appropriations, Local Property Taxes along with Tuition.
 The largest expenses are related to personnel costs.
- 2. Briefly outline your campus' resource needs and describe how they align with the goals and initiatives for your campus. Please align these resource needs in priority order, as described in the Part II section of this document. Include a brief description of the following key resources used in your resource planning document:
 - a. *Instruction and General (I&G)* includes tuition, state appropriations, course fees and other I&G revenues.
 - b. **Facilities** describe you unit's facilities challenges and plans for expansion and/or renovations. A challenge we have had with our most resent project is the high cost of site preparation as the terrain on campus is difficult to build on. The Gallup campus is currently working on an new \$8,000,000 CCTEI building.
 - c. **Fund Raising** describe your unit's fund raising goals and how those goals contribute to the overall budget of your unit. Our Endowment balance in on its way to double during this fiscal year due to two large donations. This will allow us to significantly increase financial scholarships in future years.
 - d. **Reserve Balances** describe your unit's current balances and your plan to utilize these reserves. Of our current balance of \$7,427,723, %5,136,917 is discretionary and is used for capital outlay matching purposes.
- 3. Describe any opportunities for cost efficiencies, reallocation of resources, new or enhanced revenue streams (i.e. contracts and grants) and/or cost reduction strategies that have been implemented in recent years or could be implemented in future years. The Gallup Branch performed a program prioritization two years ago and as a result eliminated several staff positions.
- 4. Complete the Schedule C- Multi-Year Financial Planning template, which should reflect the forecasted resource needs for your unit. This projection should include planned revenue increases/decreases, as well expense increases/decreases. Please use the <u>Financial and Enrollment Planning Assumptions</u> documents as guides for this forecast, and detail any additional assumptions used to develop this forecast.

Part IV: New Funding and Justification

Please address if your branch anticipates the need for one-time and/or recurring new funds. Please explain how the branch plans to address these needs and how the new funding will be generated and used in alignment with the goals and initiatives for your branch, as well as the institutional wide strategic plan.

Please explain the impact of the new funding to the unit and the institution. Please include how the outcomes of the impact of the funding will be measured.

If new funding is not attained, please describe the impact to the unit and institution. Please include what other measures could be put in place to mitigate the impact to the branch and institutional mission.
