Introduction to UNM-Gallup

UNM Gallup is home to approximately 2,500 students. Located near the Navajo, Zuni and Hopi Reservations, this campus has the largest Native American student body of any public university in the world, and awards close to \$7,000,000 annually in tribal, federal and state grants as well as private, civic, and corporate grants and scholarships.

Located in Gallup, New Mexico, the adobe-style facilities sits among some of the most beautiful red rock country in the Southwest. The Gallup population is close to 21,000 but because of our easy accessibility to the reservations, our trade population on any given Saturday can number close to 100,000 and more on holidays and festive occasions. The region's diverse cultural events are celebrated throughout the year.

UNM Gallup was established in 1968 with offices and classrooms at the local Gallup High School and an initial enrollment of 128 students. In the same year, the Gallup Lions Club donated a building and six acres of pinon wooded hills to the College as a community service project. Named Lion's Hall, it was remodeled to include administrative offices and classrooms and was the beginning of the present site. Mr. and Mrs. Clair Gurley donated an adjacent parcel of 70 acres to the college which allowed the University to grow and expand to the campus we know and love today.

Chartered as a community college more than five decades ago, we operate under the aegis of the University of New Mexico as Gallup's branch campus. Although our priority has always been to serve our community as a two-year college, our association with UNM has allowed us to be flexible and stretch as the need arrives. In addition to our two-year programs, we also have a few entities operating on our campus or under our leadership: Adult Education Center on the North Side of Gallup, the Center for Career and Technical Education (CCTE), Middle College High School, McKinley Academy and Community Education. All these programs help to meet the needs of our very diverse community.

UNM-Gallup offers open enrollment, with opportunities to obtain a certificate in a vocational program, or an associate's degree in either a vocational program or an academic discipline. Many of our students concentrate on obtaining their basics at UNMG's affordable tuition rates before transferring to four-year institutions.

Role and Function of UNM Branch Colleges

The University has established branch community colleges to serve the citizens of New Mexico more fully and to provide the highest quality of education for students pursuing post-secondary education at different locations throughout the state. Branch community colleges respond specifically to the unique needs and multi-cultural backgrounds of their respective communities by offering community education programs, career education, including certificate and associate degree programs, and transfer programs that prepare students for upper division entry into colleges and universities. Branch community colleges utilize many resources in their service districts and therefore function as integral parts of their surrounding communities. They are thoroughly committed to assisting in the economic development of their service areas. The branch campuses of UNM are considered fully integrated component community colleges. They are committed to serving the needs of their respective communities in the manner of a comprehensive community college, offering a variety of academic, career, and community service programs. The branch community colleges pledge themselves to protect the quality and integrity of all academic curricula, and the main campus pledges its resources, whenever appropriate and practical, to the fulfillment of the varied missions of the branches. UNM's Office of the Provost has responsibility for establishing policies and procedures relative to all branch operations.

Accreditation

As a Branch College of the University of New Mexico, UNM-Gallup is fully accredited by The Higher Learning Commission.

Operating Agreement and Funding

UNM-Gallup was established under the provisions of the Branch Community College Act, New Mexico Statutes 1978, implemented in an operating agreement between the UNM-Gallup Advisory Board and the Regents of The University of New Mexico. An elected body of five representatives, the Advisory Board approves UNM-Gallup's annual budget and calls elections for local tax levies and capital outlay general obligation bonds on behalf of UNM-Gallup. UNM retains administrative and academic control of UNM-Gallup. The Chancellor of UNM-Gallup reports to the provost/vice president for Academic Affairs at UNM. Funding for UNM-Gallup Campus is derived from direct State appropriations, tax levies, special grants, and student tuition and fees.

UNM-Gallup's Vision, Mission, and Values

Vision: The University of New Mexico Gallup will be a nationally recognized leader in community focused, regionally specific and culturally vibrant education.

Mission: The University of New Mexico Gallup prepares people to achieve their educational and professional goals in a context of respect for the traditions and values of the many groups it serves.

Values:

We value **EXCELLENCE** by providing quality decisions and actions through our people, programs and outcomes.

We value **INTEGRITY** through our commitment to managing our resources wisely, keeping our promises and ensuring accountability to our students, the community and all who serve UNM Gallup's mission.

We value **DIVERSITY** by striving to strengthen our university, our community and our society through the respectful treatment of all people. UNM Gallup recognizes, accepts and values differences of culture, ethnicity, gender, sexual orientation, nationality, religion, language and academic discipline and embraces diversity as a learning opportunity.

We value **FREEDOM** by encouraging inquiry, candor, creative activity, and the pursuit of ideas.

We value **SUSTAINABILITY** by meeting the needs of the present while preserving the well-being of future generations.

We value **ACCESS WITH SUPPORT TO SUCCEED** by offering all who desire the opportunity to take full advantage of the wealth of UNM Gallup resources and be fully included in the UNM Gallup community.

We value **RESPECTFUL RELATIONSHIPS** as demonstrated by our commitment to building trust, inspiring collaboration, and ensuring teamwork essential to UNM Gallup's success.

Catalog Information & Requirements

The UNM-Gallup Catalog is the student's guide to the programs and regulations of The University of New Mexico-Gallup Campus.

Students are expected to become familiar with the regulations and to assume their proper responsibility in connection with them. This catalog is intended to provide a summary of the available programs, courses of instruction, and academic regulations, as well as a guide to policies and services affecting students.

While providing information to students about the curricula and policies of UNM-Gallup, the provisions of the catalog are not intended to be regarded as an irrevocable contract between the student and the campus. The campus reserves the right to withdraw or change any provisions or requirements at any time within the student's term of enrollment. For information about specific programs and policies not included in this catalog, please contact individual departments or administrative offices.

Note: The University of New Mexico and UNM-Gallup reserve the right to change prerequisites, course, and degree requirements without notice. It should be understood that it is the student's responsibility to seek appropriate advisement with respect to all university requirements. All questions regarding such requirements can be directed to the Office of the Registrar at 505.863.7523.

Students are responsible for complying with all regulations of the University, their respective colleges and the departments from which they take courses, as well as for fulfilling all degree requirements. Students are responsible for knowing and complying with all academic regulations.

Catalog Requirements

Undergraduate students may graduate under the requirements in the Catalog issue in effect at the time of their admission into the college or school from which they are seeking a degree. If students transfer from one degree-granting college or program to another within the University, they must comply with the Catalog requirements in effect at the time of their transfer.

Notwithstanding the above, the University of New Mexico reserves the right to make changes in the curricula and degree requirements as deemed necessary, with the changes being applicable to currently enrolled students.

Readmission-Catalog Requirements

Students who interrupt their degree program and are not enrolled for three or more consecutive semesters (including the Summer session), must comply with Catalog requirements in effect at the time of re-enrollment.

Responsibility for Requirements

Students are responsible for knowing the rules and regulations concerning graduation requirements and for registering in the courses necessary to meet them. Advisement at the specific department/program level as well as the college level is strongly recommended to assure timely graduation. Students who take more than 10 years to graduate from the date of their original admission, must conform to the Catalog in effect in the semester in which they intend to graduate.

Policies

APPLICABILITY

These policies apply to recruitment, admission, extracurricular activities, facilities, access to course offerings, counseling and testing, financial assistance, employment, health and insurance services, and athletic programs for students. These policies also apply to the recruitment, hiring, training, and promotion of University employees (faculty, staff, and students) and to all other terms and conditions of employment. The University strives to establish procedures which assure equal treatment and access to all programs, facilities, and services.

DRUG-FREE CAMPUS

This policy on Illegal Drugs and Alcohol is adopted pursuant to federal laws and reflects the commitment of the University to an environment free of drugs and the illegal use of alcohol. Drug and alcohol abuse on campus poses a serious threat to the health, safety and welfare of faculty, staff and students, impairs work and academic performance, and conflicts with the

responsibility of the University to foster a healthy atmosphere for the pursuit of education, research and service. Therefore, the unlawful manufacture, distribution, dispensing, possession or use of controlled substances or alcohol on University property, or as part of any of its activities by any member of the University community—faculty, staff or student—is strictly prohibited. Additional information concerning this policy is available through the Campus Office of Substance Abuse Prevention, the Dean of Students Office, Human Resources and the Faculty Grants and Contracts Office. The University’s policy is distributed annually to all students, faculty and staff members and printed in its entirety in each edition of the [UNM Pathfinder](#).

ANTI-HARASSMENT

Per [University Policy 2720: Prohibited Discrimination and Equal Opportunity](#), it is the policy of the institution to prevent and eliminate unlawful harassment in employment and educational settings. The University prohibits harassment of employees and students on the basis of race/ethnicity, national origin, ancestry, serious medical condition, physical or mental disability, pregnancy, age, religion, sex, sexual orientation, gender identity, spousal affiliation, veteran status, genetic information, or other characteristics protected by applicable law. The University makes special efforts to eliminate both overt and subtle forms of sexual harassment, per [University Policy 2740: Sexual Misconduct](#)

NON-DISCRIMINATION

The University of New Mexico, as an equal opportunity/affirmative action employer and educator, complies with all applicable federal and state laws regarding nondiscrimination and affirmative action. The University of New Mexico is committed to a policy of equal opportunity for all persons and does not discriminate on the basis of race/ethnicity, national origin, ancestry, serious medical condition, physical or mental disability, pregnancy, age, religion, sex, sexual orientation, gender identity, spousal affiliation, veteran status, genetic information, or other characteristics protected by applicable law in employment, educational programs and activities, and admissions. Inquiries or complaints may be addressed to the [Office of Equal Opportunity](#) whose Director serves as the [504/ADA Coordinator](#) and which also houses the [Title IX Coordinator](#).

SEXUAL MISCONDUCT AND TITLE IX COMPLIANCE

Title IX of the Education Amendments of 1972 (Title IX) prohibits discrimination based on gender in educational programs which receive federal financial assistance. Areas of the institution where Title IX may have application include athletics, student recruitment and admissions, financial aid, scholarships, course offerings and access, employment, and housing and residential services. Title IX also protects students and employees, both male and female, from unlawful sexual harassment in school programs and activities. [University Policy 2740: Sexual Misconduct](#) outlines what constitutes sexual harassment and/or sexual misconduct at UNM. The [Office of Equal Opportunity](#) houses the [Title IX Coordinator](#), who oversees the University’s compliance with Title IX.

EQUAL EDUCATION POLICY

The University of New Mexico is committed to providing equal educational opportunity and forbids unlawful discrimination and/or harassment based on race, color, religion, national origin, physical or mental disability, age, sex, sexual preference, ancestry, or medical condition. Equal educational opportunities include admission, recruitment, academic endeavors, extracurricular programs and activities, housing, health and insurance services and athletics. In keeping with this policy of equal educational opportunity, the University is committed to creating and maintaining an atmosphere free from all forms of harassment.

ADA COMPLIANCE & REASONABLE ACCOMMODATION

The University of New Mexico is committed to the recognition and the proactive pursuit of compliance with the Americans with Disabilities Act of 1990 (ADA). The University makes reasonable accommodations to self-identified employees and students and prospective employees and students with disabilities/serious medical conditions unless such accommodations have the end result of fundamentally altering a program or service or placing an undue burden on the operation of the University as defined by policy. Qualified students, employees, or program users with disabilities should contact the [Office of Equal Opportunity](#) or [Accessibility Resource Center](#) for information regarding accommodations in the employment and/or academic setting. To comply with the ADA and the Rehabilitation Act of 1973, UNM provides the information in this publication in alternative formats. To request an alternate format, please contact Accessibility Resource Center at (505) 863.7527, galluparc2@unm.edu or visit Gurley Hall, Gallup, NM 87301.

REASONABLE ACCOMMODATION FOR RELIGIOUS PRACTICES

The University of New Mexico makes reasonable accommodations for religious practices of employees and students and for prospective employees and students unless such accommodations have the end result of fundamentally altering a program or service or placing an undue burden on the operation of the University as defined by policy.

PREGNANCY ACCOMMODATION

The University of New Mexico is committed to protecting the rights of expecting parents and makes accommodation for pregnancy, lactation, and conditions related to pregnancy for employees and students and prospective employees and students. The University makes accommodation unless such accommodations have the end result of fundamentally altering a

program or service or placing an undue burden on the operation of the University as defined by policy.

VETERANS AND COMPLIANCE

As a federal contractor, the University of New Mexico must adhere with the Vietnam Era Veterans' Readjustment Assistance Act (VEVRAA), as amended. VEVRAA prohibits discrimination against protected veterans and requires that federal contractors and subcontractors take affirmative action to employ and advance qualified protected veterans in employment.

REPORTING

If you believe you have been discriminated against and/or harassed on the basis of your race/ethnicity, national origin, ancestry, serious medical condition, physical or mental disability, pregnancy, age, religion, sex, sexual orientation, gender identity, spousal affiliation, veteran status, genetic information, or other characteristics protected by applicable law, you should contact the [Office of Equal Opportunity](#), whose Director serves as the [Coordinator for the Americans with Disabilities Act of 1990](#) (prohibiting discrimination on the basis of disability) and which houses the [Title IX Coordinator](#) for issues regarding Title IX of the Education Amendments Act of 1972 (prohibiting discrimination on the basis of sex in federally funded programs). The Director and Title IX Coordinator can be reached at (505) 277-5251, oeounm@unm.edu, or visit the Office of Equal Opportunity (OEO), 609 Buena Vista NE, Albuquerque NM 87131.

Educational Programs

UNM-Gallup offers a range of educational programs. These programs constitute the heart of the institution. Academic transfer programs for credit provide the first two years of high-quality university education. UNM-Gallup is authorized to offer any freshman or sophomore course that appears in the UNM Albuquerque campus catalog for which an appropriate instructor and facilities can be obtained. In addition, UNM-Gallup may design courses that respond to the needs of its students. Most of these courses carry full UNM residence credit as though they were taken in Albuquerque. Thus, students enrolled in academic transfer courses may complete most of and, in many cases, all of the first two years of a baccalaureate degree at UNM-Gallup before continuing their studies at UNM or other four-year institutions.

Associate of Arts and Associate of Science degrees are offered in the following fields: Business Administration, Criminal Justice, Early Childhood Multicultural Education, Emergency Medical Services, Environmental Planning and Design, Health Information Technology, Human Services, Liberal Arts, Medical Laboratory Technology, Nursing, Science, and Teacher Education. These programs are considered transfer programs because most, or all, of the courses required transfer to other four-year colleges and universities.

Occupational and technical programs are offered for academic credit. **Associate of Applied Science** Degrees are available in Automotive Technology, Construction Technology, General Studies, and Welding Technology. The Associate Degree in General Studies provides students the opportunity to develop programs of study not available through other UNM-Gallup programs. The courses selected may reflect either specialized or broad patterns of educational experience.

Academic Certificates are offered in Automotive Technology, Bookkeeping, Collision Repair Technology, Construction Technology, Cosmetology and Barbering, Dental Assisting, Early Childhood Multicultural Education, Emergency Medical Services, Health Information Technology-Coding, Human Services, Information Technology, Nursing Assistant, and Organizational Management and Public Administration.

The **Adult Basic Education** center provides adults basic education (ABE) services to adults who wish to obtain their New Mexico High School Equivalency Credential (HSE), brush up on basic literacy skills, improve workplace skills, or learn English as a second Language (ESL). UNM-Gallup's ABE program is housed on our satellite campus located on Gallup's north side.

Faculty

The faculty of UNM-Gallup are dedicated educators and researchers. Many of the faculty enjoy international reputations in their fields, and all are extremely well qualified. Most UNM-Gallup faculty are subject to UNM approval through the various departments at the UNM- Albuquerque campus. Over half of the UNM-Gallup faculty consists of a core of continuing faculty. Core faculty members, in addition to teaching, hold regular office hours, provide academic support, and participate in a variety of committee work and special projects.

There are four academic divisions:

Business and Applied Technologies, Community Education and Workforce Development

Education, Health and Human Services

Fine Arts, Humanities, and Social Sciences

Mathematics, Physical and Natural Sciences

Division Chairs for are responsible for the coordination of faculty and instructional issues within each curriculum area. Division Chairs advise the administration on curriculum and academic personnel matters and, with the Dean of Instruction, monitor the quality of teaching through classroom visits. Other means of class evaluation may include a mid-semester evaluation survey, a classroom assessment technique of the teacher's choosing, and a UNM digital student evaluation survey at the end of the semester.

Facilities

The UNM-Gallup campus spreads over 80 acres of land and supports over 191,000 square feet of buildings. The campus includes ten buildings that house classrooms, administrative offices, student services, a library, facilities services, laboratories, lecture halls, and community meeting and student activity space, including a physical education complex and outdoor fitness trail. The facilities at UNM-Gallup support computer, general science, health careers, and career and technology program laboratories, art studios adjacent to a public gallery, together with general classrooms.

[Zollinger Library](#) provides a variety of services and resources that support the University's instructional programs and users' needs for personal enrichment and recreation. Knowledgeable staff are available to organize library materials, to help users locate information, and to assist them in using print and online resources and computer equipment. The library contains a computer lab, a conference room and group study rooms. In addition, the facility houses books, videos and periodical titles.

UNM-Gallup's [Ingham Chapman Gallery](#) serves as the primary venue for nationally recognized contemporary artists, from all disciplines, in the city of Gallup. It is the mission of the Gallery to bring high quality exhibitions from a diverse array of perspectives and media, to the students, staff and faculty at UNM-Gallup as well as the greater Gallup Community. The Ingham Chapman Gallery is located in the Gurley Hall Commons.

[UNM-Gallup Bookstore](#) is the major provider for all our students' class needs, including textbooks, school supplies, and lab and art supplies. The bookstore also sells college apparel, snacks, backpacks, gift items and trade books. Students may also purchase caps and gowns for commencement, along with other commencement merchandise. The Bookstore is located in the Gurley Hall Commons.

[The UNM-Gallup Physical Education Complex](#) is located on the southeast side of the campus, the building on the east side of Calvin Hall. The P.E. complex provides a basketball court, weight room; showers and lockers for registered students, UNM staff and faculty. Open recreation hours are published each term to accommodate scheduled Physical Education credit-bearing courses.

For a walk or run through the beautiful Gallup landscape, there are two fitness trails that loop behind the gymnasium. With several gentle hills, the larger trail is approximately 1 mile in length while the smaller trail is about $\frac{3}{4}$ mile in length. Several fitness stations are located on the trail to enhance and complete your full work out. For the safety and comfort of all trail users, bikes, strollers and dogs are not permitted on the trails. Trail users are advised to follow posted signage and rules for trail usage.

Information Technologies

Information Technologies (IT) provides and supports many campus-wide IT services including: wireless networks; administrative, faculty, student, human resources and financial applications; a technical service center; online teaching and learning tools; and computers and printers in labs and classrooms. Most computing services are available free of charge to students; any for-fee services are identified at the time the service is requested.

UNM NetID. Every student is required to create a NetID account through the UNM portal at www.my.unm.edu. A UNM NetID is required in order to register for classes, access grades, conduct University business, or use UNM computer labs and classrooms. The NetID is also the UNM e-mail address. Email is accessed with [LoboMail](#). This account remains active as long as you are registered for a credit class or employed at UNM.

LoboMail. [LoboMail](#) is a feature-rich email and calendaring system accessible through a web browser. LoboMail accounts have many features, including mobile access from most smartphones, unlimited storage using Microsoft OneDrive, video conferencing and chat using Skype, shared calendar and contacts, collaboration tools, and 50 GB of email storage.

Wireless, Voice and Data Network Services. The Lobo Wi-Fi wireless network provides secure Internet access for all students with a valid NetID and password. Wired connections are available in computer labs and throughout campus.

UNM Directory. The UNM Directory is up-to-date and available online at the [UNM Directory](#). It contains department, location, status, and contact information for students, faculty, and staff. Students may request that the personal listing be omitted from the directory by contacting Student Affairs.

LoboAlerts. Faculty, staff, and students can update their contact information for emergency notification in the event of weather or safety conditions that warrant texting and emailing by logging in at the [LoboAlerts Web site](#).

IT Customer Support Services. Technical help for using UNM systems can be accessed by calling 277-5757 or by using the [FastInfo](#) and [StudentInfo](#) knowledge databases. Answers to questions are available online from both databases, by email, through the chat utility, or by telephone. Information can also be found at the [IT Web site](#).

Software Downloads. IT offers free Microsoft Office and antivirus software to all UNM users with a valid NetID. Visit the [Web site](#) to download Symantec Endpoint Protection (SEP) onto your work and home computers. MATLAB, printer drivers and other software are also available at this site.

Information Security and Privacy. Faculty, staff, and students can find resources on protection from identity theft, on intellectual property (copyright) and on best practices for securing their computers by contacting the IT Service Center at 277-5757 or by visiting the [Information Security and Privacy Office Web site](#)

IT Alerts and Network Upgrades. The IT Alerts page notifies the UNM community of any network upgrades and outages, and is available 24 hours at the [IT Web site](#). The UNM community is encouraged to check this page frequently.

Admissions, Registration & Records

Admissions Information

Admissions Information

The University of New Mexico-Gallup admits all eligible applicants from New Mexico, other states and foreign countries. Because of the great diversity of the University's students, special application and admission procedures have been created to meet the needs of the different populations. UNM-Gallup serves high school students, recent high school graduates, transfer students, non-degree students, returning and nontraditional students. Admission procedures and requirements vary in each of

the categories listed below.

Beginning Freshman (no previous college work)

Non-Degree (presently not seeking a degree)

Transfer (last attended another institution)

International Students

Readmitted (stopped attending for three or more terms)

Dual Credit (high school)

Concurrent Enrollment (high school)

For all categories, the University requires full academic disclosure on the application forms. Any student found guilty of non-disclosure or misrepresentation on an application is subject to disciplinary action, including possible dismissal from the University. Transcripts and test scores submitted to UNM-Gallup for admission become the property of the University and will not be sent elsewhere or returned to the student.

When To Apply

We strongly encourage students to apply as early as possible. Applications and fees are applicable for three consecutive sessions only. If you do not take advantage of admission and enroll within that period, a new application is required. Please check with [UNM-Gallup Admissions](#) for applicable deadlines by term.

Use of Social Security Numbers

Your social security number is collected in the initial admission process only. It will not be the primary University identification number. It will not appear on your student identification card. UNM is required to collect your SSN in order to provide full access to services such as financial aid, to ensure an accurate academic record, and for record-keeping purposes. The University will protect the confidentiality of your SSN as required by law.

Eligibility for Admission

Enrollment Services directs all functions of the Admissions and Registration Office. The Office of Admissions is located in the Student Services & Technology Building. All correspondence regarding admissions should be directed to: UNM Gallup, Office of Admissions, 705 Gurley Avenue, Gallup, NM 87301.

The University of New Mexico Gallup has an Open Admission Policy. Admission is available to any student, not currently under suspension from any post-secondary institution, who meets at least one of the following criteria:

1. Is a high school graduate, or
2. Has passed the GED
3. Is 18 years or older and not currently enrolled in high school. Students under 18 should contact the Admissions Office for special admissions programs and
4. Is a S. citizen or eligible non-citizen.

Admission to UNM Gallup does not necessarily mean acceptance into specific degree programs. For information on admission to specific degree programs, contact the department for more information.

Previous Suspension

A student under academic suspension from another college or university may not enter UNM-Gallup during the term of suspension. In cases of unspecified suspension periods, the University's suspension term will apply. Upon termination of the suspension, the student is eligible to request special consideration for admission to UNM-Gallup. In general, students under disciplinary suspension are not admitted to UNM-Gallup. However, because the reasons for disciplinary suspension vary among institutions, a student may be suspended from one school for infractions that would not be actionable at another. Therefore, UNM-Gallup reviews such cases individually and, when justified, makes exceptions and allows the student to be considered for

admission.

Application Process

To apply to UNM Gallup, submit a completed admission form; applications may be submitted online at <https://gallup.unm.edu> or in person. If you are applying for admission to a degree program (Associate of Arts, Associate of Science or Associate of Applied Science), you must also submit:

1. \$15.00 cash, check or money order (this is non-refundable).
2. An official copy of your High School or GED transcript. The transcript must be sent to UNM-Gallup directly from the institution of origin and bear the signature of the registrar or test center.
3. Official College transcript(s) from all accredited post-secondary institutions attended in any

Applications are required for students who:

1. Have not previously attended UNM-Gallup;
2. Have not attended UNM-Gallup for an academic year or more and are seeking readmission;
3. Are changing from non-degree status to degree status;
4. Are changing from a certificate to an Associate degree program;
5. Are changing from a Bachelor's degree program to an Associate degree

Certificate Programs

Complete UNM Gallup application; please note that each program may establish entrance requirements beyond the minimum admissions eligibility criteria listed above. Individuals applying for Financial Aid must submit an Official High School Transcript.

Requirements for Non-Accredited High School or Home School Students

The University provides admission for those students who have been home-schooled or attended a non-accredited high school. Home School students must submit the following materials:

1. Application for
2. A \$15 nonrefundable
3. Passing High School Equivalency test or home school transcript reflecting a graduation date.

Non-Degree Status:

You must be 21 years of age or older or, if you are under 21:

1. Your high school graduating class must have been out of school for at least one full year; or -
2. If you earned your diploma by the GED or HiSET exam, your graduating class must have been out of high school at least one

NOTES:

Students in non-degree status are not eligible to receive financial aid. The following students are not eligible for Non-Degree status:

1. A student who is under disciplinary or academic suspension from UNM-Gallup or any other collegiate institution.
2. A student who has exhausted his or her eligibility in University College and is not academically eligible to enter a degree-granting college at the University of New Mexico.
3. A student planning to receive student financial

Applicants for Non-Degree status are required to certify that they are not under suspension from any college or university. Students found guilty of nondisclosure or misrepresentation in filling out the admission application form or who after admission or enrollment at UNM-Gallup are found to be ineligible for academic or other reasons to return to the last institution attended and fail to report this immediately to the Admissions Office, will be subject to disciplinary action, including possible dismissal from the University.

International Students

The Global Education Office (GEO) at UNM-Albuquerque provides services to international students and scholars coming to UNM and wishing to be enrolled into a degree granting program.

The Office of International Admissions within the GEO handles admission of all degree-seeking international students to the University of New Mexico. To know more about the admission process and requirements for new international students, please contact the Office of International Admissions directly at <http://geo.unm.edu>

Readmitted Students

A UNM-Gallup degree-seeking student who stops attending for three or more sessions, including a summer, must file an application for readmission online or in person; a non-refundable application fee of

\$15.00 is required for readmission to an Associate degree program.

If you attended another institution while away from UNM-Gallup or have taken college-level correspondence or extension courses, send an official transcript from each college you have attended directly to the Admissions Office. A summary on one transcript of work at several colleges is not sufficient. If you are applying for the next academic semester at UNM- Gallup while still enrolled at another institution, the official transcript must include a listing of courses in progress, as well as all completed work.

Students who have been suspended or dismissed as the result of disciplinary problems shall not be readmitted to the University without a required interview with the Manager of Enrollment Services. The University reserves the right to refuse any student readmission on the basis of his or her student history, either academic or disciplinary.

Dual-Credit

Dual credit is a program that provides public high school students the opportunity to receive credit for both a high school course and a college course by taking qualifying coursework. Dual credit is approved through state statute, revised in 2007 by the State Legislature – Senate Bill 943, Statutory Authority, Section 9-25-8 NMSA (01/01/08). The Dual Credit Program allows qualified public, charter, homeschool and tribal school students to enroll in college-level courses offered by a public postsecondary educational institution that may be academic or career technical but not remedial or developmental, and simultaneously earn credit toward high school graduation and a postsecondary degree or certificate. The program is designed to increase education opportunities, provide a college-level experience and encourage more high school students to pursue higher education.

Meeting the criteria listed below does not mean that the student will be automatically admitted to the Dual Credit Program. In all cases, the final admission determination will be made by the UNM-Gallup Registrar's Office.

1. The student must have the certification and unconditional recommendation of the high school as well as proof of parental consent prior to participation on the Dual Credit/Concurrent Enrollment Application Form.
2. The student must furnish the Admissions Office with a current, official, high school transcript including their grade point average and STARS number.
3. The student must possess a 2.0 cumulative HS GPA or higher.
4. A student planning to enroll in English or Math must meet the minimum placement scores determined by UNM-Gallup in either the ACT, SAT or utilized placement tests.
5. A student planning to enroll in any course that has a prerequisite requirement must meet the minimum prerequisite or test.

Concurrent Enrollment

UNM-Gallup offers a Concurrent Enrollment Program for high school and home school students who only want college credit. Concurrent enrollment functions similarly to dual credit, but does not require that the college course be aligned with a corresponding high school course. Consequently, the student is not guaranteed that the high school will accept the college credit toward high school graduation requirement. The student must have proof of parental consent prior to participation on the Dual Credit/Concurrent Enrollment Application Form. The high school must furnish the Admissions Office with a current official high school transcript.

Transfer Students

1. Complete and return an application for admission and a \$15.00 nonrefundable application fee to the Admissions Office or apply online at <https://gallup.unm.edu/admissions/>
2. Request that each college you have attended send an official transcript directly to the Admissions Office. A summary on one transcript of work at several colleges is not sufficient. If you are applying for the next academic session at UNM- Gallup while still enrolled at another institution, the official transcript must include a listing of courses in progress, as well as all completed work. (See note)
3. If you are transferring to UNM-Gallup with fewer than 26 semester hours of accepted college work, you are considered a freshmen transfer and must submit a complete official transcript of high school work or official GED scores.

Applications will not be processed until all the required items are on file with the Admissions Office.

To allow students at other institutions to make definite plans for transfer, a determination of admission status may be made before courses in progress are completed, subject only to receipt of the final transcript. Students permitted to register prior to receipt of their final transcripts may be disenrolled if their transcripts do not reach the Admissions Office within three weeks after the beginning of classes.

NOTE: The student must indicate on the application all previous college attendance. Applicants may not ignore any college attendance, even though they did not successfully complete coursework or may prefer to repeat all courses. Students found guilty of nondisclosure or misrepresentation in filling out admission application forms, or who find after admission or enrollment that for academic or other reasons they are ineligible to return to their last institution but fail to report this immediately to the Admissions Office, are subject to disciplinary action, including possible dismissal from the University.

Transfer of Credits

UNM-Gallup evaluates without prejudice courses from postsecondary institutions that are regionally accredited or are candidates for regional accreditation. Transfer students will receive full credit for course work completed with a minimum grade of "C," provided the classes are similar or equivalent to courses offered at the University. Transferable courses with grades of "D" from New Mexico state institutions are accepted in transfer but may not be counted toward degree completion.

UNM-Gallup operates on a semester credit calendar. Therefore, classes from quarter system institutions will be recalculated to semester hours (one quarter hour equals .66 semester hours.)

UNM-Gallup does not accept personal development or dogmatic religion courses. Credit is not awarded for work or life experience, cooperative education or for courses from out-of-state in which the grade received was lower than "C." Grades earned in courses taken at other institutions are not included in calculation of the UNM grade point average. This grade point average will reflect only classes taken at UNM.

Transfer among New Mexico Higher Education Institutions

To facilitate transfer of students and course credits among New Mexico's colleges and universities, the state's public institutions of higher education are required to accept transfer courses taken within approved modules of lower division course work and apply them toward degree requirements. Several transfer guides have been developed through collaboration of New Mexico's public postsecondary institutions, consistent with requirements of state law (21-1B, NMSA 1978). Students enrolling for first-year or second-year study at a New Mexico institution and wishing to prepare for possible transfer into a degree program at another institution are advised to take these courses during their freshman and sophomore years.

In addition, as a branch of UNM, UNM-Gallup offerings of 1000- and 2000-level courses from the UNM catalog are automatically transferable to UNM-Albuquerque, if you score a C or better. You will need to see an advisor to see which credits transfer to a program of a particular college. Planning ahead means that you choose the correct option for the college (such as Engineering) you intend to transfer to later.

Student Responsibility

New Mexico's colleges and universities have collaborated to produce guides to assist students who plan to transfer before completing a program of study. Course modules are designed to help students select courses carefully so that they may transfer with little or no loss of credit. However, planning for effective transfer with maximum efficiency is ultimately the student's responsibility. Responsible transfer planning includes early and regular consultation with the intended degree-granting institution to assure that all pre-transfer course work will meet the requirements of the desired degree.

Transferring Courses to Fulfill the New Mexico General Education Curriculum

During the 2005 New Mexico Legislative session, Senate Bill 161, consistent with requirements of state law (Chapter 224 of the Laws of New Mexico, 1995, as amended) was signed into law to further enhance and facilitate the articulation of general education courses among New Mexico's colleges and universities. In accordance with policies established by the New Mexico Higher Education Department, designated general education core courses successfully completed at any regionally accredited public institution of higher education in New Mexico are guaranteed to transfer to any New Mexico public institution. Students who have decided on a major and/or an institution at which to complete their studies should consult with an academic advisor at that particular institution to determine the most appropriate course selections. Students enrolling for the first-year study at a New Mexico college or university and considering possible transfer into a certificate and/or degree program at another institution are encouraged to take the courses approved for transfer during their freshman and sophomore years of study.

The list of approved courses guaranteed to transfer and meet general education requirements at any New Mexico college or university can be found on the [New Mexico Higher Education Department Website](#).

The course prefix and number that appear in parenthesis next to many of the institutions' internal course prefixes and numbers is the **New Mexico Common Course Number**. This is a four-alpha/four-numeric set of uniform course designations that serve as a single reference point for courses taught throughout the state that share substantially equivalent content. Courses bearing this designation are part of a statewide equivalency table that cross-references the institutional course and number with the universal "**common course number**" creating an easy one-to-one match.

Students may find the **New Mexico Common Course Number** listed in crosswalks, degree outlines, transfer guides, and in course descriptions in college catalogs and Web sites. Simply put, the common course number connects equivalent courses at multiple institutions ensuring students that the course will transfer to the receiving institution, and meet degree requirements as if it were taken on that campus.

Inter-Institutional Transfer Guides and Catalogs

Students who have selected a field of study and/or the institution where they wish to graduate are advised to consult the transfer guide or catalog for that institution for more current and detailed advice to guide their course selection. An online tool to determine institutional transfer equivalencies, along with a number of published transfer guides are available at <http://admissions.unm.edu/>.

Complaint Procedure for Transfer Students

All New Mexico public post-secondary institutions are required to establish policies and practices for receiving and resolving complaints from students or from other complainants regarding the transfer of coursework from other public institutions in the state. A copy of the University of New Mexico's complaint policy may be obtained from the Registrar's Office or from the New Mexico Higher Education Department, 2048 Galisteo, Santa Fe, NM 87505-2100, (505) 476-8400.

Evaluation of Credit

Transfer courses are evaluated in the Admissions Office to determine acceptable transfer credit on a course-by-course basis for college-level credit earned at institutions who are fully accredited by any of the six U.S. regional associations. Lower-level course equivalencies are determined by the Admissions Office based on course content, as described in the catalogs of those institutions and in consultation with appropriate academic units at UNM. The student must contact an academic advisor in the college of their desired major in order to determine how the transferred courses will be applied to a degree program.

Alternative Credit Programs

UNM-Gallup grants college credit for certain outside training, courses, and examinations. In all cases, students must be enrolled in undergraduate degree status. The guidelines for each of these programs are as follows:

Technical Credit: Under special circumstances, students may receive credit for technical courses that are not normally transferable to UNM-Gallup. Students who have earned technical credit which they believe may be applicable to their specific degree programs can request a review of that credit by the department chairperson or program director. An interview or demonstration of competence or both may be required before a decision regarding credit is made. Acceptance of technical credit is binding only to the specific department or program recommending the credit.

Training Credit: Credit for non-collegiate training programs is granted based on recommendations of the American Council of Education's "National Guide to Educational Credit for Training Programs" and institutional policies. Official records must be supplied to the Student Services Office by the appropriate source.

Military Credit: Credit for military service is granted based on recommendations of the American Council of Education's "Guide to the Evaluation of Educational Experiences in the Armed Service" and institutional policies. No credit is granted for Military Occupational Specialty (MOS).

Non-Resident Students

The student is responsible for obtaining the correct residency classification prior to the end of the second week of the semester. A student not classified as a New Mexico resident for tuition purposes is charged tuition as a non-resident. Refer to the Residency section below.

Residency

Summary of Regulations for New Mexico Residency for Tuition Purposes

A student who enters and remains in this State principally to obtain an education is presumed to continue to reside outside this state, and such presumption continues in effect until rebutted by clear and convincing evidence of bona fide residence. A student determined to be financially dependent on an out-of-state parent or guardian also assumes the residency of that parent or guardian. The burden of proof is on the student. The student must secure and file the residency petition with the appropriate documents of evidence in the manner described herein. All documents submitted for this purpose are kept confidential. Residency petitions are accepted until the second Friday of each Fall and Spring semester in the Admissions office.

To become a legal resident for tuition purposes of the State of New Mexico, the student must meet four basic requirements. Each person must individually meet the requirements.

The 12-Month Consecutive Presence Requirement

A student must physically reside in the state for 12 consecutive months immediately preceding the term for which the student submits a petition.

The Financial Independence Requirement

A student who is financially dependent on parents or legal guardians who are not residents of New Mexico cannot be approved for residency. At the time the student petitions for residency (if under 23 years of age), a copy of the parents' or guardians' 1040 or 1040A U.S. income tax form for the previous year must be submitted with the petition. If shown to be a dependent on that tax form, the student is not eligible to establish residency apart from the parents or guardians.

The Written Declaration of Intent Requirement

The student must sign a written declaration of intent to relinquish residency in another state and to establish it in New Mexico (included in residency petition).

The Overt Acts Requirement

Overt acts are required to evidence support of the written declaration of intent to establish permanent residency in New Mexico. Documentation of two of the following is required:

1. If the applicant is financially dependent, a copy of the parents' or guardians' previous year income tax form showing the applicant as a dependent and the parents' address as New Mexico;
2. A New Mexico high school transcript issued in the past year confirming attendance at a New Mexico public or private high school within the past 12 months;
3. A transcript from an online high school showing a New Mexico address confirming attendance within the past 12 months;
4. A New Mexico driver's license or ID card with an original date of issue or a renewal date issued prior to the first day of the term or semester;
5. Proof of payment of New Mexico state income tax for the previous year.
6. Evidence of employment within the state of New Mexico;
7. New Mexico vehicle registration;
8. Voter registration in New Mexico;
9. Proof of residential property ownership in New Mexico;
10. A rental agreement within New Mexico;
11. Utility bills showing the applicant's name and a New Mexico address;
12. Other evidence which would reasonably support the individual's intent to establish and maintain New Mexico residency.

Any act considered inconsistent with being a New Mexico resident will cause the request for resident classification to be denied. As such, other relevant factors may be considered in addition to the items listed above. **NOTES:**

1. A person who has moved to New Mexico and has obtained permanent full-time employment (sufficient documentation is required) and his/her spouse and dependent children shall not be required to complete the 12-month durational requirement. However, all other requirements must be
2. Active duty military members stationed in New Mexico, their spouses and dependents are eligible for waivers of non-resident Members of the National Guard, their spouses and dependents are also eligible for waivers of non-resident tuition. A form must be submitted to the Office of the Registrar by the second Friday of the term to obtain these waivers.
3. According to the University of New Mexico's tuition policy: Non- resident, degree-seeking graduate students enrolled for six or fewer credit hours in their first two semesters are charged resident tuition rates.

Students enrolling for the Summer session are charged resident tuition rates regardless of residency classification.

The residency petition and a brochure that explains requirements for establishing New Mexico residency for tuition purposes

and special tuition status waivers are available from the Admissions office. For more information, visit the [Office of the Registrar website](#).

Records and FERPA

Records

The Records and Registration Office is responsible for the maintenance of the educational records at the University of New Mexico. This includes, but is not limited to, student transcripts, academic folders and faculty grade reports. The following information refers to some of the policies and procedures for educational records. Note: Proper photo identification (driver's license, LoboCard, passport or other state or federally issued identification) is required for all in-person transactions.

Access to and Confidentiality of Student Records

Family Educational Rights and Privacy Act (FERPA) November 19, 1974

Student Records Policy

Approved by the University President 4/93. Amended 3/20/96.

Introduction

Under the Family Educational Rights and Privacy Act of 1974 (FERPA), students have the right to inspect and review most education records maintained about them by the University of New Mexico, and, in many cases, decide if a third person can obtain information from them. Nine categories of information, however, are public (or directory information) unless a student asks that some or all of that information be withheld. It is the policy of the University to comply fully and fairly with the provisions of the Act, Federal Regulations and this policy.

Limitations on Access to Student Records

No one inside or outside the University shall have access to, nor will the contents of students' education records be disclosed without the written consent of the students except as provided by the Act and Regulations. Exceptions in the Act and Regulations include but are not limited to the following: personnel within the institution determined by the institution to have a legitimate educational interest, officials of other institutions in which students seek to enroll or are enrolled, persons or organizations providing student financial aid, accrediting agencies carrying out their accreditation function, persons in compliance with judicial orders and persons in an emergency when necessary to protect the health or safety of students or other persons.

Students' Right of Access to Review Their Records

A student has the right to inspect and review all education records about him or her except:

- Personal notes (available only to writer or substitute) of University staff and faculty.
- Certain student employment records.
- Counseling records used solely for treatment.
- Certain records of the University Police.
- Parents' financial records.
- Confidential letters and statements of recommendation placed in the records before January 1, 1975.
- Confidential letters and statements of recommendation for admission, employment, or honorary recognition placed in the records after January 1, 1975, which students have waived the right to inspect and review.

Informing Students of Their Rights

This policy will be published in the [UNM Pathfinder](#) or its successor.

Location of Student Records

Student records are not maintained in a central location. Instead, these records are maintained by each office with which a student has contact while enrolled at the University. A partial list of places where educational records are maintained by various University offices is listed below.

- Admissions Office, Director of Admissions, Student Support and Services Center
- Career Counseling and Placement, Director, Career Counseling and Placement, University Advisement and Enrichment Center
- Cashiers and Student Accounting, Bursar, John and June Perovich Business Center
- Center College and Department Offices, Academic Dean, or see individual college listing in the course schedule

- Dean of Students Office, Dean of Students, University Advisement and Enrichment Center
- Records and Registration Office, Registrar, Student Support and Services Center
- Student Financial Aid, Director, Student Financial Aid, Student Support and Services Center

Records Excluded from the Definition "Education" or "Student"

The following categories of records are not included in the term "education records" or "student records" under the Act:

- Records of instructional, supervisory, administrative and certain educational personnel which are in the sole possession of the maker and are not revealed to any other individual (except a substitute who performs on a temporary basis the duties of the person who made the record).
- Records of the University These records are maintained and created by the University Police Department for the purpose of law enforcement. Their disclosure is subject to rules and regulations of the University Police, consistent with applicable law.
- Records relating to individuals who are employed by the University which are made and maintained in the normal course of business, relate exclusively to individuals in their capacity as employees and are not available for use for any other However, it should be noted that records of individuals in attendance at the University who are employed as a result of their status as students are education records and as such may be inspected by the student.
- Records which contain only information about a person after that person is no longer a student at the institution, e.g., information gathered on the accomplishments of alumni.

Review Policies and Procedures

Requests to inspect and review records must be made, in writing, to the office that keeps the records. Although it is the University's policy that requests to inspect records be honored as promptly as possible, the offices have up to 45 days to honor such requests. It is the policy of the University to provide the student upon request with photocopies of her or his records where that will help the student in inspection and review of the records unless: (1) the record to be copied is an examination, in which case permission of the faculty member is necessary, or (2) where a student's record is being withheld because of an outstanding financial obligation to the University. Fees for photocopies of materials in the records are the same as University offices charge for photocopies of other materials. At its option, an office may furnish copies at no charge, or take the materials to a copy/duplicating center on campus, where the current rate for cash work will be charged.

Release Policies and Procedures, University Employees and Agents

The University will not disclose personally identifiable information from a student's education record without the student's written consent, except when it is permitted by the Act and Regulations. As permitted by the Act and Regulations, information will be disclosed without the student's consent to University officials with a legitimate educational interest. These officials or their agents, and their interests, include:

- Any University employee who needs the information to fulfill job responsibilities.
- University collection agents only for the purposes of collecting debts owed to the University.
- Legal counsel advising or representing the University.
- National Collegiate Athletic Association and the Mountain West Athletic Conference only for the purposes of conforming to eligibility rules for athletic competition.
- Contractors, such as data processing, only for the purposes of performing work under contract for the University.
- Honorary societies, and other chartered student organizations, only for determining membership eligibility/requirements, when the societies and/or organizations do not unlawfully discriminate on the basis of race/ethnicity, national origin, ancestry, serious medical condition, physical or mental disability, pregnancy, age, religion, sex, sexual orientation, gender identity, spousal affiliation, veteran status, genetic information, or other characteristics protected by applicable law.
- University researchers, including students doing research under the supervision of a faculty member, if there are safeguards to protect the security of personally identifiable data and if it will not be possible to ascertain the identity of any student in any dissemination of the data or research results.
- Officials of cooperating universities in which the student is enrolled or has applied.

Release to Alleged Victims of Crimes of Violence

The results of any disciplinary proceeding conducted by the University in response to allegations of a crime of violence allegedly committed by a student shall be disclosed upon request to the alleged victim(s) of such crime of violence.

Directory or Public Information Categories

The University, in accordance with the Act, has designated categories of information about students as "directory information" which is public unless a student asks to have all of it withheld. These categories are:

- Name
- Major field of study
- Enrollment status (full-time, 3/4-time, half-time, less-than-half-time)
- Dates of attendance (matriculation and withdrawal dates)

- Degrees and awards received (type of degree and date granted)
- Participation in officially recognized activities and sports, and weight and height of members of athletic teams.

A student wishing to keep confidential the “directory information” listed above must file a written request with the Office of the Registrar. This request may be submitted in person, by mail or fax. Once a confidential privacy flag has been placed on a student’s record the directory/public information will not be released to individuals, companies or third party entities outside the University of New Mexico. The confidential privacy flag will not automatically be removed upon graduation from the University of New Mexico. If you have requested a confidential privacy flag, your name will not appear in the University of New Mexico Commencement Program.

The removal of the confidential privacy flag may be requested in person and in writing by fax or mail. The address is :

Records & Registration,
MSC11 6325
1 University of New Mexico
Albuquerque, NM 87131-0001

The fax number is (505) 277-6809

The following information is needed to process the request by fax or mail: student name, social security number and signature.

The Solomon Amendment

Solomon Amendment is a federal law that allows military recruiters to access some address, biographical and academic program information on students age 17 and older who have not filed any FERPA restrictions. Institutions are required to release data in the list of “student recruiting information,” which may not match the categories UNM has identified as “Directory Information” categories under FERPA. Information will not be released under the Solomon Amendment on students who submitted a request through the Registrar’s Office to opt out of Directory Information. Student recruitment information may include: Name, Address, Telephone, Age and date of birth, Place of birth, Level of education, Major, Degrees awarded, and the school at which the student was most recently enrolled.

Requests for Disclosure

University offices will maintain a record of disclosures and requests for disclosure of personally identifiable information from a student’s record except when the request for disclosure is directory information, pursuant to the student’s consent, or is to a school official described in this policy. It is the policy of the University to permit the student to inspect this record of disclosures and requests for disclosure pertaining to his or her records. All disclosures (except for disclosures to the student or disclosures of directory information) shall be made on the condition that the information shall not be further disclosed without the student’s consent.

Right to Challenge Information in Student Records

It is the policy of the University that a student may challenge any information in his or her education records which he or she believes to be inaccurate, misleading or in violation of privacy. This right does not extend to reviewing grades unless the grade assigned by a professor was inaccurately recorded in the records. A student may also insert a statement in the records explaining any such material from his or her point of view. If a student wishes to challenge information in the file, he or she must make a written request for a hearing to the dean, director, or chairperson of the office which maintains the record. In most cases, the decision of the dean, director or chairperson will be final. However, a student may appeal in writing to the Associate Provost or the Vice President for Health Sciences or their designee, as the case may be, who will review the decision only if a significant question of policy or compliance with the law appears to be raised by the case.

Waiver of Rights Not Required

It is the policy of the University that students not be required to waive their rights under the Act before receiving University services or benefits.

Assistance with Problems or Questions about Compliance

If a student has questions about the provisions of the Act, he or she may contact the Office of the Registrar. If a student

believes that the University has not complied with the Act, he or she should direct comments concerning this to the Office of the Registrar. If a student believes that the University has not complied with the Act, written complaints may be filed with the

Family Educational Rights and Privacy Act Office (FERPA)
U.S. Department of Education
400 Maryland Avenue, SW
Washington, D.C. 20202-4605
Telephone (202) 732-1807

The Registrar shall either resolve the issue, or shall refer it to the appropriate University body for resolution. Copies of and information about the Rights and Privacy Act are available in the Records and Registration Office, Student Support and Services Center.

Registration Information

Demographic Information Updates

Change of Address/Phone

Current students may process a change of address or phone number for their academic records by using LoboWeb, Personal Information- Update My Information.

Change of Legal Name

To process a name change for academic records students must bring appropriate documentation to the Records and Registration Office. The appropriate documentation includes proper photo identification (valid driver's license, military ID, passport or other state- or federally-issued picture identification) and the Social Security card showing the new name. The name on the photo identification must match the name on the Social Security card. **No other type of documentation is accepted.**

Lobo Card

A non-transferable photo identification card is issued to each University of New Mexico student. The ID card, also known as the LoboCard, allows students to check out materials from UNM libraries; and to access recreational services and other student activities.

The following policies are in effect for the LoboCard:

1. The LoboCard is the property of the University of New Mexico.
2. The card is issued once and is valid upon admission to the It is activated upon a student's enrollment for a particular term. The LoboCard remains valid for the duration of a student's college career, and it activates and deactivates according to enrollment status. ID cards may be obtained at the LoboCard office. Proper photo identification (driver's license, passport, other state/federally issued identification, etc.) is required.
3. LoboCards are issued with the student's name as recorded in the University Student Information System, unless the student registers an affirmed/preferred first name.
4. Updates to name or other student identifying information require that the change be reported to the Records and Registration Office prior to LoboCard re-issuance.
5. Lost or stolen LoboCards must be reported as soon as possible to the LoboCard
 - o A non-refundable, non-waivable fee is collected for replacement or reprinted.
 - o Payment of a replacement fee constitutes authority for the deactivation and deletion of the missing identification card from the University of New Mexico's card database. Once that occurs, the old LoboCard can never be reactivated.
 - o Students should contact the card office to inquire if a lost card has been returned.
6. Fraudulent use of a LoboCard is cause for card privileges to be revoked. Unauthorized alteration, production, use, possession or reproduction of a LoboCard is prohibited, may constitute theft, and can result in prosecution (30-14-2 NMSA 1978). In addition, such action could result in referral to the Dean of Students Office for disciplinary proceedings and/or to appropriate authorities for legal action.

The LoboCard Office is located in the Admissions office in the Student Services and Technology Center.

Schedule of Classes

The *Schedule of Classes* is an official online publication of the Office of the Registrar. The publication includes course offerings, dates, times, and class locations. The schedule can be accessed at <http://schedule.unm.edu/>

Registration Procedures

Details are outlined on the StudentInfo website located at <https://unm-student.custhelp.com/>

Payment of Tuition and Fees

Payment of tuition and fees is required to complete registration. For specific information regarding tuition, fees, payment and payment deadline dates refer to <http://bursar.unm.edu/>

Methods of Instruction, Class Hours, and Credit Hours Information

Methods of Instruction

The University of New Mexico and its branches offer courses with the following methods of instruction: Community-Based Research, Hybrid, Open Learning, Online, Laboratory, and Service Learning.

Class Hours and Credit Hours

For all methods of instruction, UNM's assignment and award of credit hours conforms to commonly accepted practices in higher education in accordance with federal regulations 34 CFR 602.24(f).

The minimum requirements for assigning one (1) semester credit hour consists of one (1) 50-minute period of classroom or direct faculty instruction and a minimum of two (2) hours of out-of-class student work each week of the semester, or at least an equivalent amount of work as established by the degree granting college.

Course Load Guidelines

Undergraduates/Non-Degree Fall/Spring Semesters

- Full-time: 12 or more credit hours
- Three-quarter time: 9-11 credit hours
- Half-time: 6-11 credit hours
- Less than half-time: 5 or fewer credit hours

Summer Session

- Full-time: 6 or more credit hours
- Three-quarter time: 5 credit hours
- Half-time: 3-5 credit hours
- Less than half-time: 1 or 2 credit hours

Students withdrawing after the grade required deadline are subject to a grade of "W" (withdrawal). The W grade is not included in the total course load. Courses taken in Audit status are also not included in total course load.

Enrollment Limit

Undergraduate students may not take more than 18 credit hours during a semester and 9 credit hours during the Summer session, except with approval from the student's academic advisor. Students in non-degree status who have not earned at least a baccalaureate-level degree must contact the Academic Advisement at (505) 863-7663 to discuss enrollment limitations and options.

Addition of Correspondence or Extension Courses to Program

A resident student may enroll for correspondence and extension courses only when the addition of such courses does not cause the course load to be over the maximum.

Registration Restrictions

Prerequisite and Corequisite Requirements

The University of New Mexico checks prerequisites on all courses numbered 100 – 499. If a student does not have the required prerequisite(s), he/she is not able to register for the specific course. All prerequisites must be completed with a C or higher letter grade, unless otherwise identified by the academic department/unit offering the course. Corequisite checking occurs for all courses numbered 100 – 499. Registration for corequisite courses must occur at the same time. A student is not able to register for one corequisite course without the other.

Additional Restrictions

Colleges and Departments may further restrict access to their courses based on Campus, Classification, College, Degree, Level, Major, Program and/or special permission requirements. Overrides for these restrictions may be requested from the department offering the course or from the instructor (in most cases). For more information, see FastInfo answer #4060 at <https://unm-student.custhelp.com/>

Enrollment Certification

Enrollment Certifications are requested by individuals, institutions or organizations for information related to a student's past or current enrollment. Information requested normally takes the form of validation of confirmed degrees, dates of attendance or whether a student is enrolled full- or part-time. Enrollment Certificates display the student's legal first name.

The National Student Clearinghouse is the University of New Mexico's authorized agent for providing enrollment and degree verifications. If an employer or background-screening firm requests such information, refer them to the National Student Clearinghouse at (703) 742-4200 or the [National Student Clearinghouse Web site](#).

Verification forms from financial lenders should be sent directly to the National Student Clearinghouse for fastest response

The University of New Mexico will produce an Enrollment Certificate validating a student's status for the current semester, not earlier than January 1 for the Spring semester and not earlier than August 1 for the Fall semester. If a student wishes to have his/her entire academic history certified, or semesters not covered by the certification process, the student must request a transcript. The University of New Mexico does not certify expected graduation date. Military dependents requesting exception to this policy must submit a written request explaining the need for a Pre- Registration Certificate, provide a copy of their current military ID, and be enrolled for a minimum of 12 credit hours on the immediately-upcoming semester.

The certification document can be mailed, faxed, or emailed on request, or it may be picked up with proper photo identification (valid driver's license, military ID, passport or other state- or federally-issued picture identification, or LoboCard.). The Enrollment Certificate replaces the institutionally specific forms. The Course Load Guidelines above are used to determine enrollment status for financial aid eligibility and loan deferments. Graduate students with an assistantship must submit a copy of their contract with their verification request.

Current students may also request an automated enrollment certificate through LoboWeb, which is received through their @unm.edu email account.

NOTE: Students receive a letter of Admission once their Admissions application has been processed and accepted. UNM-Gallup will not issue duplicate letters of Admission after this point; students who require verification of Admission and/or enrollment must follow the Enrollment Certification process as listed above.

Changes in Enrollment

Once registered, students may process schedule changes during appropriate periods through the drop/add procedures. Procedures for schedule changes and deadlines are found on the [Office of the Registrar Web site](#). Changes made after deadlines are subject to late transaction fees.

Summer Session and Short Courses. Deadlines for processing drops, adds, withdrawals and grade options for Summer session and short courses vary according to the length of the course. Consult the [Office of the Registrar Web site](#) for specific dates.

For 16-week courses, the following applies:

Add: A student may add courses or change sections through the second week of the semester.

Drop: A student may drop a course or courses without a grade during the first three weeks of the semester.

Withdrawal from a Course. After the third week a student may withdraw from a course until the end of the 12th week of the semester and is subject to a grade of "W". After the 12th week, course withdrawals are only accepted with approval from the dean or director of the student's college. No withdrawals are accepted after the last day of instruction of the semester, prior to final exam week.

NOTE: Faculty are not responsible for dropping students who do not attend. It is the student's responsibility to check the accuracy of his/her course schedule.

Change in Grading Option. Changes in grading option (including audit, pass-fail (CR/NC), letter grade, graduate credit) in any course may be made through the fourth week of the semester. Students are responsible for ensuring they are registered in any course for the proper grading option.

Completion of Courses. Students are responsible for completing all courses in which they are enrolled at the University. Changes in enrollment, drops or withdrawals must be officially processed. A student who does not follow proper course or University withdrawal procedures may be given a failing grade and is responsible for tuition charges associated with the course.

Grades, Transcripts, and Academic Policies

Grade Options

Grade Notification

Semester grades are available via [LoboWeb](#). Grades are posted nightly as they are entered by the instructor. Final semester GPA calculations, Dean's List determinations and probation/suspension decisions are processed after the last official day of the semester.

Grades

The University of New Mexico utilizes a fractionated grading system. Following are the allowable grades and associated grade points:

A+	4.33
A	4.00
A-	3.67
B+	3.33
B	3.00
B-	2.67
C+	2.33
C	2.00
C-	1.67
D+	1.33
D	1.00
D-	0.67
F	0.00

CR Credit. Results in credit for the course, but is not computed into the grade point average. CR is the equivalent of at least a grade of C. At the graduate level, CR is used to report completion of a master's thesis or doctoral dissertation. See the following pages for specific information concerning pass/fail (CR/NC) option grading.

NC No Credit. Not computed into the grade point average. At the graduate level NC is also used to report unsatisfactory completion of a master's thesis or doctoral dissertation. Certain workshops and courses may be offered under CR and NC as defined above.

NR Not Recorded. If a grade has not been received by the end of the grading period, an NR is assigned. A grade of NR is not computed into the grade point average. After two years, the remaining NR grades are converted to W grades.

PR Progress. Used to indicate that a thesis or dissertation is in progress, but not complete. In the semester when the thesis or dissertation is completed, CR or NC is reported.

I Incomplete. Given only when circumstances beyond the student's control have prevented completion of the work of a course within the official dates of a session. (See the policy on Removal of Incomplete.)

IF Incomplete Fail. Incomplete grades not resolved within the time frame stated in this policy (see *Incomplete (I) Grade* below) are automatically converted to an IF failing grade.

AUDIT Recorded for completion of enrollment in an audited course. No credit is earned for an audit grade option.

W Withdrawal. Used for withdrawals after the grade required deadline beginning in Fall 2012, and for approved administrative withdrawals at the end of a semester.

Examples of administrative withdrawals include: determination by the instructor that the student never attended the class, processing errors, catastrophic illness of the student or other reasons beyond the student's control.

RS Reinstatement. Not computed in the grade point average; no credit is earned. An RS grade is used for approved retroactive enrollment in a 599 or a 699 course when the student did not complete any work on the thesis or dissertation.

NOTE: Graduate students may not be assigned C-, D+, D or D- grades.

Grade Point Average

An undergraduate student's grade point average is calculated by dividing the total number of quality grade points earned at the University of New Mexico by the total number of credit hours attempted, and truncated by two decimals. These credit

hours must be attempted in courses with letter grades and the courses must be numbered 100 or above. Courses for undergraduate students given a grade of W, CR, NC, PR, AUD, or I are excluded in the grade point average calculation. For graduate students, the Graduate Studies office, internally for their record keeping processes, calculates a grade of "I" as a 2.0 until replaced by another letter grade.

Beginning Fall 2006 the academic transcript reflects a level GPA. The courses a student takes become a part of the level to which the student has been admitted. If a student is in an associate degree program, the level is associate degree, and all the courses taken in that level are reflected in the associate GPA. Courses that are not remedial or technical are also calculated into the undergraduate GPA. If the student is in a bachelor's degree program, the courses taken in that status are calculated in the undergraduate GPA. The various levels are Associate, Undergraduate, Graduate, Non-Degree Undergraduate and Non-Degree Graduate. Each level has a GPA.

NOTE: This is a general University of New Mexico grade point calculation. Schools and colleges within the University may compute the grade point average differently.

Grades earned in courses taken at other institutions are not included in calculation of the University of New Mexico grade point average. The UNM transcript is the official record of the student's grade point average at UNM, and reflects only courses taken at the University of New Mexico.

Dean's List

The academic standing of all students is reviewed at the end of each Fall and Spring semester and Summer session in accordance with the regulations of their College. If available, Dean's List indication on an undergraduate student's academic record is noted when GPA calculations are determined one week after the official last day of the semester. Enrollment in late-starting, correspondence or other off-pattern courses may prevent awarding of Dean's List if grades are not submitted prior to end-of-term processing. Students with incomplete (I) or not recorded (NR) grades at the time of this calculation are not included on the Deans' List. See individual College or School sections of this Catalog for further requirements.

Incomplete (I) Grade

According to academic policy, incomplete grades must be completed before a student is eligible to graduate from the University of New Mexico.

The grade of "I" is given only when circumstances beyond the student's control have prevented completion of the coursework within the official dates of a semester/session.

Students should not re-enroll or re-register (for credit) in a course in which an I (Incomplete) grade has been assigned in order to resolve it. If an instructor requires the student to repeat the class in order to resolve the Incomplete, the student must register for the course on an audit basis. The fee for an audited course is the same as for credit courses.

Grade changes to Incomplete grades must be received no later than one year (twelve months) from the published end day of the term in which the grade was assigned. Incomplete grades not resolved within the time frame stated in this policy are automatically converted to an IF (Incomplete Fail) grade.

Students who resolve Incompletes in the term of graduation must have the process completed (including the reporting of the grade to the Records and Registration Office, before the start of the new semester). Students are responsible for informing instructors that they are graduating and the grade(s) must be reported by the appropriate deadline. Failure to complete the process as described could result in the postponement of graduation until the following term.

The instructor of record reports the final grade for the course in which the Incomplete was assigned to the Records and Registration Office. Graduate students should consult the section on the [Graduate Program](#) section of this Catalog related to this policy.

Extension of Incomplete

A student may apply for an extension of the time allowed to complete the coursework required to remove the I grade. The Extension of Incomplete form may be obtained in the Records and Registration Office or from the [Office of the Registrar Web site](#). A student who re-enrolls in residence may be granted a one-semester extension. If an extension is granted, it is the student's responsibility to ensure the I grade is removed by the date indicated. Graduate students are required to obtain the additional signature of the Dean of Graduate Studies. The Extension of Incomplete form must be submitted no later than the last day of the term.

Repetition of a Course

A student may repeat any course, but only receives credit once, unless otherwise noted in this Catalog. ALL ATTEMPTS and ALL GRADES are computed in the student's grade point average. A grade replacement policy is available for repeated coursework as described below.

Grade Replacement Policy

The course repeat policy was revised by the Faculty Senate to include a grade replacement option effective Spring semester 1991. Under this policy, only undergraduate students may repeat a course for a higher grade and have the lower grade removed from the grade point average. This revision is an option for students who meet the criteria outlined below. Repeated courses for students who do not meet the criteria, or who choose not to make use of the option, automatically fall under the existing policy as described under "Repetition of a Course."

The following outlines the procedure for the implementation of this course repeat (grade replacement) option **NO EXCEPTIONS ARE MADE TO THIS POLICY.**

1. The Grade Replacement policy is effective as of Spring semester 1991 and affects only the University of New Mexico coursework from Spring 1991 forward. This means that the first attempt in a course cannot have been prior to Spring semester 1991. The policy is not retroactive to any semester prior to Spring 1991.

Note: A student who fails a course at the University of New Mexico and repeats the same course with a grade of "C" or higher at another college or university may have the credit accepted for transfer, but the grade received at the University of New Mexico will continue to be computed in the grade point average.

2. Students in undergraduate status are eligible to use this policy, and only coursework that applies to an undergraduate degree is considered for a grade replacement.

3. A repeated course must result in an improved grade in order to replace the other grade (e.g., a "D" cannot replace a "D"). The higher grade removes the lower grade from the grade point average and earned credit hours. **Grades of CR, NC, PR, and W are not replaceable grades** since they do not affect the grade point average.

4. **The process is not automatic.** Students must initiate the process by completing a form in the Records and Registration Office, indicating which course is to be replaced. **The course numbers and titles must be identical, except where equivalencies or a change has been noted in the *University of New Mexico Catalog*. Substitute courses are not acceptable.** Forms are accepted after the second attempt in the course has been completed.

5. A grade replacement may be applied only to 12 credit hours of repeated coursework. Only one grade replacement is allowed for each course, regardless of the number of times the course has been repeated.

6. Once a grade replacement has been approved, the process cannot be reversed or changed.

7. **No grade may be replaced after a degree has been awarded .**

8. **All grades remain on the record.** An "E" appears on the transcript next to the course that has been replaced.

9. Students registering for a late-starting course cannot use the Grade Replacement Policy to replace a grade within that same semester.

NOTE: This policy applies only to courses taken and repeated at the University of New Mexico.

Change of Grade

The instructor of a course is responsible for any grade reported. Once a grade has been reported to the Records and Registration Office, the instructor may change it by using the Instructor Initiated Grade Change and Incomplete Removal process through LoboWeb. Only the instructor who issued the original grade (instructor of record) may submit a change. Grade changes submitted more than 30 days after end of semester are reported to the offering College Dean. **Any change in grade must be reported within 12 months after the original grade was issued and prior to graduation.** Grade changes may be referred to the Admissions and Registration Committee of the Faculty Senate for approval.

Grade Petition Procedure

1. A student seeking retroactive withdrawal, enrollment, or a grade option change; or further academic record changes involving exceptions to the rules governing registration and academic records, may submit petitions to the Records and Registration Office in the Mesa Vista North One-Stop or the Student Support and Services Center. **This petition process does not cover disputes involving academic judgment (Refer to the *UNM Pathfinder*, "Student Grievance Procedure," Article 2, Academic Disputes).**

2. The petition must state the nature of the request, specify the semester involved, the course and section number, the student's name, identification number, mailing address and telephone number. It must include documentation of extenuating circumstances, such as medical, family or employment needs. The petition must be typed and signed.

3. A student may only petition grades up to one year after an instructor and dean grade change form can be utilized to

change a grade. (Effective as of April 2005 as approved by Faculty Senate Operations Committee.) This means no grade change can be petitioned after two years in which the course(s) was/were taken.

4. Upon receipt of student's petition, the instructor(s) involved is contacted for a statement concerning the request.
5. The petition (along with instructor comments) is forwarded to the Grade Petition Subcommittee of the Faculty Senate Admission and Records Committee for review and decision. If the petition is approved, appropriate modifications are made to the student record.
6. The student is notified in writing of the outcome of the petition. The decision of the subcommittee is final.
7. The student is responsible for tuition and fees incurred.

Audit

A student may register to audit a course, with written permission of the instructor. A student who fails to attend class may be dropped at the instructor's request. The fee for audited courses is the same as for credit courses.

Audit enrollment receives no credit and is not included in the student's total course load for purposes of enrollment certification and financial aid enrollment requirements. Audited courses appear on the academic record. Courses taken for Audit may be repeated for credit.

Pass/Fail (CR/NC) Option

1. This grading option is open to students enrolling in courses that do not apply to their major.
2. A student is permitted to enroll in a maximum of 4 credit hours per semester under the pass/fail (CR/NC) grading option.
3. CR (credit) is the equivalent of at least a grade of "C". Students who do not satisfactorily complete a course under pass/fail (CR/NC) grading receive NC (no credit).
4. A course may be changed to the pass/fail (CR/NC) grade option. Visit the [Office of the Registrar Web site](#) for semester deadlines.
5. A maximum of 24 credit hours graded pass/fail (CR/NC) is allowed toward a baccalaureate degree. Graduate students may not count more than 6 credit hours of coursework in which a grade of "C" (2.0), "C+" (2.33) or "CR" was earned.
6. Courses which are specifically approved for pass/fail (CR/NC) grading are not included in the 24 credit hour maximum allowed toward degree requirements.
7. The following may not be taken under the pass/fail (CR/NC) option:
 - Courses in the University Honors Program and the Undergraduate Seminar Program.
 - Courses that are part of the student's major (as defined by the major department) with the exception of those courses specifically approved for use of pass/fail (CR/NC) grading.
 - Courses that are part of the student's minor (see specific college and departmental requirements).
 - Correspondence courses.
 - Courses the student repeats after first taking the course under the regular grading system.

Some schools, scholarship committees and honorary societies do not accept this grading system and convert grades of "Credit" to "C" and "No Credit" to F when computing grade point averages, or may otherwise penalize students who use this option.

NOTE: Students may not be penalized by a department if, when selecting or changing a major field, they have taken a course in their major on a pass/fail (CR/NC) option basis.

Withdrawal from the University

Students can withdraw from all courses through the end of the 12th week by using [LoboWeb](#) if holds do not exist on their At the beginning of the thirteenth week, a student who is withdrawing from all courses must have approval from the Registrar's office. Students may contact the Registrar's office at, (505) 863-7623, for advisement on withdrawal from all courses.

Students who withdraw during the first three weeks (regular full semester) of classes do not receive a grade notation on their academic The notation on a student's record is "Withdrew" followed by the date.

University withdrawals initiated after the third-week (regular full semester) of classes are subject to a grade of "W". All withdrawal grades are assigned by the instructor during the regular grading The notation on a student's record is "Withdrew" followed by the date, along with the course name and grade assigned.

Summer Session and Short Courses. Deadlines for processing withdrawals for Summer session and short courses vary according to the length of the course. Consult the Semester Deadlines on the [Office of the Registrar Web site](#) for specific

dates.

Students leaving the University during a semester without withdrawing according to this regulation are subject to faculty assigned

Students are responsible for all outstanding financial obligations when withdrawing. See the "Tuition Refund Deadlines" section for more information.

Policy on Military Withdrawals

Under faculty regulations, students and/or their dependents who formally withdraw from the University before the end of the 12th week of the semester due to military obligations are entitled to a grade of "W" in each course in which they are enrolled. Military orders or evidence of active duty deployment, deployment in place, or involuntary/unplanned training must be made available to the Dean of Students Office. A student and/or his/her dependent who withdraws due to military obligations after completing 12 weeks of instruction receives full credit for each enrolled course provided the instructor certifies a grade of "C" or higher for the course at the date of formal withdrawal. If the instructor certifies a grade less than "C", the student receives a grade of "W". The student must opt for either a tuition refund or for a grade assignment after the 12th week. A final semester senior who has satisfactorily completed at least half of the work for enrolled courses, provided these would complete degree requirements, may be certified for graduation by the faculty of his/her college. Any dependent seeking a military withdrawal must provide proof of that relationship. Visit the [Dean of Students Web site](#) for a "Request For Military Withdrawal" Form in order to initiate the Military Withdrawal process.

Transcripts

Transcripts will display the student's legal name as indicated in the student's UNM record.

Course Numbering System

The University of New Mexico began the transition to a four-alpha, four-number (e.g., ENGL 2310) Common Core Course Number effective Fall 2019, in compliance with 5.55.5 NMAC.

Courses offered at the University are numbered from 001 through 999:

- 001 to 100 courses may or may not carry credit, but are not applicable to a baccalaureate degree.
- 101 to 1999 courses are lower-division, and are normally open to freshmen.
- 200 to 2999 courses are lower-division, and are normally open to sophomores.
- 300 to 499 courses are upper-division, and are normally open to juniors, seniors and graduates.
- 500 to 999 are graduate and professional level, and are normally open only to students enrolled in graduate degree programs, School of Law, College of Pharmacy, or the Doctor of Medicine program.

NOTE: Undergraduate or non-degree students without a degree may not enroll in any graduate problems courses for undergraduate credit.

Technical, vocational or special courses are applicable for baccalaureate credit only upon petition to and approval from the University of New Mexico degree granting unit.

Freshmen may in some instances qualify for courses numbered in the 200's. Courses numbered 300 and above are not open to lower-division students (freshmen and sophomores) except in rare instances, and then only with the approval of the college dean. When appropriate, students may be disenrolled from courses numbered 200 and above. See the individual college sections of this Catalog for specific regulations.

Transcript Requests

Official Transcripts

Both current and former students may request official transcripts online at the [Office of the Registrar Web site](#).

The University of New Mexico has retained Parchment to accept transcript orders online. The PDF transcript that is produced using this service contains the identical information as the printed transcript. Parchment has been granted the authority to

deliver all such electronic transcript requests on behalf of UNM and respond to any inquiries regarding the transactions. If you attended The University of New Mexico prior to 1983 or if you attended the University of Albuquerque, your transcript cannot be sent electronically in PDF format at this time. You should still order your transcript using Parchment.

Official e-transcripts and paper transcripts for mailing are processed by Parchment 24/7 and may be requested through Parchment at this link: <https://www.parchment.com/u/registration/34158/institution#/tpo>. Official transcripts are printed on security paper which will indicate "Copy" when faxed or copied. Electronic transcript versions cannot be photocopied, printed or forwarded and remain official.

Requesting a transcript outside of the Parchment service adds processing time but may be done in exceptional circumstances by sending a request to:

Office of Admissions

ATTN: Transcript Request 705 Gurley Avenue

Gallup, NM 87301

Fax: (505) 863-7610

Mailed requests must include the following information:

- Student signature
- Date of request
- Current/previous name(s)
- Social Security Number/UNM ID
- Date of birth
- Dates of attendance
- Student email address (for order status updates)
- Current address
- Daytime telephone number
- Address to which the transcript is to be sent
- For official transcripts only: check or money order
- Students may request and/or pick up transcripts at the Student Support and Services Center. Proper photo identification is required.

Unofficial Transcripts

Information about requesting Unofficial transcripts is available at this link: <http://registrar.unm.edu/transcripts/request-online.html>.

Exclusions

- Email requests cannot be honored except when ordered online at the [Office of the Registrar Web site](#).
- Another person may not request or pick-up a student's transcripts without specific written authorization from that student. Written authorization must include the student's name while enrolled, UNM ID#, the specific name of the specific person authorized to pick up the transcript, the student's signature authorizing release, and a copy of the student's current photo ID.
- All persons picking up transcripts must show proper photo.
- The University of New Mexico does not provide copies of test scores or transcripts of academic work from other institutions. The original institution must be contacted for such information.

Academic Renewal Policy

Academic Renewal applies to students seeking undergraduate degrees who have been readmitted to the University of New Mexico after an absence of **five years** or more. The procedure allows a currently enrolled student to request an academic record review for the purpose of reevaluating previously-earned University of New Mexico credits and recalculating the student's grade point average from the point of readmission.

The student may obtain a petition from Records and Registration, Mesa Vista North One-Stop, or Student Support and Services Center. If all criteria are satisfied, the petition will be approved and the academic record appropriately noted.

NO EXCEPTIONS ARE MADE TO THIS POLICY.

Academic Renewal Guidelines

NOTE: Non-degree, second undergraduate degree, graduate students, or students who hold an Associate's degree from The University of New Mexico are not eligible for Academic Renewal.

1. Academic Renewal may be applied only once and is not reversible.
2. An absence of five or more years must have elapsed between readmission and the last date of enrollment at the University of New Mexico.
3. The student must be currently enrolled in an undergraduate degree program. Additionally, college entrance requirements such as minimum hours and grade point average must still be met after Academic Renewal has been applied.
4. After readmission to the University of New Mexico, at least 12 earned credit hours, but no more than 36 earned credit hours, must be completed in good standing (2.00 GPA or higher) before Academic Renewal can be applied. **Note:** If the degree-granting unit has placed the student on probationary status, it is not automatically changed by Academic Renewal.
5. All graduation requirements must be satisfied after Academic Renewal, i.e., minimum earned credit, residence credit requirement, cumulative grade point average, etc. **Note:** Credit earned prior to Academic Renewal does count toward the residence credit requirements.
6. All courses taken prior to Academic Renewal remain unaltered on the record. An appropriate notation is added to the record to indicate Academic Renewal. Courses with a grade of "C" or "CR" or higher taken prior to Academic Renewal are carried forward as earned credits. Application of these credits towards a degree is determined by the degree-granting unit.
7. Courses with a grade of "C-" or below taken prior to Academic Renewal are noted and do not count as earned credits or as satisfying any graduation requirements.
8. Academic Renewal, when applied, is effective as of the date of the readmission following the five-year absence.
9. The cumulative grade point average after academic renewal is calculated on the basis of courses taken since the readmission following the five-year absence.

Scholastic Regulations

Attendance

Policies regarding student attendance at class meetings are set by each instructor.

Students should not assume that nonattendance results in being dropped from class. It is the student's responsibility to initiate drops or complete withdrawals within published deadlines utilizing [LoboWeb](#) or via forms available on the [Office of the Registrar Web site](#).

A student with excessive absences may be dropped from a course with a grade on recommendation of the instructor. Instructor initiated drops are submitted utilizing LoboWeb.

Information on reporting short-term absences to instructors can be found under **Notification of Absences in this page of the Catalog**.

Classroom Conduct

The instructor is responsible for classroom conduct, behavior and discipline. Any action that would disrupt or obstruct an academic activity is prohibited. The instructor may refer situations involving classroom misconduct to the Dean of Students Office for additional action under the "Student Code of Conduct" as published in the *UNM Pathfinder*.

Use of classrooms or other facilities during scheduled activities is limited to enrolled students and University personnel. Use of these facilities during nonscheduled periods should be arranged with the appropriate department or other division of the University. **Smoking, eating and drinking are prohibited in all classrooms and teaching laboratories, including seminars.**

Dishonesty in Academic Matters

Each student is expected to maintain the highest standards of honesty and integrity in academic and professional matters. The University reserves the right to take disciplinary action, including dismissal, against any student who is found responsible for academic dishonesty. Any student who has been judged to have engaged in academic dishonesty in coursework may receive a reduced or failing grade for the work in question and/or for the course.

Academic dishonesty includes, but is not limited to, dishonesty on quizzes, tests or assignments; claiming credit for work not done or done by others; hindering the academic work of other students; and misrepresenting academic or professional qualifications within or outside the University.

Misrepresentation

Nondisclosure or misrepresentation on applications or other University records make a student liable for disciplinary action, including possible dismissal from the University.

Dismissal

Students are subject to dismissal from a college or a degree program based on minimum requirements set by that college or program. Refer to each college section of this Catalog for specific requirements. Dismissal from a college or degree program is not the same as suspension, but may preclude the student from enrolling at the University.

Probation

Probationary status serves as a warning to students that they are no longer in good academic standing, and that they may be suspended. Students are placed on probation at the end of any semester in which the cumulative grade point average falls below 2.00. Students should expect special requirements to be placed while on probation.

Students on probation are considered for suspension at the end of any semester in which the cumulative grade point average does not rise to 2.00 or better.

Students placed on probation may be continued on probation, if they substantially raise the cumulative grade point average and are making reasonable progress in meeting degree requirements.

“Substantially raise the cumulative grade point average” is defined as earning a semester grade point average of at least 2.5. **“Reasonable progress”** is defined as at least one-half of the student’s course load being courses (exclusive of remedial courses) which apply towards the student’s degree requirements. If these conditions are not met, the student is suspended from the University of New Mexico system.

Suspension

Students on suspension may not enroll for classes at the University of New Mexico until their suspension period has been completed.

Suspension Period: Students suspended for the first time may not enroll for classes at the University of New Mexico for a period of one semester from the date of the suspension. Students suspended for the second time may not enroll for classes for a period of two semesters from the date of the suspension. Students suspended for the third time may not enroll for classes for a period of five academic years from the date of the suspension.

NOTE:

1. Summer sessions are counted with the following Fall semester for purposes of this policy, e.g., a student suspended at the end of a Spring semester may not attend either the following Summer session or Fall semester.
2. Students absent from the University for a year or more must reapply for admission to the University.
3. Students who are accepted for readmission after suspension are readmitted on probation in the accepting college.
4. The Registrar may specify the number of credit hours for which a student may enroll following a suspension. They may also require students to drop courses which seem beyond their abilities.
5. Attendance at another institution during suspension must be indicated on the student’s application for readmission, and an official transcript must be sent to the Office of Admissions as part of the reapplication.

Graduation Requirements

Graduation Requirements

Associate Degrees

Candidates for associate degrees offered by any of The University of New Mexico's colleges or branches must meet the following minimum degree requirements and are subject to the following University limitations:

1. A minimum of 60 acceptable semester hours must be earned. Technical work (up to the limit specified below) may be included in these 60 hours, upon approval of the appropriate degree-granting program.
2. A minimum of 15 semester hours must be earned in residence at The University of New Mexico, exclusive of extension and correspondence. The remainder may be acceptable transfer credits earned at fully accredited institutions of higher learning and/or at regionally accredited technical-vocational institutions (see also Transferring Students for transfer credit regulations).
3. Of the 60 hour minimum, no more than 9 semester hours may be earned by extension or correspondence.
4. The student must have a cumulative grade point average of at least 2.0.
5. Introductory Studies 100 courses may not be used to satisfy any of the above requirements.

Certificates

Undergraduate certificates offered by any of the University of New Mexico's colleges or branches must meet the following minimum requirements:

1. A minimum of 30 acceptable credit hours must be Technical-vocational work (up to the limit specified below) may be included in these 30 credit hours upon approval of the certificate-granting program. Of the 30 credit hours, a minimum of 15 credit hours must be earned in residence at the University of New Mexico.
2. Branch campuses may offer technical-vocational certificates of less than 30 credit hours, provided:
 - o The proposed curriculum fulfills a recognized professional certification, e.g. Certified Nursing Assistant (NLN), Fire Science Officer (IAFC), etc., or,
 - o The proposed curriculum fulfills a specified local workforce need.

Certificates consisting of academic (transferable) coursework require approval of the Office of the Provost and the Faculty Senate. Technical-vocational certificates require approval of the Office of the Provost.

Second Certificate/Associate Degree

A second certificate or a second associate degree will not be granted until a student has earned a minimum of 15 semester hours in residence above the requirements for the first certificate or degree and fulfilled all requirements for the second certificate or degree. This requirement is applied to all additional certificates or degrees beyond the first and second.

Commencement

Commencement exercises are held at the end of the Spring semester. Students whose requirements were completed and degrees confirmed in the preceding Summer session or in the preceding Fall or Spring semesters are invited to attend.

While commencement attendance is optional, **all students must declare their intent to graduate within their specific departments**. Check with an academic advisor to determine the deadline and the process for a particular department. This deadline may be up to one year before the intended graduation semester.

During the graduation semester, students should use the [Diploma Information Form](#) to confirm display name and mailing information for the diploma. The [UNM-Gallup Graduation Website](#) provides information and sign-up forms for attending the campus-wide commencement ceremony. Other useful graduation-related information can be found here, including purchasing caps, gowns, and graduation announcements.

Extension and Independent Study

The University of New Mexico allows credit for independent study, correspondence and extension courses at the University of New Mexico or through other fully accredited colleges and universities toward degree requirements. Credit for extension and independent study courses completed at institutions not accredited by regional accrediting associations is not accepted for

transfer, although a student who has completed such correspondence or extension work in a course comparable to one at the University of New Mexico may establish credit here by special examination.

The hours earned by independent study or extension from accredited institutions other than the University of New Mexico may be counted toward degree requirements, but the grades will not be included in the student's grade point average (see Grade Point Average). Courses taken from other institutions must correspond to those offered at the University of New Mexico. Any graduating student who expects to substitute credits earned by independent study toward fulfillment of degree requirements must have prior approval of his or her program's Department Chair. The student is responsible for complying with all regulations stated in the Independent Study Guidelines.

Tuition & Financial Assistance

Tuition, Fees, and Enrollment Cancellation

Tuition and Fees

[UNM-Gallup Tuition and Fee Rates](#)

Visit the [Bursar's Office](#) for information regarding:

Refund Deadlines

Billing

Payment on Account

Payment Plans

Financial Aid Refunds, etc.

Special Course Fees

See fee information for each term at the [Online Schedule Site](#). Special Course Fees are refunded using the same refund schedule as tuition and fees.

Special Rates for Senior Citizens

An individual may qualify for a reduced tuition rate of \$5.00 per credit hour, if he/she is:

- Age 65 or older as of the 21st day from the start of the semester.
- Classified as a New Mexico resident as defined by the NM Higher Education Department.
- Registering for no more than ten (10) credit hours.
- Registering on or after the first day of the semester.

Note that registration attempts prior to the first day of the semester result in full tuition charges, even if the class is dropped and added after that date.

Enrollment Cancellation

Enrollment Cancellation [Due to Lack of Financial Commitment] is a date set by UNM Office of the Bursar, and prescribed by state statute, by which a student must make a financial commitment by accepting [financial responsibility](#) for current term charges **AND pay their entire prior semester balance** or be dropped from their current term courses.

Your Enrollment Cancellation Balance is due by 5:00 PM on the stated Enrollment Cancellation deadline date. Failure to pay this balance or set up a payment plan before the deadline will result in your being dropped from all your current term courses.

You can view your [Enrollment Cancellation Balance over LoboWeb](#).

Financial Aid Information

Student Financial Aid

UNM-Gallup makes available a variety of Federal, State and Institutional financial aid to students in need of assistance in meeting the costs of their college education. Applications and information regarding grants, loans, college work-study programs, and scholarships are accessible through the Financial Aid Office.

Financial Aid Deadlines and Resources

Students seeking Federal and/or State financial assistance should submit the Free Application for Federal Student Aid (FAFSA) application by the priority deadline date for fall attendance. Students must reapply for assistance prior to each academic year on October 1st. Students are required to complete the FAFSA online at studentaid.gov. Students not eligible to complete a FAFSA may submit a State Aid Application. For assistance contact the Financial Aid Office at 505-863.7663.

The Free Application for Federal Student Aid (FAFSA) is used to apply for all types of federal and state need-based aid. Students can apply for financial aid on the Web or by completing the paper application. Students are encouraged to apply at the [Federal Student Aid Site](#). The University of New Mexico's Federal School Code is **002663**. All prospective students must be admitted to the University of New Mexico to receive an offer of financial aid.

The costs of attending the University of New Mexico include:

- tuition and fees
- room and board
- books and supplies
- transportation
- personal expenses
- child care costs, if applicable

To be considered for financial aid, students must apply every year.

For additional information regarding costs and financial aid at the University of New Mexico, visit [Financial Aid](#).

Enrollment Requirements for Financial Aid

To receive financial aid, students must generally enroll at least half-time (6-8 credit hours) as regular students in eligible programs. Scholarships generally require full-time enrollment (12+ credit hours).

Audited classes are not included toward financial aid enrollment requirements. Award amounts are generally prorated according to enrollment status. Grant payments are locked at the end of the third week of the Fall and Spring semester. If a student increases his/her enrollment after the third week, the grant funding does not increase.

Federal regulation also prevents students from receiving financial aid funding for coursework that the student has received credit in more than once.

Students are responsible for meeting minimum enrollment requirements. Students who knowingly receive aid to which they are not entitled may be in violation of University policy and state or federal laws.

Questions should be directed to the [Student Financial Aid Office](#).

Crediting Financial Assistance to a Student's Account

Approved and awarded financial aid credits into students' accounts if students register for the required number of hours and meet all the respective financial aid program requirements.

These programs include:

- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant (SEOG)
- State Student Incentive Grant (SSIG)
- Federal Perkins Loan
- UNM 3% Grants
- Medical Grants and Scholarships
- Other Grants and Scholarships
- TEACH Grant
- Federal Direct Loans
- Other Loans

For external scholarship or loan checks, students must visit the Cashier Department to endorse the checks.

After financial aid awards credit into students' accounts and current and past due charges are paid, the remaining balances are either deposited directly into students' bank accounts or checks are mailed to students. Students cannot pick up refund checks from the Cashier Department.

Satisfactory Academic Progress

Students must meet a minimum standard of academic performance in their coursework and progression toward a degree. All students' academic progress is monitored at least annually to determine continued eligibility for assistance. Students in Certificate programs are monitored each semester.

There are three major components to the University of New Mexico's Satisfactory Academic Progress Policy:

Grade point average: Students are required to maintain a grade point average consistent with graduation requirements for their major as follows:

- While completing the first 30 credit hours as an undergraduate, a student must attain a minimum 1.7 GPA.
- Students with more than 30 credit hours must sustain a minimum 2.0 GPA.

Completion rate: Students must successfully complete at least 67% of the total credit hours they attempt. Classes in which grades of A, B, C, D or CR are earned are considered completed. Repeated courses were already counted as completed, and are not counted twice. All attempted credit hours from any college (including non-degree hours) are counted whether or not financial aid was received. This calculation includes all hours in which a student is registered at the time of withdrawal. All earned transfer hours are considered to be earned and attempted for this calculation as well (whether aid was received or not). Remedial classes and English as a Second Language (ESL) classes are also counted as attempted credit hours. Courses taken for AUDIT are not counted in the student's total course load for purposes of financial aid eligibility. For graduate students, 100- and 200-level classes count as hours attempted, but not hours earned, because they do not count toward the completion of a graduate degree.

Maximum time frame: Undergraduate students must complete their programs of study within 150% of the published length of the program, measured in credit hours attempted. Example: if the published length of the academic program is 128 credit hours, the maximum time frame for completion is 192 attempted credit hours. All attempted credit hours from any college, including non-degree hours, and hours attempted in completing a prior certificate or degree, count toward the maximum allowable credits regardless of whether financial aid was received. Courses with assigned grades of F, W, I, NC and repeated courses all count as attempted credit hours. In addition, remedial classes and ESL classes are counted in this calculation, even though these classes do not count toward the student's graduation requirements. To receive financial aid, graduate students must complete their degree within the maximum time frame allowed by their graduate program.

Student Employment

Students in a degree-granting program seeking part-time employment while attending The University of New Mexico may apply for student employment jobs. Information regarding student employment and links to available student employment and work-study positions are posted by the [Student Employment Office](#).

Scholarships

UNM-Gallup offers several scholarships for qualified students. General scholarships are awarded through the Scholarship Office on a competitive basis and in line with donor requirements. There is a common application for general scholarships. Information on available scholarships and the application process can be found at [UNM-Gallup Financial Aid](#).

Student Handbook (Conduct, Grievances, and Appeals)

The Pathfinder - UNM Student Handbook

The UNM Student Handbook is called The Pathfinder. It is composed into two sections: Campus Services and Campus Policies and can be accessed online at <https://pathfinder.unm.edu/index.html>

The categories are divided into subcategories or named policies in order to help you easily navigate the needed information. Every effort has been made to provide current and accurate information in this publication; however, the administration reserves the right to alter, amend, or abolish its rules, regulations or policies at any time. For the most accurate and up-to-date information, please consult the individual departments and/or policy manuals referenced. The Dean of Students Office is responsible for updating and maintaining the Pathfinder.

Student Code of Conduct

The University will take disciplinary action against students for conduct which adversely affects the University's educational function, disrupts community living on campus, interferes with the rights of others to pursue their education, conduct their University duties and responsibilities, or participate in University activities, when the offensive conduct occurs on University premises or at University-sponsored events, or when an offense which occurs off campus is such that failure to take disciplinary action is likely to interfere with the educational process or the orderly operation of the University, or endanger the health, safety, or welfare of the University community. The Regents have adopted a "[Student Code of Conduct](#)" which is published in the [UNM Pathfinder](#).

Visitor Code of Conduct

The University acknowledges and affirms the rights of visitors under the federal and state constitutions, including First Amendment and due process rights. However, conduct which adversely affects the University's educational function, disrupts community living on campus, or interferes with the rights of others to pursue their education, to conduct their University duties and responsibilities, or to participate in University activities shall be considered an offense against the University. Such conduct is prohibited and shall lead to disciplinary action, including expulsion or barring from campus, or arrest by the University when the offense occurs on University premises, as part of a University-sponsored event, or in connection with University activities. The Regents adopted a "[Visitor Code of Conduct](#)" which is published in the [UNM Pathfinder](#). The Code specifies the types of conduct which will lead to disciplinary action and the sanctions for such conduct.

[Student Disciplinary Procedure](#)

Undergraduate Academic Grievances

Academic grievances for undergraduate students are outlined in the following policy of the Faculty Handbook D-175. Click the link below to be navigated to the policy and scroll to the Procedures section for information on Academic Grievance Procedures (Article 1: Academic Record Disputes, Article 2: Academic Disputes):

[D175: Undergraduate Student Conduct and Grievance Procedures](#)

Student Resources

Academic Advisement

Academic Advisement

In Student Affairs, Student Success Specialists are available on a drop-in basis or by appointment to assist students in determining educational goals and dealing with personal concerns that may affect academic progress. Student Success Specialists advise students in selecting classes, planning course schedules, deciding on degree programs, interpreting transfer evaluations, meeting graduation requirements, and resolving problems relating to policies and procedures.

Advising Mission: To develop a partnership with students to build their knowledge of degree requirements and campus resources to ensure their successful completion of a Certificate and/or Associate program that supports their progression into a career and/or transfer to continue their education.

Student Responsibilities

- Making regular contact with advisor(s) each semester;
- Preparing for each advisement appointment with materials, specific questions for discussion, and general ideas of courses for the upcoming semester (if the meeting concerns registration);
- Being an active learner by participating fully in the advising experience;
- Asking questions if an issue is not understood, or to resolve a specific concern;
- Gathering all relevant decision-making information;
- Becoming knowledgeable about college programs, policies, and procedures;
- Identifying degree programs that align with academic interests and abilities;
- Familiarize themselves with dates and deadlines (registration, final exams,) as listed on the UNM Academic Calendar;
- Understanding registration and the course add/drop and withdrawal policies and ramifications;
- Regularly checking and using their UNM email account for official correspondence;
- Accepting responsibility and ownership for academic decisions.

Advisor Responsibilities

- Communicate degree requirements, institutional policies, and procedures;
- Explain academic policies and procedures;
- Be accessible during office hours and for walk-in appointments;
- Respond to messages in a timely manner;
- Document summaries of advisement session discussions;
- Counsel decision-making and responsible development of educational plans for achievement;
- Aid with identifying and using relevant University resources;
- Monitor and actively document progress;
- Assist in understanding the purpose and objectives of higher education and its effects on the student's life and personal goals;
- Encourage and guide the student to define and develop clear and realistic educational plans;
- Maintain confidentiality

Academic Advisement is located in the Student Services and Technology Center. Additional information can be accessed on the [UNM-Gallup Advisement Site](#).

Accessibility Resource Center

[Accessibility Resource Center](#)

In keeping with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, the University is committed to providing equal access and reasonable academic accommodations to qualified students with disabilities as necessary to ensure quality access to courses, programs, services, and facilities at the University. The UNM- Gallup Accessibility Resource Center has been established to support students through:

- Verifying disabilities and need for accommodations
- Recommending reasonable accommodations
- Informing students of their rights and responsibilities
- Advocating program access
- Problem-solving with student and, if necessary, the instructor, in response to student concerns regarding the implementation or consistency of reasonable accommodations

However, students with disabilities are still required to adhere to all University policies, including policies concerning conduct and performance.

The student is responsible for demonstrating the need for an academic accommodation by providing the Accessibility Resource Center with complete and appropriate documentation that establishes the disability, and the appropriateness of the requested accommodation(s). The University is responsible for all costs of academic accommodations.

For more information contact the UNM-Gallup Accommodations Specialist at galluparc2@unm.edu.

Center for Academic Learning

[Center for Academic Learning](#)

The Center for Academic Learning (CAL) provides students with academic support, skills, and strategies that help them succeed in individual courses and with transferrable skills that help throughout their entire academic careers. The center is staffed by education specialists and peer tutors who provide tutoring services in a variety of disciplines, such as literacy (reading/writing), math, and science. CAL collaborates closely with faculty to ensure that students meet course and assignment expectations effectively and independently. The Center for Academic Learning is located on the second floor of Gurley Hall.

TRIO/Student Support Services

[TRIO/Student Support Services](#)

TRIO/Student Support Services is a federally funded program through the United States Department of Education designed to provide opportunities for academic development, assist students in meeting basic college requirements, and serves to motivate students towards the successful completion of their post-secondary education. SSS seeks to close the opportunity and achievement gap, and increase the retention and graduation rates of underserved and under-represented students. The SSS program is committed to the success of first-generation, low-income, and/or students with disabilities (physical or learning) who have academic need and the motivation to achieve their maximum potential in higher education.

The TRIO/Student Support Services program is located on the first floor of Gurley Hall.

TRIO/Upward Bound

[TRIO/Upward Bound](#)

TRIO/Upward Bound is a federally funded program through the United States Department of Education. Upward Bound is a pre-college preparatory program for students in 9th, 10th, or 11th grade enrolled in target schools within the Gallup McKinley County School District. Students must qualify for selection to the program. Once selected, students remain in the program until their graduation from high school and the completion of their first summer of college. The program is academically designed to challenge high school students to develop the skills, study habits, discipline and necessary attitude/motivation required to succeed in high school and college. Upward Bound offers a comprehensive year-round program that is divided into two components: Academic year, and Summer program.

The TRIO/Upward Bound program is located on the first floor of Gurley Hall.

Veterans Resource Center

[Veterans Resource Center](#)

The University of New Mexico Gallup is an approved Veterans Administration site for certification of students eligible to receive educational assistance. To apply for and/or initialize benefit payments, eligible students must contact the UNM Gallup Veterans Resource Center *each and every term of enrollment*. For additional information regarding utilizing veterans benefits at UNM Gallup please visit the link above or contact 505.863.7645. The University of New Mexico has various sites that offer courses eligible for certification of benefits.

These sites include:

UNM Albuquerque

Veterans Resource Center
SUB Suite 2002
MSC03 2215
1 University of New Mexico
Albuquerque, NM 87131

UNM Taos

Financial Aid Office
1157 County Road 110
Ranchos de Taos, NM 87557

UNM Valencia

Los Alamos, NM 87544

Determination of Educational Benefits & Programs

To apply for benefits and determine which benefits for which you qualify, access the following website:

<https://www.benefits.va.gov/gibill/>

Veterans Administration Benefits Compliance for Pending Payments

In accordance with Title 38 US Code 3679(e), the University of New Mexico Gallup adopts the following additional provisions for any students using U.S. Department of Veterans Affairs (VA) Post-9/11 G.I. Bill® (Ch. 33) or Vocational Rehabilitation & Employment (Ch. 31) benefits, while payment to the institution is pending from VA. This educational institution will not:

- Prevent the student's enrollment;
- Assess a late penalty fee to the student;
- Require the student to secure alternative or additional funding;
- Deny the student access to any resources (access to classes, libraries, or other institutional facilities) available to other students who have satisfied their tuition and fee bills to the

However, to qualify for this provision, such students may be required to:

- Enroll in classes (including 2nd 8-week courses) prior to the Enrollment Cancellation deadline;
- Produce the VA Certificate of Eligibility (COE) prior to the Enrollment Cancellation deadline;
- Provide a written request to be certified by the School Certifying Official;
- Provide additional information needed to properly certify the enrollment as described in other institutional policies

Cosmetology and Barbering Licensing Information

Cosmetology and Barbering Licensing Information:

Requirements to take licensing examination:

- Candidates must complete an online application and upload required documents with Professional Credentialing Services
 - A current 2" x 2" passport type color photo (selfies are not accepted)
 - Copy of Photo Identification Card -must be non-expired Driver's License, State ID Card or S. Passport
 - A New Mexico Transcript of Training*.(must be notarized or have official school seal) This needs to be up-loaded to your PCS homepage and sent via mail directly to the New Mexico Board (If unable to up-load: please mail, fax, or email a copy to PCS and send the original via mail to the Board Office.)
 - Out of State candidates may submit an official transcript as long as the transcript provides a breakdown of hours by
- Frequency of examination administrations
 - Both theory and practical exams are administered on a monthly basis in Albuquerque and Las Cruces (per Beverly) and are taken on two separate days
 - Should a candidate fail a theory and/or practical exam, he/she can reapply for the next month's administration
- Fees/Costs
 - Cosmetology Theory & Practical First Time Fees = \$203.00 and Re-Exam Fees = \$203.00
 - Cosmetology Theory First Time Fees = \$130.00 and Re-Exam Fees = \$130.00
 - Cosmetology Practical First Time Fees = \$73.00 and Re-Exam Fees = \$73.00
- Time limits
 - All required examinations must be taken and passed and the license obtained within 12 or 24 months of the date the training was completed, depending on when your training was completed
 - Candidates who started training on December 17, 2015 or after will have 1 year (12 months from the date of completion to pass all required examinations and obtain license. Examination scores are only valid within 12 months of your training completion date.
 - Candidates who started training on December 16, 2015 or before will have 2 years (24 months) from the date of completion to pass all required examinations and obtain Examination scores are only valid within 24 months of your training completion date.

Licensing requirements:

- Be at least 17 years of age
- Have completed at least the 10th grade or equivalent
- Successfully complete a minimum of 1,600-hour course of instruction in a licensed school of Cosmetology
- Successfully pass the NIC theory & practical and State Law examinations
- Crossover License
 - Hold a current New Mexico Barber license
 - Have at least one year of full time, verified work experience in a licensed establishment
 - Complete 175 course hours or applicable credit hours in a license school
 - Successfully pass the NIC “basic manicure” portion of the Manicurist/Pedicurist Examination
- Hours for Cosmetology licensure is 1600 and 1200 for Barbering; the candidate must pass both examinations with a minimum of 75%
- The licensing fee is \$50.00 for a license that is renewed annually during the month of the holder’s birth
- Those licensed in Barbering can use a straight razor but cannot perform manicures and pedicures; those licensed in Cosmetology cannot use a straight razor on clients

Programs

Associate of Applied Science in Automotive Technology

Degree, Minor, or Certificate Name

Associate of Applied Science in Automotive Technology

Program Level

Undergraduate

Concentration Required

No

Emphasis required

No

Program Description

The Associate of Applied Science Degree in Automotive Technology is designed for the student who wishes to acquire the knowledge and develop the skills necessary to meet entry-level employment standards as an automotive technician, service writer, or component rebuilder. A graduate with a degree in Applied Science, Automotive Technology should be eligible for employment in the following areas: Mid to Upper Entry-Level Line Mechanic, Component Rebuilder, Automotive Specialty Service Worker, Auto Parts Supply Vendor/Worker, Parts Manufacture/Quality Control, Upper Entry-Level Automotive Dismantler, Recycler.

Requirements

General Education Requirements
15 Total Credits

- Complete all of the following
 - Area 1: Communication
 - Earn at least 3 credits from the following types of courses:
Complete three (3) credit hours from the UNM General Education Program in Area 1: Communication
 - Area 4: Social and Behavioral Sciences
 - Earn at least 3 credits from the following types of courses:
Complete three (3) credit hours from the UNM General Education Program in Area 4: Social and Behavioral Sciences
 - Area 5: Humanities
 - Earn at least 3 credits from the following types of courses:
Complete three (3) credit hours from the UNM General Education Program in Area 5: Humanities
 - Area 7: Arts and Design
 - Earn at least 3 credits from the following types of courses:
Complete three (3) credit hours from the UNM General Education Program in Area 7: Arts and Design
 - Area 8: Student Choice
 - Earn at least 3 credits from the following types of courses:
Complete three (3) credit hours from the UNM General Education Program in Area 8: Student Choice

Core Course Requirements
57 Total Credits

- Earn at least 57 credits from the following:
 - AUTT111 - Automotive Testing and Diagnosis (4 - 6)
 - AUTT115 - Brake Systems (4 - 6)
 - AUTT130 - Electrical System Repair (4 - 6)
 - AUTT157 - Steering And Suspension (3 - 6)
 - AUTT167 - Emission Control Service (3)
 - AUTT170 - Heating and Air Conditioning (4 - 6)

Associate of Applied Science in Construction Technology

Degree, Minor, or Certificate Name

Associate of Applied Science in Construction Technology

Program Level

Undergraduate

Concentration Required

No

Emphasis required

No

Program Description

The Associate of Applied Science in Construction Technology degree is designed to provide the opportunity for an individual student to develop competent skills for employability in the construction industry. Students gain two levels of industry certification through their pathway to an AAS degree in Construction Technologies. Each level marks a progression in career readiness with students ready for employment at the first level.

The program starts with safety culture and its importance in the construction crafts including the role of OSHA in job-site safety. It continues through basic construction techniques utilizing Industry Standard Curriculum adopted from the National Center for Construction Education and Research (NCCER). Students' progress in the AAS Degree Program as they escalate in levels of Industry Standard Certification, each level eligible for certification completion and state of employability.

Please consult with your advisor for current transferability information.

Associate of Applied Science in General Studies

Degree, Minor, or Certificate Name

Associate of Applied Science in General Studies

Program Level

Undergraduate

Concentration Required

No

Emphasis required

No

Program Description

The Associate of Applied Science Degree in General Studies is designed to provide the opportunity for an individual student to develop unique programs of study not available through other UNM-Gallup programs.

The program may reflect either specialized or broad patterns of educational experience including a variety of technology courses. A student who is awarded this degree will be prepared to enter jobs that require one to two years of college, but do not require a declared major field of study. The general education courses required for the completion of the degree articulate into a four-year college program. Elective credits may not articulate depending upon the degree granting institution. A student planning to pursue a Bachelor's degree should be aware of the general education requirements of the transfer institution.

Consult with your advisor for current transferability information. Contact the Advisement Center at (505) 863-7706.

Requirements

- Complete all of the following
 - General Education Requirements
 - Complete all of the following
 - Area 1: Communication
 - Earn at least 3 credits from the following types of courses:
Choose one (1) course from the UNM General Education Program in Area 1: Communication.
 - Area 2: Mathematics and Statistics
 - Earn at least 3 credits from the following types of courses:
Choose one (1) course from the UNM General Education Program in Area 2: Mathematics and Statistics.
 - Area 3: Physical and Natural Sciences
 - Earn at least 4 credits from the following types of courses:
Choose one (1) course from the UNM General Education Program in Area 3: Physical and Natural with the associated lab.
 - Area 4: Social and Behavioral Sciences
 - Earn at least 3 credits from the following types of courses:
Choose one (1) course from the UNM General Education Program in Area 4: Social and Behavioral Sciences.
 - Area 5: Humanities
 - Earn at least 3 credits from the following types of courses:
Choose one (1) course from the UNM General Education Program in Area 5: Humanities.
 - Area 6: Second Language
 - Earn at least 3 credits from the following types of courses:
Choose one (1) course from the UNM General Education Program in Area 6: Second Language including any lower division non-English language offering of the Department of Linguistics (Including Sign Language), Spanish and Portuguese, Foreign Languages and Literatures, and foreign languages in other departments and programs.
 - Area 7: Arts and Design
 - Earn at least 3 credits from the following types of courses:
Choose one (1) course from the UNM General Education Program in Area 7: Arts and Design.
 - Elective Requirements
 - Earn at least 38 credits from the following types of courses:
In addition to the general requirements outlined above, students must also earn 38 credit hours by completing any elective courses 1001 and above; technical courses apply.

 - Earn at least 3 credits from the following types of courses:
Choose one (1) course from the UNM General Education Program in Area 5: Humanities.
 - Area 6: Second Language
 - Earn at least 3 credits from the following types of courses:
Choose one (1) course from the UNM General Education Program in Area 6: Second Language including any lower division non-English language offering of the Department of Linguistics (Including Sign Language), Spanish and Portuguese, Foreign Languages and Literatures, and foreign languages in other departments and programs.
 - Area 7: Arts and Design
 - Earn at least 3 credits from the following types of courses:
Choose one (1) course from the UNM General Education Program in Area 7: Arts and Design.
 - Area 8: Student Choice
 - Earn at least 6 credits from the following types of courses:
Choose two (2) courses from the UNM General Education Program from two different Areas (1-7). Students who do not place into English 1120 will apply the credit hours from the pre-requisite English 1110 (or the equivalent English 1110Y or English 1110Z) to help fulfill Area 8 requirements.

Core Course Requirements 30 Total Credits

- Earn at least 30 credits from the following:
 - BCIS1110 - Fundamentals of Information Literacy and Systems (3)
 - SOWK2110 - Introduction to Human Services and Social Work (3)
 - HCHS140 - Introduction To Substance Abuse (3)
 - FCST1120 - Introduction to Family and Child Studies (3)
 - FCST2130 - Marriage and Family Relationships (3)
 - HMSV1110 - Group Dynamics (3 - 4)
 - HMSV1120 - Interviewing Techniques (3)
 - HMSV2215 - Adolescent Substance Abuse: Prevention and Treatment (3)
 - HMSV2230 - Alcohol and Drug Abuse Counseling: Special Populations (3)
 - HMSV2270 - Substance Abuse in Families (3)

Grand Total Credits: **61**

Associate of Arts in Human Services - Substance Abuse

Degree, Minor, or Certificate Name

Associate of Arts in Human Services – Substance Abuse

Program Level

Undergraduate

Concentration Required

No

Emphasis required

No

Program Description

The Associate of Arts (AA) degree in Human Services with a concentration in Substance Abuse prepares students to work with diverse populations in the field of addictions and pursue further study in substance abuse. The concentration in substance abuse prepares students to apply for licensure as a Licensed Substance Abuse Associate (LSAA) provided they possess the qualifications and requirements established by the New Mexico Counseling and Therapy Practice Board.

Students interested in the LSAA are encouraged to meet with the Human Services faculty to discuss licensure requirements. Contact the Advisement Center at (505) 863-7706.

Associate of Arts in Liberal Arts

Degree, Minor, or Certificate Name

Associate of Arts in Liberal Arts

Program Level

Undergraduate

Concentration Required

No

Emphasis required

No

Program Description

The Associate of Arts in Liberal Arts is designed for students who intend to pursue Bachelor of Arts degrees in various fields. The Associate of Arts degree gives students a solid foundation and is a pathway into majors in the College of Arts and Sciences. All required courses for the Liberal Arts A.A. will transfer to UNM Albuquerque. Upon completion of the degree, a student will have fulfilled the general education Core Curriculum requirements at UNM Albuquerque and many other four-year institutions. Students will also have satisfied most of the Arts and Sciences graduation requirements.

Consult with your advisor for current transferability information. Contact the Advisement Center at (505) 863-7706.

Associate of Science in Emergency Medical Services

Degree, Minor, or Certificate Name

Associate of Science in Emergency Medical Services

Program Level

Undergraduate

Concentration Required

No

Emphasis required

No

Program Description

The Associate of Science in Emergency Medical Services is a specialized degree program designed to build a workforce that is customized to the expected needs of towns, cities and counties in Central New Mexico and beyond. Students in the program will receive basic academic and specialized hands-on training needed to meet the professional educational needs of pre-hospital care providers. The program is designed to meet the National EMS Education Standards for the respective licensure levels and incorporates New Mexico requirements and EMT scope of practice.

Upon successful completion of degree requirements with a minimum GPA of 2.33, graduates will be qualified for New Mexico and National Registry testing and will have completed the core curriculum requirements for the UNM-Emergency Medical Services Academy B.S. in Emergency Medical Services, with the exception of MATH 1350 and CHEM 1215/1215L. It is recommended that students applying to the UNM EMS Academy also complete these courses. The UNM EMS Academy requires a minimum of 2.5 GPA for admission.

For transfer to other four-year institutions, students should be aware that core curriculum requirements are not necessarily met upon the completion of this degree to receive the Associate Degree in Emergency Medical Services, students will complete 60 credit hours, including the NM Core course requirements. Students may apply their AS EMS toward transfer to UNM-Albuquerque Bachelor of Science in Emergency Medical Services. Students must attend mandatory EMS information session for permission to register for EMS Core courses. Students not yet admitted to EMS may attend the Info sessions.

Contact the Advisement Center at (505) 863-7706 or the EMS Coordinator (505) 726-6324.

Associate of Science in Medical Laboratory Technology

Degree, Minor, or Certificate Name

Associate of Science in Medical Laboratory Technology

Program Level

Undergraduate

Concentration Required

No

Emphasis required

No

Program Description

Medical laboratory technicians (MLT) collect, process and analyze specimens (blood, urine, other body fluids, tissue samples) for microscopic, chemical hematologic, immunologic and microbial testing or transfusion services. The array of complex laboratory tests is significant in the detection, diagnosis and treatment of disease and also in health and wellness promotion.

The degree is structured to meet the standards mandated by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS) and has been granted full accreditation since 1986. Articulation for the Bachelor's degree is in place. A student completing the program is eligible to take the American Society for Clinical Pathology (ASCP) Board of Certification Examination.

Interested students must first be admitted to UNM Gallup before applying to the MLT program. General Education prerequisite courses must be completed prior to admission. A grade of C or better is required in all courses. Deadline for submissions of application to the MLT program in June 1st for Fall; and October 1st for Spring. Students are admitted each regular semester based on selection criteria. Class size is limited to twelve. Priority is given to continuing students who are in good academic standing. Students are required to complete all professional coursework within a five-year time period.

Consult with your advisor for current transferability information. Contact the Advisement Center at (505) 863-7706.

Undergraduate

Concentration Required

No

Emphasis required

No

Program Description

Students in the UNM partnership BSN program of study (POS) will graduate with an associate degree in nursing (ADN) from UNM-Gallup Branch and with a baccalaureate degree in nursing (BSN) from the University of New Mexico. A minimum 30 institutional credit hours are required through the University of New Mexico to meet degree requirements for graduation. Students interested in applying for the Dual Degree BSN program must contact the nursing advisor to set up an appointment. The nursing advisor will evaluate the student's course record to determine if the student is on track to completing all the pre-requisite courses while meeting the pre-requisite GPA requirement. The nursing advisor will schedule the student to take the ATI TEAS exam during the semester before they plan to apply. If the student passes the ATI TEAS exam, the student will be given instructions to apply to the UNM BSN degree program using the online CAS system. The student will also receive an application to apply for admission for the UNM-Gallup associate degree program. Effective starting January 2022: Fall term application submission period: Mar 15-May 1

Certificate Emergency Medical Technician-Basic

Degree, Minor, or Certificate Name

Certificate Emergency Medical Technician-Basic

Program Level

Undergraduate

Concentration Required

No

Program Description

Short-Term Emergency Medical Technician Basic Certificate Program Description

This program is designed in a short-term format featuring hands-on, skills-based learning techniques in the UNM-Los Alamos Health Sciences Lab followed by clinical skills training in various healthcare settings specific to each course. A UNM Certificate is awarded upon successful completion of this program.

Short-Term Certificate Career and Educational Advancement Opportunities

Students may enroll in any of the allied health programs offered at UNM Los Alamos as they build on basic skills required for the provision of care at various levels in the healthcare field. For example, EMTs are in demand by agencies providing emergency services including ambulance services and fire departments. The basic skills learned in the EMT-Basic program are enhanced in the EMT-Intermediate classes and clinical settings and prepare students to sit for the New Mexico and National Registry exam and for emergency services agencies. Prospective paramedic students may be advised to take the EMT Basic and EMT-Intermediate programs prior to enrolling in the bachelor's paramedic program. Students who intend to transfer to a four-year college or university may enroll in the associate of science in Emergency Medical Services which provides the academic core required for a bachelor's program. For more information, students should confer with an advisor.

Short-Term Certificate Program Requirements

Emergency Medical Technician Basic: 10 credit hours to include 8 credit hours of coursework and 2 credit hours of lab. Prior to entering clinical setting in the final week of class, students must be certified in American Heart Association Basic Life Support of Healthcare Providers CPR and 1st Aid and have taken a TB test as well as other immunizations as specified in each course description. Employers in the healthcare setting will require a fingerprint background check and drug testing prior to hiring.

Short-Term Certificate Program Learning Goals

The health sciences programs provide students with quality instruction in preparation for successful employment in and entry-level health field. All course syllabi include course learning objectives indicating the skills and behaviors the student should know and be able to perform upon successful completion of each course in the program. Upon successful completion of the required courses for each health science program, our students will demonstrate: 1. Workplace skills specific to healthcare careers. 2. Knowledge of local, state, and federal guidelines that apply to the healthcare industry. 3. Basic knowledge of anatomy and physiology. 4. Knowledge of records documentation and basic medical terminology. 5. Team-building and communications skills; the basics of a good work ethic; and successful job seeking strategies. 6. Where applicable, students will be prepared for the certification exam specific to the course.

A UNM Certificate is awarded upon successful completion of this program. Short-

Term Certificate Career and Educational Advancement Opportunities

Students may enroll in any of the allied health programs offered at UNM Gallup as they build on basic skills required for the provision of care at various levels in the healthcare field. For example, EMTs are in demand by agencies providing emergency services including ambulance services and fire departments. The basic skills learned in the EMT-Basic program are enhanced in the EMT-Intermediate classes and clinical settings and prepare students to sit for the New Mexico and National Registry exam and for emergency services agencies. Prospective paramedic students may be advised to take the EMT-Basic and EMT-Intermediate programs prior to enrolling in the bachelor's paramedic program. Students who intend to transfer to a four-year college or university may enroll in the associate of science in Emergency Medical Services which provides the academic core required for a bachelor's program. For more information, students should confer with an advisor.

Short-Term Certificate Program Requirements

Emergency Medical Technician Intermediate: 8 credit hours to include 5 credit hours of coursework and 1 credit hours of lab, and 2 credit hours of clinical rotation. Prior to entering clinical setting in the final week of class, students must be certified in American Heart Association Basic Life Support of Healthcare Providers CPR and 1st Aid and have taken a TB test as well as other immunizations as specified in each course description. Employers in the healthcare setting will require a fingerprint background check and drug testing prior to hiring.

Short-Term Certificate Program Learning Goals

The health sciences programs provide students with quality instruction in preparation for successful employment in and entry-level health field. All course syllabi include course learning objectives indicating the skills and behaviors the student should know and be able to perform upon successful completion of each course in the program. Upon successful completion of the required courses for each health science program, our students will demonstrate: Workplace skills specific to healthcare careers. Knowledge of local, state, and federal guidelines that apply to the healthcare industry. Basic knowledge of anatomy and physiology. Knowledge of records documentation and basic medical terminology. Team-building and communications skills; the basics of a good work ethic; and successful job seeking strategies. Where applicable, students will be prepared for the certification exam specific to the course.

Certificate Requirements

- Complete the following:
 - EMS180 - EMT-Intermediate (5)
 - EMS151 - EMT-I Clinical and Field Experience (2)
 - EMS143 - EMT-Intermediate Lab (1)

Grand Total Credits: **8**

Certificate in Automotive Technology

Degree, Minor, or Certificate Name

Certificate in Automotive Technology

Program Level

Undergraduate

Concentration Required

No

Program Description

Opportunities for employment for holders of a one-year Certificate may include Parts Counter Person, Mechanics Helper, Entry-level Technician, Component Exchanger, or Diesel Technician Helper. The following are the course requirements for completion of a Certificate in Automotive Technology. Students should see an Advisor to customize their educational plans, contact the Advisement Center at (505) 863-7706.

Certificate Requirements

- Earn at least 33 credits from the following:
 - AUTT111 - Automotive Testing and Diagnosis (4 - 6)
 - AUTT115 - Brake Systems (4 - 6)
 - AUTT130 - Electrical System Repair (4 - 6)
 - AUTT157 - Steering And Suspension (3 - 6)
 - AUTT167 - Emission Control Service (3)
 - AUTT230 - Electrical System Overhaul (3)
 - AUTT295 - Practicum In Auto Technology (3 - 9)

Grand Total Credits: **33**

Certificate in Barbering

Degree, Minor, or Certificate Name

Certificate in Barbering

Program Level

Undergraduate

Concentration Required

No

Program Description

The Certificate in Barbering will prepare students for a career in barbershops and other haircutting establishments. The curriculum will primarily focus on helping students gain a barber's license from the New Mexico State Board of barbers and Cosmetology. Barbering does not require Manicuring but does require Honing, Stropping and Shaving (2 credit hours). The clock hours for the certificate are 1200 (40 credit hours). Cosmetology requires 4 credits in manicuring to receive 1600 clock hours for the certificate (44 credit hours).

Please consult with your advisor for current transferability information.

Certificate Requirements

Core Course Requirements

- Complete all of the following
 - Earn at least 37 credits from the following:
 - COSM110 - Theory Of Cosmetology I (3)
 - COSM111 - Theory Of Cosmetology II (3)
 - COSM130 - Permanent Wave Shampooing and Styling I (3)
 - COSM131 - Permanent Wave Shampooing and Styling II (4)
 - COSM140 - Haircutting Scalp Treatment Hair Coloring Facials I (4)
 - COSM141 - Haircutting Scalp Treatment Hair Coloring Facials II (3)
 - COSM212 - Theory of Cosmetology III (3)
 - COSM232 - Permanent Wave Shampooing and Styling III (3)
 - COSM242 - Haircutting Scalp Treatment Hair Coloring Facials III (3)
 - COSM250 - Cosmetology Lab I (1 - 3)
 - COSM251 - Cosmetology Lab II (1 - 3)
 - Note: Students can complete optional coursework for NM State Board clock hours: COSM 252 Cosmetology Lab III (6) and COSM 291 Independent Study (3-9).

Grand Total Credits: **37**

Certificate in Business Principles

Degree, Minor, or Certificate Name

Certificate in Business Principles

Program Level

Undergraduate

Concentration Required

N/A

Program Description

The Certificate in Business Principles prepares students for entry-level career opportunities, with special emphasis on computer, accounting, and customer service skills.

Certificate Requirements

- Complete the following:
 - BCIS1115 - Introduction to Computers (3)
 - BUSA1110 - Introduction to Business (3)
 - ACCT2110 - Principles of Accounting I (3)
 - BUSA1130 - Business Professionalism (3)
 - BUSA2240 - Customer Service in Business (3)

Grand Total Credits: **15**

Certificate in Community Health

Degree, Minor, or Certificate Name

Certificate in Community Health

Program Level

Undergraduate

Concentration Required

No

Program Description

Community Health Workers (CHWs) are frontline health workers who are trusted members of the communities they serve. They are also known as Community Health Representatives (CHRs), promotores de salud, health navigators, case managers, peer support workers, family advocates, outreach workers and many similar titles. CHWs improve the health and well-being of their fellow community members and their community overall. They work and volunteer in community and clinical settings helping people of all ages get the services, knowledge, and tools that they need to live their best lives. At a broader level, CHWs work with community members and leaders to promote a health community environment, social justice and health equity for all. The Certificate in Community Health is 10 credit hours, consisting of 6 short courses. The program is endorsed by the New Mexico Department of Health. Students who complete the full degree requirements are eligible to apply for state certification (C-CHW).

Certificate in Construction Technology

Degree, Minor, or Certificate Name

Certificate in Construction Technology

Program Level

Undergraduate

Concentration Required

No

Program Description

Opportunities for employment for holders of a one-year certificate may include: Finish Carpenter's Helper, Apprentice Trainee, Cabinet Builder's Helper, and Form Carpenter's Helper.

NOTE: Student Qualifies for NCCER Core Industry Certification.

Please consult with your advisor for current transferability information. Contact the Advisement Center at (505) 863-7706.

Certificate Requirements

- Complete all of the following
 - Earn at least 27 credits from the following:
 - CNST101 - Layout And Framing (3 - 4)
 - CNST104 - NCCER Core (3 - 4)
 - CNST115 - Concrete Pouring and Finishing (3 - 4)
 - CNST174 - Design for Green Building (3 - 4)
 - CNST175 - Blueprint Reading (3)
 - CNST295 - Practicum (3 - 9)
 - Earn at least 3 credits from the following:
 - CNST106 - Cabinet Building (3 - 4)
 - CNST109 - Plumbing Theory I (3)

Grand Total Credits: **30**

Certificate in Cosmetology

Degree, Minor, or Certificate Name

Certificate in Cosmetology

Program Level

Undergraduate

Concentration Required

No

Program Description

Cosmetology requires 4 credits in manicuring to receive 1600 clock hours for the certificate (39 credit hours). Please consult with your advisor for current transferability information.

Certificate Requirements

- Complete all of the following
 - Complete the following:
 - COSM110 - Theory Of Cosmetology I (3)
 - COSM111 - Theory Of Cosmetology II (3)
 - COSM120 - Manicuring and Sanitation (2)
 - COSM121 - Manicuring II (2)
 - COSM130 - Permanent Wave Shampooing and Styling I (3)
 - COSM140 - Haircutting Scalp Treatment Hair Coloring Facials I (4)
 - COSM141 - Haircutting Scalp Treatment Hair Coloring Facials II (3)
 - COSM212 - Theory of Cosmetology III (3)
 - COSM232 - Permanent Wave Shampooing and Styling III (3)
 - COSM242 - Haircutting Scalp Treatment Hair Coloring Facials III (3)
 - COSM131 - Permanent Wave Shampooing and Styling II (4)
 - Earn at least 6 credits from the following:
 - COSM250 - Cosmetology Lab I (1 - 3)
 - COSM251 - Cosmetology Lab II (1 - 3)

Grand Total Credits: **39**

Certificate in Dental Assisting

Degree, Minor, or Certificate Name

Certificate in Dental Assisting

Program Level

Undergraduate

Concentration Required

No

Program Description

The Dental Assisting Program is one year of full-time study. Class enrollment is limited. Students must meet the regular UNM Gallup admission criteria and are selected for the Dental Assistant Program based upon personal interview, pre-admission test scores, and high school or previous college records. The Dental Assistant's range of duties is filled with possibilities. The Assistant may comfort an anxious patient, bill insurance companies, and assist the dentist in providing treatment in patients. Through strong educational preparation, the Dental Assistant may assume responsibilities which are within his/her abilities and are recognized by the State Practice Act.

Certificate Requirements

- Complete the following:
 - HCHS111 - Medical Terminology (3)
 - HCHS113 - Basic Body Structure and Function I (4)
 - HCDA101 - Introduction to Dental Assisting (3)
 - HCDA120 - Pre-Clinical Dental Assisting (3)
 - HCDA140 - Preventive Dentistry (4)
 - HCDA115 - Dental Science (2)
 - HLED1115 - American Heart Association CPR (1)
 - HCDA130 - Dental Radiology (4)
 - HCDA125 - Dental Specialties (2)
 - HCDA164 - Seminar In Dental Assisting (2)
 - HCDA170 - Dental Materials (3)
 - HCDA160 - Oral Pathology (2)
 - HCDA145 - Clinical Dental Assisting I (3)
 - HCDA155 - Clinical Dental Assisting II (4)

Grand Total Credits: **40**

Certificate in Early Childhood Education

Degree, Minor, or Certificate Name

Certificate in Early Childhood Education

Program Level

Undergraduate

Concentration Required

No

Program Description

This certificate program in Early Childhood Education is designed for students, who wish to work in this field or transfer to a two, or four-year college or university to complete an Associate's or Bachelor's degree in Early Childhood Education.

Please consult with your advisor for current transferability information.

Certificate Requirements

- Complete all of the following
 - General Education Requirements
 - Complete all of the following
 - Area 1: Communication
 - Earn at least 3 credits from the following types of courses:
Choose one (1) course from the UNM General Education Program in Area 1: Communication.
 - Area 2: Mathematics and Statistics
 - Earn at least 3 credits from the following types of courses:
Choose one (1) course from the UNM General Education Program in Area 2: Mathematics and Statistics.
 - Area 4: Social and Behavioral Sciences
 - Earn at least 3 credits from the following types of courses:
Choose one (1) course from the UNM General Education Program in Area 4: Social and Behavioral Sciences.
 - Core Course Requirements
 - Complete the following:
 - ECED1110 - Child Growth, Development, and Learning (3)
 - ECED1115 - Health, Safety, and Nutrition (2)
 - ECED1130 - Family and Community Collaboration (3)
 - ECED1120 - Guiding Young Children (3)
 - ECED2120 - Curriculum Development through Play: Birth through Age 4 (PreK) (3)
 - ECED2121 - Curriculum Development through Play: Birth through Age 4 (PreK) Practicum (2)
 - ECED2115 - Introduction to Language, Literacy, and Reading (3)
 - ECED2110 - Professionalism (2)

Grand Total Credits: **30**

Certificate in Health Information Technology - Coding

Degree, Minor, or Certificate Name

Certificate in Health Information Technology - Coding

Program Level

Undergraduate

Concentration Required

No

Program Description

A certificate in Health Information Technology is awarded following successful completion of the 33 credit-hour program. This program is designed to obtain a certificate or those desiring entry-level employment in a health information department, coding. Disease and procedural coding are the methods by which the patient's encounters are classified, allowing the facility to bill insurance companies and government agencies for reimbursement. Students are eligible to seek their CCA Coding Certification through AHIMA upon completion of this Coding Certificate program.

Consult with your advisor for current transferability information. Contact the Advisement Center at (505) 863 -7706.

Certificate Requirements

- Complete all of the following
 - General Education Requirements
 - Complete all of the following
 - Area 1: Communication
 - Complete the following:
 - ENGL1110 - Composition I (3)
 - Area 3: Physical and Natural Sciences
 - Earn at least 4 credits from the following:
 - BIOL1140 - Biology for Health Sciences (3)
 - BIOL1140L - Biology for Health Sciences Lab (1)
 - BIOL1310 - Introduction to Human Anatomy and Physiology I (3)
 - BIOL1310L - Introduction to Human Anatomy and Physiology I Lab (1)
 - BIOL2210 - Human Anatomy and Physiology I (3)
 - BIOL2210L - Human Anatomy and Physiology I Laboratory (1)
 - HCHS113 - Basic Body Structure and Function I (4)
 - Health Sciences
 - Complete the following:
 - HCHS111 - Medical Terminology (3)
 - Business Technology
 - Earn at least 3 credits from the following:
 - IT101 - Computer Fundamentals (1 - 3)
 - Core Course Requirements
 - Complete the following:
 - HCHT121 - Health Information Technology I (4)
 - HCHT211 - Basic ICD-CPT Coding (4)
 - HCHT215 - Advanced OP Coding (2)
 - HCHT219 - Advanced IP Coding (3)
 - HCHT221 - Medical-legal and Quality Management (4)
 - HCHT232 - Reimbursement Methodologies (3)

Certificate in Practical Nursing

Degree, Minor, or Certificate Name

Certificate in Practical Nursing

Program Level

Undergraduate

Concentration Required

No

Program Description

This five-semester sequence prepares students to be eligible to take the National Council Licensure Examination for Practical Nursing (NCLEX-PN) and become a Practical Nurse (PN) or a Licensed Practical Nurse (LPN). LPN certification can open doors to work in many different industries and settings, including hospitals, medical and dental clinics, community centers, nursing homes, rehabilitation centers, schools, and armed forces. Admission into the Practical Nursing program is required.

Certificate Requirements

- Complete the following:
 - BIOL1310L - Introduction to Human Anatomy and Physiology I Lab (1)
 - BIOL1310 - Introduction to Human Anatomy and Physiology I (3)
 - NURS1110 - Introduction to Practical Nursing Concepts (3)
 - NURS1120 - Principles of Practical Nursing Practice (4)
 - NURS1130 - LPN Health and Illness Concepts I (4)
 - NURS1140 - LPN Health Care Participant (3)
 - NURS1150 - LPN Nursing Pharmacology (3)
 - NURS1160 - LPN Assessment and Health Promotion (4)
 - NURS1170 - LPN Health and Illness Concepts II (5)
 - NURS205 - Professional Issues in Practical Nursing (2)
 - NURS2999 - LPN Capstone (3)
 - NUTR2110 - Human Nutrition (3)

Grand Total Credits: **38**

Certificate in Process Technology

Degree, Minor, or Certificate Name

Certificate in Process Technology

Program Level

Undergraduate

Concentration Required

No

Program Description

The Process Technology program has been created to provide knowledge and skills that will enable student to contribute as Process Technicians (operators, maintenance workers, and instrument technicians) in manufacturing environments. Students will learn to interpret trends, troubleshoot problems, and make process adjustments to deliver quality products to their customers. Knowledge based on Science, Applied Technology, Engineering and Math, along with teamwork, troubleshooting and communication skills, will enable graduates of this program to safely and efficiently contribute and add value to complex and automated modern manufacturing plants.

AMST1120 - Introduction to Gender, Sexuality and U.S. Empire**Subject Code**

AMST

Course Number

1120

Long Title

Introduction to Gender, Sexuality and U.S. Empire

Description

While Gender Studies is truly a vast field of inquiry, there is great symmetry in the ways in which feminist scholars have been engaged with questions as to how disciplinary apparatuses and discourses shape and construct "gender." This course will begin with the process of peeking into this exciting scholarship, focusing on the "intersectional ties" of identity—that is, how gender has been produced in and through other categories of identity, such as race, class, sexuality, and nation. While there are numerous ways to structure such a course, this course will maneuver through the field of Gender Studies with an eye toward feminisms, race, and U.S. Empire through processes of incarceration, colonialism, and war). In this course, we will explore how the "intersectional ties" of identities have been constructed within a range of institutions, discourses, and processes, such as law, medicine, popular culture, nationalism, colonialism, and empire. Throughout, we will pay close attention to how discourses normalize certain types of identities, practices, and behaviors, and mark others as deviant or unnatural. And, of course, we will look for strategies to contest these productions. This will necessarily place us within key debates in feminist studies of power, agency, activism, and justice at the individual, community, national, and transnational levels, and allow us to end the course by interrogating the role of Gender Studies in regard to current U.S. occupation in the Middle East and Native America. This course will provide a strong foundation for you to pursue studies in feminist, queer, critical race, and postcolonial theories.

AMST1130 - Introduction to Politics in Popular Culture**Subject Code**

AMST

Course Number

1130

Long Title

Introduction to Politics in Popular Culture

Description

This course considers a range of theoretical approaches to the study of popular culture, including cultural studies and feminist theory as well as key concepts and key debates in the study of popular culture. It explores the ways popular culture is implicated in the formation of social determinants such as ethnicity, race, gender, class, and sexuality and conversely, how these social determinants are implicated in the formation of popular culture. The course also considers the ways in which popular culture serves as a site of ongoing political struggle. The aim of the course is to provide students with a critical vocabulary to make sense of broader significance and relevance of popular culture--why popular culture matters. To accomplish this, we will investigate a number of popular expressive forms including magazines, fandom, digital music, and hip hop. May be repeated for credit with permission from AMST undergraduate advisor.

AMST1140 - Introduction to Critical Race and Indigenous Studies**Subject Code**

AMST

Course Number

1140

Long Title

Introduction to Critical Race and Indigenous Studies

Description

This course offers an introduction to the field of American Studies through an interdisciplinary examination of race, class and ethnicity in the United States and in a global context. Using a schedule of keywords, we will engage a range of central themes and concerns. We will examine histories of injustice, and resistance to injustice. Readings and assignments encourage students to notice the privilege and oppression at the core of U.S. society. The class will challenge the widely accepted assumption that we as a nation have moved beyond race and racism. Through readings, films, online sources, and our assignments, this course aims to increase our knowledge of inequality in our society, and the impact of those inequities on various societies and individuals. Meets New Mexico General Education Curriculum Area 4: Social and Behavioral Sciences.

Introduction to Art

Description

In this class, students will be introduced to the nature, vocabulary, media and history of the visual arts, illustrated by examples drawn from many cultures, both Western and non-Western and across many centuries. We will begin with a general overview of the subject, including basic concepts and themes that shed light on the continuity of the artistic enterprise across the span of human experience. We will study the visual elements from which art is made, including how artists use these elements and how the artists' use of visual elements affects our experience of looking at art. We will examine both two-dimensional and three-dimensional media including drawing, painting, printmaking, camera and computer arts, graphic design, sculpture, installation, crafts and architecture. Selected works will be examined in context, including the history of the time and place in which they were created, as well as their function, patronage, and the character and intent of individual artists. Meets New Mexico General Education Curriculum Area 7: Arts and Design.

Painting II

Description

This course focuses on the expressive and conceptual aspects of painting, building on the observational, compositional, technical, and critical skills gained previously. Students will investigate a variety of approaches to subject matter, materials, and creative processes through in-class projects, related out-of-class assignments, library research or museum/gallery attendance, written responses, and critiques.

Credits

Astronomy

ASTR1115 - Introduction to Astronomy**Subject Code**

ASTR

Course Number

1115

Long Title

Introduction to Astronomy

Description

This course surveys observations, theories, and methods of modern astronomy. The course is predominantly for non-science majors, aiming to provide a conceptual understanding of the universe and the basic physics that governs it. Due to the broad coverage of this course, the specific topics and concepts treated may vary. Commonly presented subjects include the general movements of the sky and history of astronomy, followed by an introduction to basic physics concepts like Newton's and Kepler's laws of motion. The course may also provide modern details and facts about celestial bodies in our solar system, as well as differentiation between them: Terrestrial and Jovian planets, exoplanets, the practical meaning of "dwarf planets", asteroids, comets, and Kuiper Belt and Trans-Neptunian Objects. Beyond this we may study stars and galaxies, star clusters, nebulae, black holes, clusters of galaxies and dark matter. Finally, we may study cosmology, the structure and history of the universe. Meets New Mexico General Education Curriculum Area 3: Physical and Natural Sciences.

ASTR

Course Number

2110

Long Title

General Astronomy I

Description

An introductory course covering the basics of the night sky, relevant physics, and the Solar System. The level of math is trigonometry and pre-calculus. First of a two-semester sequence.

Credits

3

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Lower division undergraduate (100-2999)

Prerequisites

- Complete all of the following
 - Earned a minimum grade of C in at least 1 of the following:
 - MATH1230 - Trigonometry (3)
 - MATH1250 - Trigonometry and Pre-Calculus (5)
 - MATH1512 - Calculus I (4)
 - Completed with a minimum grade of C or concurrently enrolled in all of the following:
 - PHYS1230 - Algebra-Based Physics I (3)
 - PHYS1310 - Calculus-Based Physics I (3)

ASTR2110L - General Astronomy I Laboratory**Subject Code**

ASTR

Course Number

2110L

Long Title

General Astronomy I Laboratory

Description

Students learn how to carry out astronomical observations using actual telescopes. Students learn the basics of the celestial sphere, telescope design and characteristics planning observations, astronomical data reduction, how to make measurements from astronomical data, interpreting results, and writing reports. The topics of the lab are aligned with 2110. The level of math is trigonometry and pre-calculus. Three hours lab.

Automotive Technology

AUTT101 - Introduction to Automotive Technology**Subject Code**

AUTT

Course Number

101

Long Title

Introduction to Automotive Technology

Description

Designed to expose the student to the automotive industry, its tools, and specific language. The student will receive an overview in the systems related to automotive technology, and safety measures.

Credits

3

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

AUTT111 - Automotive Testing and Diagnosis

Subject Code

AUTT

Course Number

111

Long Title

Automotive Testing and Diagnosis

Description

Intended to give the student a background in testing and diagnosis of electronic, electrical and fuel systems found in current automobiles.

Credits

4 - 6

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

AUTT115 - Brake Systems

Subject Code

AUTT

Course Number

115

Long Title

Brake Systems

Description

The study of modern brake theory including drum and disc-type brakes. Mechanical and hydraulic principles as they pertain to brakes will be covered.

Credits

4 - 6

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

AUTT130 - Electrical System Repair

Subject Code

AUTT

Course Number

130

Long Title

Electrical System Repair

Description

Electrical theory and diagnosis. Starting, charging, lighting and related electrical systems in automotive application will be studied.

Credits

4 - 6

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

AUTT157 - Steering And Suspension

Subject Code

AUTT

Course Number

157

Long Title

Steering And Suspension

Description

A detailed study of steering and suspension components and their repair and alignment.

Credits

3 or 6

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

Other Restrictions

Prerequisite: 150* or equivalent.

AUTT167 - Emission Control Service

Subject Code

AUTT

Course Number

167

Long Title

Emission Control Service

Description

To familiarize the student with the various emission control devices including functions, diagnosis, repair, and/or service.

Credits

3

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

AUTT170 - Heating and Air Conditioning

Subject Code

AUTT

Course Number

170

Long Title

Heating and Air Conditioning

Description

Covers the basic and advanced instruction of the latest heating and air-conditioning systems, also the testing, diagnosis and repair of A/C compressors and components.

Credits

4 - 6

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

AUTT203 - Automotive Engine Overhaul

Subject Code

AUTT

Course Number

203

Long Title

Automotive Engine Overhaul

Description

To teach the student the repair and overhaul procedure performed on a gas engine.

Credits

4 - 6

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

AUTT210 - Drive Train Overhaul

Subject Code

AUTT

Course Number

210

Long Title

Drive Train Overhaul

Description

AUTT 210 focuses on the repair and overhaul of drive train components such as clutch, manual transmission, transfer case and differentials found on 2-wheel, 4-wheel and front wheel drive vehicles.

Credits

3 - 6

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

AUTT213 - Automatic Transmission Overhaul

Subject Code

AUTT

Course Number

213

Long Title

Automatic Transmission Overhaul

Description

A detailed study of the overhaul procedures on all current domestic automatic transmissions.

Credits

4 - 6

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

AUTT230 - Electrical System Overhaul

Subject Code

AUTT

Course Number

230

Long Title

Electrical System Overhaul

Description

To review basic electrical theory and learn the testing and overhaul procedures for electrical system components.

Credits

3

Schedule Type

Lecture/Laboratory

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

AUTT293 - Topics**Subject Code**

AUTT

Course Number

293

Long Title

Topics

Description

A heading for special course offerings, seminars and workshops in various areas of automotive technology. The special offerings will be taught by regular faculty and will focus on topics of special concern on an as-needed basis.

Credits

1 - 6

Schedule Type

Topics

May the course be repeated for credit?

Yes

How many hours can the course be repeated?

98

Course Level

Branch technical (101-2999)

AUTT295 - Practicum In Auto Technology**Subject Code**

AUTT

Course Number

295

Long Title

Practicum In Auto Technology

Description

The student will work on the campus in an assignment involving a variety of tasks equivalent to the functions and responsibilities of the line mechanic or parts counter person.

Credits

3 - 9

Schedule Type

Practice Experience

May the course be repeated for credit?

Yes

How many hours can the course be repeated?

9

Course Level

Branch technical (101-2999)

AUTT299 - Co-op Education In Automotive Technology
Subject Code

AUTT

Course Number

299

Long Title

Co-op Education In Automotive Technology

Description

The student will work in a garage or training facility in the Gallup area and at the same time will be attending the college during part of the day.

Credits

3 - 6

Schedule Type

Lecture

May the course be repeated for credit?

No

Gen Ed Areas & Diversity

Area III: Science: Physical and Natural Sciences

BIOL1110L - General Biology Lab**Subject Code**

BIOL

Course Number

1110L

Long Title

General Biology Lab

Description

This laboratory course for non-science majors compliments the concepts covered in the associated general biology lecture course. Students will learn quantitative skills involved in scientific measurement and data analysis. Students will also perform experiments related to topics such as biochemistry, cell structure and function, molecular biology, evolution, taxonomic classification and phylogeny, biodiversity, and ecology. One 3-hour lab per week including plant and animal diversity, techniques and investigation of current issues. Meets New Mexico General Education Curriculum Area 3: Physical and Natural Sciences.

Credits

1

Gen Ed Areas & Diversity

Area III: Science: Physical and Natural Sciences

BIOL1150 - Biodiversity**Subject Code**

BIOL

Course Number

1150

Long Title

Biodiversity

Description

Biodiversity is the variety of life on earth. There are 2-10 million species on earth, but this number surely is vastly underestimated. Moreover, 99% of all species that ever existed are extinct. This course provides a broad survey of biodiversity-past, present, and future-with an emphasis on major groups in the tree of life (e.g., insects, plants, vertebrates, fungi, bacteria, etc.) and how humans interact with earth's biodiversity. We will explore biodiversity as it relates to earth history, mass extinctions, conservation, economics, ecology, evolution, and human society. We will also explore ways in which we categorize biodiversity (taxonomy and systematics) and catalog it for study (museums).

Long Title

Introduction to Computers

Description

This is a lecture and hands-on course which focuses on different technologies commonly used in various occupations. This course will provide students with an overview of computer hardware, operating software, and the MS Office suite of applications. The class will also include an overview of the history of technology and its future, and will also provide a fundamental introduction to industry-standard application software for word processing, database management, and graphics. Basic computer use, files and file structure, Windows, the internet, programming, ethics, and security will also be addressed. This course cannot apply to a major or minor in Computer Science.

CHEM2310C - Quantitative Analysis Lecture and Laboratory**Subject Code**

CHEM

Course Number

2310C

Long Title

Quantitative Analysis Lecture and Laboratory

Description

Quantitative analysis is a subdiscipline within analytical chemistry which deals with the identification and assay of a material or its components. Students will learn how chemical characterization involves chemical reactivity, physical measurement, and data interpretation with an emphasis on solution equilibria and electrochemistry. The study of precise and reliable chemical characterization is fundamental to further study and practice in chemistry, biology, medicine, geology, chemical engineering, and many other related fields. The understanding of the methods and limitations of chemical characterization can aid in making informed judgments on a large variety of social and political issues. This course is designed to introduce you to techniques of quantitative analysis and complement the theory and concepts presented in lecture. Students will obtain reproducible quantitative laboratory data using classical (volumetric, gravimetric) and simple instrumental (potentiometric, spectrophotometric, chromatographic) methods, as well as analyze and interpret laboratory data using standard statistical and validation approaches. Three lectures, 4 hours lab.

COMM2135 - Media Ethics and Law**Subject Code**

COMM

Course Number

2135

Long Title

Media Ethics and Law

Description

The material will introduce you to the history of ethics and sources of our American legal system. We will examine how the law and ethical action are chosen and evolve through resolution of a dilemma - a choice between countervailing interests. Foundational principles, expressed in our charter documents, carry through those areas of law which are most critical to media: We'll examine fundamentals of law, of First Amendment, libel, privacy, open government, copyright and commercial speech. Consequently, this course's content will be relevant in every other Communication course you take between now and your completion of your degree program.

COMM2190 - Writing and Editing for Multimedia Journalism**Subject Code**

COMM

Course Number

2190

Long Title

Writing and Editing for Multimedia Journalism

Description

Continuation of COMM 1140. This course builds on the skills you have learned, focusing more deeply on the theory and practice of journalism in the digital age. Classes are in a lecture/discussion format, with emphasis on participation by students. We will practice strict adherence to deadlines, writing under pressure sometimes, rewriting, peer editing of stories, constructive criticism, coaching and teamwork. Students will hone skills in grammar, accuracy, attribution, interviews and story structure. We will also study what constitutes a compelling and well-reported, well-written news story — and the multimedia possibilities that go hand-in-hand with such stories.

Schedule Type

Lecture/Laboratory

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

CNST105 - Interior Finishing**Subject Code**

CNST

Course Number

105

Long Title

Interior Finishing

Description

A study of the interior of building which includes methods of wall, ceiling, and floor finishing. The use of different types of covering, paint, paneling, and texture, will be emphasized. The installation of decorative tile for bathroom, kitchen, and floors will be explored.

Credits

3 - 4

Schedule Type

Lecture/Laboratory

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

CNST106 - Cabinet Building**Subject Code**

CNST

Course Number

106

Long Title

Cabinet Building

Description

A study of cabinet making. Students will have the opportunity to make kitchen, bathroom and special cabinets. Includes construction methods of cabinet making as well as various finishing techniques. Counter top materials, such as formica, will be examined. Taught through classroom and lab experience.

Credits

3 - 4

Schedule Type

Lecture/Laboratory

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

CNST109 - Plumbing Theory I**Subject Code**

CNST

Course Number

109

Long Title

Plumbing Theory I

Description

Covers occupational introductions, human relations, safety, tools and equipment used in plumbers trade, plumbing components, sizes of various residential and commercial plumbing systems, pipe fittings, pipe joining and cost estimation.

Credits

3

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

CNST115 - Concrete Pouring and Finishing**Subject Code**

CNST

Course Number

115

Long Title

Concrete Pouring and Finishing

Description

A study of the use of concrete in building construction. The use of power tools and hand tools to finish walls and work will be demonstrated.

Credits

3 - 4

Schedule Type

Lecture/Laboratory

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

CNST118 - Alternative Building Construction

Subject Code

CNST

Course Number

118

Long Title

Alternative Building Construction

Description

A survey of different types of alternative building construction in use today. An emphasis on construction appropriate for entry level skills.

Credits

4

Schedule Type

Lecture/Laboratory

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

CNST121 - Electrical Wiring

Subject Code

CNST

Course Number

121

Long Title

Electrical Wiring

Description

A study of wiring procedures including electrical service entrances, switching circuits, fuse and circuit breakers, and ground fault interrupter circuits.

Credits

Lecture/Laboratory

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

CNST174 - Design for Green Building

Subject Code

CNST

Course Number

174

Long Title

Design for Green Building

Description

The course is designed to explore and educate students in sustainable building technology. Students will study past, current practices, and future best practices for green design and building.

Credits

3 - 4

Schedule Type

Lecture/Laboratory

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

CNST175 - Blueprint Reading**Subject Code**

CNST

Course Number

175

Long Title

Blueprint Reading

Description

An introductory course in blueprint reading to help the student interpret the ideas of others and to express his/ her own ideas in an understandable manner through drawings. It will stress the necessary skills and processes used in architectural drafting. The students will have the opportunity to develop their own originality and ingenuity. Taught through classroom and laboratory experiences.

Credits

3

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

CNST206 - Advanced Cabinet Making**Subject Code**

CNST

Course Number

206

Long Title

Advanced Cabinet Making

Description

An in-depth study of cabinet making in which both methods of cabinet making and practical aspects of cabinet making will be covered.

Credits

3 - 4

Schedule Type

Lecture/Laboratory

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

CNST208 - Furniture Construction

Subject Code

CNST

Course Number

208

Long Title

Furniture Construction

Description

The design and construction of various types and styles of furniture including functional analysis thereof.

Credits

3 - 4

Assessment of Children and Evaluation of Programs

Description

This basic course familiarizes students with a variety of culturally appropriate assessment methods and instruments, including systematic observation of typically and non-typically developing children. The course addresses the development and use of formative and summative assessment and evaluation instruments to ensure comprehensive quality of the total environment for children, families, and the community. Students will develop skills for evaluating the assessment process and involving other teachers, professionals and families in the process.

ECED2115 - Introduction to Language, Literacy, and Reading

Subject Code

ECED

Course Number

2115

Long Title

Introduction to Language, Literacy, and Reading

Description

This course is designed to prepare early childhood professionals for promoting children's emergent literacy and reading development. Through a developmental approach, the course addresses ways in which early childhood professionals can foster young children's oral language development, phonemic awareness, and literacy problem solving skills, fluency, vocabulary, and comprehension. This course provides the foundation for early childhood professionals to become knowledgeable about literacy development in young children. Instructional approaches and theory-based and research based strategies to support the emergent literacy and reading skills of native speakers and English language learners will be presented.

ECON2130 - Personal Investing**Subject Code**

ECON

Course Number

2130

Long Title

Personal Investing

Description

This is an economics course with no prerequisites. Consequently it should be considered introductory, however it offers a wide-ranging overview of personal finance and the role financial assets can play in achieving personal financial goals. This course won't make you a millionaire, nor will it prepare you for a career as a hedge-fund manager. The goal is to increase your understanding of how financial markets work, and how to use financial assets as part of a life-long financial strategy. Your understanding of financial markets will be enhanced by learning the tools of economics, incorporating knowledge of human behavior, and becoming familiar with particular aspects of financial markets and assets.

Long Title

Economics of Race and Gender

Description

The aim of this course is to introduce you to how economics studies some of the main issues affecting men and women of different ethnic or racial backgrounds. Using economic theory as our framework for analysis, our discussions will include analysis of evidence and policies that address the issues at hand. Among the questions we will be addressing in this class are: why do women earn less than men, and blacks less than whites? Why has the labor force participation of women increased over the past half century, while black men's has decreased? How does marriage affect women's decision to work? How has the American family changed over the past century, among others.

 - OR ACT English =>29 or SAT Evidence-Based Reading and Writing =>700.

ENGL2240 - Introduction to Studies in English**Subject Code**

ENGL

Course Number

2240

Long Title

Introduction to Studies in English

Description

This course brings together students majoring in English. It is a required course and must be taken before embarking on the major coursework. Students are introduced to the subfields of rhetoric and professional writing; creative writing; literary studies; and critical theory and cultural studies. Students will be introduced to the life of the department through class visits with faculty members, attendance at departmental events, and a variety of readings and discussions. Some class sessions will include conversations about employment or opportunities for graduate school. The final task will be to craft a letter of intent documenting an intended course of study and future goals.

ENGL2310 - Introduction to Creative Writing**Subject Code**

ENGL

Course Number

2310

Long Title

Introduction to Creative Writing

Description

This course will introduce students to the basic elements of creative writing, including short fiction, poetry, and creative nonfiction. Students will read and study published works as models, but the focus of this "workshop" course is on students revising and reflecting on their own writing. Throughout this course, students will be expected to read poetry, fiction, and non-fiction closely, and analyze the craft features employed. They will be expected to write frequently in each of these genres.

Introduction to Latin American Society I: Social Sciences

Description

(Also offered as POLS 254, SOC 354) Introduction to Latin American Studies through the social sciences examines major themes including colonialism, agrarian transformation, urbanization, demographics, family, human rights, inequalities, violence, and social movements. Emphasis given to insights gained from making interdisciplinary connections.

Geology

GEOL1110 - Physical Geology

Subject Code

GEOL

Course Number

1110

Long Title

Physical Geology

Description

This course is an introduction to our dynamic Earth, introducing students to the materials that make up Earth (rocks and minerals) and the processes that create and modify the features of our planet. The course will help students learn how mountains are formed, how volcanoes erupt, where earthquakes occur, and how water, wind, and ice can shape the landscape. Students will also develop a basic understanding of the ways humans have altered the planet including our impact on natural resources and global climate change. Students are encouraged but not required to enroll concurrently in 1110L. Meets New Mexico General Education Curriculum Area 3: Physical and Natural Sciences.

GEOL1110L - Physical Geology Lab

Subject Code

GEOL

Course Number

1110L

Long Title

Physical Geology Lab

Description

Students will learn to identify rocks and minerals in hand samples, work with topographic maps, geologic maps, and geologic cross-sections, and apply stratigraphic principles to explore geologic time. Meets New Mexico General Education Curriculum Area 3: Physical and Natural Sciences.

Credits

1

Schedule Type

Laboratory

May the course be repeated for credit?

No

Course Level

Lower division undergraduate (100-2999)

Prerequisites

- Completed with a minimum grade of C or concurrently enrolled in all of the following:
 - GEOL1110 - Physical Geology (3)

Gen Ed Areas & Diversity

Area III: Science: Physical and Natural Sciences

GEOL1140 - Geological Disasters**Subject Code**

GEOL

Course Number

1140

Long Title

Geological Disasters

Description

This course will incorporate an overview of the geological processes that result in natural disasters and the input humans have on the amplification or mitigation of these natural disasters. We will examine past catastrophes and discuss the probability of such disasters occurring again. Hazards investigated will include, but not be limited to earthquakes, volcanoes, tsunamis, hurricanes, floods, landslides, and astronomical events such as meteor and comet collisions with Earth. We will investigate the data obtained from recent disasters and explore the costs in human and economic terms.

German

GRMN1110 - German I**Subject Code**

GRMN

Course Number

1110

Long Title

German I

Description

Intended for students with no previous exposure to German, this course develops basic listening, speaking, reading, and writing skills aiming toward the ACTFL novice-mid level. This is an introductory course designed to teach the student to communicate in German in everyday situations and to develop an understanding of German cultures through the identification of cultural products and practices, of cultural perspectives, and the ability to function at a survival level in an authentic cultural content. This course will also develop the student's sense of personal and social responsibility through the identification of social issues. Meets University of New Mexico General Education Curriculum Area 6: Second Language.

HCDA101 - Introduction to Dental Assisting
Subject Code

HCDA

Course Number

101

Long Title

Introduction to Dental Assisting

Description

This course will introduce the student to four-handed dentistry to include: asepsis and OSHA recommendations in sterilization, disinfection, and disease transmission and prevention. This course will also introduce the student to ethics and professionalism.

Credits

3

Schedule Type

Lecture/Laboratory

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

HCD A110 - Dental Ethics and Professionalism**Subject Code**

HCD A

Course Number

110

Long Title

Dental Ethics and Professionalism

Description

Ethical and legal issues and professional conduct related to dentistry and dental assisting. Cases evaluated to determine appropriate management according to principals of dental ethics and jurisprudence. Review and interpretation of dental practice acts and licensure. Prerequisite: 101. Restriction: permission of instructor.

Credits

3

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

Prerequisites

- Earned a minimum grade of C in each of the following:
 - HCD A101 - Introduction to Dental Assisting (3)

HCD A115 - Dental Science**Subject Code**

HCD A

Course Number

115

Long Title

Dental Science

Description

This course provides basics in a variety of dental sciences, including, but not limited to: head and neck anatomy, oral embryology and histology, landmarks of the face and oral cavity, tooth morphology, and overview of the dentitions.

Credits

2

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

HCDA120 - Pre-Clinical Dental Assisting**Subject Code**

HCDA

Course Number

120

Long Title

Pre-Clinical Dental Assisting

Description

An introduction to four-handed dentistry including delivery of care, dental instruments, dental handpieces, pharmacology, anesthesia and pain control, medical emergencies, moisture control, and matrix systems.

Credits

3

Schedule Type

Lecture/Laboratory

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

HCDA125 - Dental Specialties**Subject Code**

HCDA

Course Number

125

Long Title

Dental Specialties

Description

An introduction to dental specialties to include orthodontics, periodontics, endodontics, pedodontics, and oral surgery.

Credits

2

Schedule Type

Lecture/Laboratory

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

HCDA130 - Dental Radiology**Subject Code**

HCDA

Course Number

130

Long Title

Dental Radiology

Description

Instruction in the basic principles of radiation physics, and modern intra- and extra-oral dental radiographic techniques. It includes exposing radiographs, arrangement and care of darkroom equipment, composition and preparation of developing solutions, processing and mounting films, and digital radiography. Radiation safety and protection guidelines will be emphasized.

Lecture/Laboratory

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

HCDA135 - UNM Clinical Dental Assisting**Subject Code**

HCDA

Course Number

135

Long Title

UNM Clinical Dental Assisting

Description

Intense UNM clinical application of basic dental and behavioral science used in the practice of dental assisting. Students complete clinical proficiency in Coronal Polish, Fluoride Application, Radiology, and Pit and Fissure Sealants.

Credits

2

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

HCDA140 - Preventive Dentistry**Subject Code**

HCDA

Course Number

140

Long Title

Preventive Dentistry

Description

Various aspects of dental disease prevention will be covered. This will include coronal polishing of teeth, providing one-on-one oral hygiene instruction, the importance of nutrition, and the psychology of patient behavior.

Credits

4

Schedule Type

Lecture/Laboratory

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

HCDA145 - Clinical Dental Assisting I**Subject Code**

HCDA

Course Number

145

Long Title

Clinical Dental Assisting I

Description

Clinical application of basic dental and behavioral science to the practice of dental assisting.

Credits

3

No

Course Level

Branch technical (101-2999)

HCD155 - Clinical Dental Assisting II**Subject Code**

HCD155

Course Number

155

Long Title

Clinical Dental Assisting II

Description

Clinical application of basic dental and behavioral science to the practice of dental assisting with an emphasis on refinement of chair side skills.

Credits

4

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

HCD160 - Oral Pathology**Subject Code**

HCD160

Course Number

160

Long Title

Oral Pathology

Description

This course concentrates on pathology related to the oral cavity and facial areas. Diagnosis, types of lesions, autoimmune disorders, and genetic and developmental disorders are studied.

Credits

2

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

HCDA164 - Seminar In Dental Assisting
Subject Code

HCDA

Course Number

164

Long Title

Seminar In Dental Assisting

Description

This unit is designed to instruct the student in a variety of topics that includes office management, psychology, communication skills, DANB review, and clinical site orientation.

Credits

2

Schedule Type

Seminar

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

HCDA170 - Dental Materials
Subject Code

HCDA

Course Number

170

Long Title

Dental Materials

Description

The student will be introduced to the different types of dental materials including restorative and esthetic materials, dental bases, liners, bonding systems, dental cements, impressions, lab materials, provisional crown materials, bleaching, and ITR restorations.

Credits

3

Schedule Type

Lecture/Laboratory

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

HCHT121 - Health Information Technology I**Subject Code**

HCHT

Course Number

121

Long Title

Health Information Technology I

Description

An overview of health records services in the United States and the role of the health record practitioner. It introduces the student to the principles and practices of the health records profession. Restriction: admitted to A.S. Health Information Technology.

Credits

4

Schedule Type

Lecture

May the course be repeated for credit?

No

, or AS Hlth Info Tech GA

HCHT211 - Basic ICD-CPT Coding**Subject Code**

HCHT

Course Number

211

Long Title

Basic ICD-CPT Coding

Description

An overview of the development of medical nomenclature and classification systems. This course presents the principles of coding of diseases and surgeries, and offers classroom lab practice of coding skills. This is an on-line course. Prerequisite: HCHS 113 and HCHS 111.

Credits

4

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

HCHT213 - Principles of Disease**Subject Code**

HCHT

Course Number

213

Long Title

Principles of Disease

Description

Introduction to human pathophysiology for non-nursing health professionals. Content includes: normal pathophysiology over the lifespan, abnormal pathophysiology, cellular function, immunity, gastrointestinal, nervous, skeletal, and integumentary systems. Prerequisite: HCHS 111 and HCHS 113.

Credits

4

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

HCHT215 - Advanced OP Coding**Subject Code**

HCHT

Course Number

215

Long Title

Advanced OP Coding

Description

Covers the development and format of CPT and ICD. Included are instructions for basic coding guidelines, descriptions and definitions of symbols, correct usage of modifiers, overviews of the appendices in the CPT manual and guidelines for using the index. Use of encoder software will be included. Prerequisite: 211.

Credits

2

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Lower division undergraduate (100-2999)

HCHT219 - Advanced IP Coding**Subject Code**

HCHT

Course Number

219

Long Title

Advanced IP Coding

Description

Practice assigning ICD-10-CM and ICD-10-PCS codes using inpatient diagnosis, procedures and reports, using the 3M encoder.

Credits

3

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

Prerequisites

- Earned a minimum grade of C in each of the following:
 - HCHT211 - Basic ICD-CPT Coding (4)

HCHT221 - Medical-legal and Quality Management**Subject Code**

HCHT

Course Number

221

Long Title

Medical-legal and Quality Management

Description

Study of legal principles governing health information management. The medical record as a legal document. Standards and regulations governing medical records in various groups and agencies. Study of the methods used by healthcare facilities for assuring the provision of high quality medical quality care. Prerequisite: 121.

Credits

4

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

HCHT222 - Health Information Technology II**Subject Code**

HCHT

Course Number

222

Long Title

Health Information Technology II

Description

This course covers supervisory principles and electronic medical records, including collection, arrangement, presentation and verification of healthcare data. Also included are reimbursement methodologies, confidentiality rules and regulations, and uses of coded data. Prerequisite: 121.

Credits

4

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

HCHT231 - Computer Applications and Statistics in Healthcare**Subject Code**

HCHT

Course Number

231

Long Title

Computer Applications and Statistics in Healthcare

Description

This course presents the development of health information systems, computer applications in the health-care industry, and methods used to control accuracy and security of information. Included are the concepts and procedures used in preparation of statistical reports including vital statistics, census systems and commonly computed rates and percentages.

Credits

4

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

HCHT232 - Reimbursement Methodologies**Subject Code**

HCHT

Course Number

232

Long Title

Reimbursement Methodologies

Description

This course presents information about insurance programs and federal healthcare legislation. It provides a basic knowledge of claims management, medical necessity and coding systems. Pre- or corequisite: 211.

Credits

3

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

HCHT233 - Professional Practice Experience**Subject Code**

HCHT

Course Number

233

Long Title

Professional Practice Experience

Description

In this course the student applies skills, concepts and theory from previous classroom experiences in various healthcare environments. Students are under the direction of faculty and health information preceptors. Pre- or corequisite: satisfactory completion of all HCHT program core courses.

Credits

6

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

HCHS101 - Phlebotomy**Subject Code**

HCHS

Course Number

101

Long Title

Phlebotomy

Description

Introduction to the practice of phlebotomy, blood specimen collection, and processing. Content areas consist of: general safety and universal precautions, professionalism and ethics, equipment and supplies, anticoagulants, site selection, vein puncture and capillary puncture techniques, and specimen processing. Restriction: permission of instructor.

Credits

1

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Lower division undergraduate (100-2999)

HCHS111 - Medical Terminology**Subject Code**

HCHS

Course Number

111

Long Title

Medical Terminology

Description

An introduction to terminology used in health careers. It will provide a basic knowledge of prefixes, suffixes, and root words used in describing anatomical parts of the human body as well as general terms relating to disease processes.

Credits

3

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

HCHS113 - Basic Body Structure and Function I**Subject Code**

HCHS

Course Number

113

Long Title

Basic Body Structure and Function I

Description

This is an introductory course in Anatomy and Physiology for students from diverse backgrounds and varying levels of educational preparation. No prior knowledge of biology or chemistry is assumed.

Credits

4

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

HCHS115 - Pharmacology For Health Occupations**Subject Code**

HCHS

Course Number

115

Long Title

Pharmacology For Health Occupations

Description

Presents an introduction of responsibilities and principles of drug administration, classifications of drugs, usage, contraindications, dosage, and computations.

Credits

3

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

HCHS123 - Human Growth and Development**Subject Code**

HCHS

Course Number

123

Long Title

Human Growth and Development

Description

This course presents theories of biological, cognitive, and psychosocial development across the life span. This course will stress the application of concepts to health care.

Credits

3

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

HCHS140 - Introduction To Substance Abuse**Subject Code**

HCHS

Course Number

140

Long Title

Introduction To Substance Abuse

Description

Introduction to physiological, psychological and socio-cultural dimensions of substance abuse assesment, intervention, and treatment. Overview of emerging indicators of effective substance abuse treatment and prevention with diverse populations.

Credits

3

Schedule Type

Lecture

May the course be repeated for credit?

No

Foundations of American Indian Education

Description

This course is an exploration of American Indian education from the past to the present. Topics include: boarding schools, Indigenous language issues, policies, practices, experiences, educational models, language and cultural maintenance, urban/rural schools. In particular, this course will look at curriculum, pedagogy, and the processes of education that empower students to draw on their personal strengths and lived experiences and to develop their confidence in their abilities to learn. We will explore ways to understand and appreciate students' background, and to foster learning that values the rich cultural and linguistic resources that children bring to the classroom, so that we can help learners successfully integrate the learning community of the school with their broader communities.

MKTG2110 - Principles of Marketing

Subject Code

MKTG

Course Number

2110

Long Title

Principles of Marketing

Description

Survey of modern marketing concepts and practices focusing on the marketing mix: product, pricing, promotion, and distribution strategies. Topics include the marketing environment, consumer behavior, marketing research, target marketing, and the ethical and social responsibilities of marketers. Credit not applicable toward B.B.A. Business Administration.

Credits

3

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Lower division undergraduate (100-2999)

Mathematics

MATH099 - Pre-Algebra**Subject Code**

MATH

Course Number

099

Long Title

Pre-Algebra

Description

This is an introductory mixed course designed to prepare students for math success in the area of Pre-Algebra. Emphasis is placed on familiarizing students with basic areas involving operations on fractions and decimals, ratios, proportions and percents; sign number operations, measurement, elements of Geometry, elements of Algebra and word problems.

Credits

1 - 4

Schedule Type

Lecture/Laboratory

May the course be repeated for credit?

No

Course Level

Branch remedial (001-100)

MATH100 - Introduction to Algebra**Subject Code**

MATH

Course Number

100

Long Title

Introduction to Algebra

Description

Includes signed numbers, solving linear equations, formulas, graphing, solving systems of equations and applications. Also covers exponents and polynomials, factoring, roots and radicals and quadratics. Satisfactory completion of MATH 100 meets prerequisite for MATH 120. Offered on a CR/NC basis only.

Credits

1 - 4

Schedule Type

Lecture/Laboratory

May the course be repeated for credit?

No

Course Level

Branch remedial (001-100)

MATH1118 - Mathematics for Elementary and Middle School Teachers I**Subject Code**

MATH

Course Number

1118

Long Title

Mathematics for Elementary and Middle School Teachers I

Description

Course offers an in-depth look at rational numbers, arithmetic operations, and basic geometric concepts. Problem solving is emphasized throughout. Prerequisite: 1130 or 1215 or 1220 or 1230 or 1240 or 1350 or 1430 or 1512 or FYEX 1010 or ACT Math =>19 or SAT Math Section =>480 or ACCUPLACER Next-Generation Arithmetic =>276 or LCP Math => 20.

Credits

MATH1215 - Intermediate Algebra**Subject Code**

MATH

Course Number

1215

Long Title

Intermediate Algebra

Description

A study of linear and quadratic functions, and an introduction to polynomial, absolute value, rational, radical, exponential, and logarithmic functions. A development of strategies for solving single-variable equations and contextual problems.

Credits

3

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Lower division undergraduate (100-2999)

Prerequisites

- Complete 1 of the following
 - Earned a minimum grade of C in at least 1 of the following:
 - MATH100 - Introduction to Algebra (1 - 4)
 - ACT Math \Rightarrow 19 or SAT Math Section \Rightarrow 480 or ACCUPLACER Arithmetic \Rightarrow 102 or ACCUPLACER Elementary Algebra \Rightarrow 41.

MATH1215X - Intermediate Algebra IA**Subject Code**

MATH

Course Number

1215X

Long Title

Intermediate Algebra IA

Description

A study of linear and quadratic functions, and an introduction to polynomial, absolute value, rational, radical, exponential, and logarithmic functions. A development of strategies for solving single-variable equations and contextual problems. This is the first course in a three-part sequence. In order to receive transfer credit for MATH 1215, all courses in this sequence (MATH 1215X, MATH 1215Y, MATH 1215Z) must be taken and passed.

 - MATH1215 - Intermediate Algebra (3)
 - Earned a minimum grade of C in each of the following:
 - MATH1215X - Intermediate Algebra IA (1)
 - MATH1215Y - Intermediate Algebra IB (1)
 - MATH1215Z - Intermediate Algebra IC (1)
 - Earn test score of: ACT Math \Rightarrow 22 or SAT Math Section \Rightarrow 540 or ACCUPLACER Next-Generation Advanced Algebra and Functions =239-248 or Lobo Course Placement Math \Rightarrow 30.

Gen Ed Areas & Diversity

Area II: Mathematics: Mathematics and Statistics

MATH1230 - Trigonometry**Subject Code**

MATH

Course Number

1230

Long Title

Trigonometry

Description

A study of plane trigonometry including the definitions of the fundamental trig functions using right angle triangle and unit circle approaches. Trig functions of any real number will be evaluated and the functions graphed along with their transformations. Trigonometric identities will be developed and demonstrated including multiple angle identities and identities developed from them. Inverse trigonometric functions will be developed and used to solve trigonometric equations. Trigonometric applications will be solved using right angle trigonometry and the laws of sines and cosines. Trigonometric methods will be applied to complex numbers and the use of 2D vectors and vector dot products. May be taken concurrently with 1240.

Long Title

Sociopolitical Concepts in Native America

Description

This course examines a body of politics identified with Native America specific to historical and contemporary relevance for understanding Native American/Indigenous/American Indian nations and communities. Students are challenged to identify issues and debates based on selected readings, films; case examples; and guest presentations to engage in informed discussions about the socio-political experience of Native Americans within the U.S. and indigenous peoples internationally, including 'global' activist movements. The course will use a seminar discussion format to present key (theoretical-methodological) approaches to developing a critical understanding of social and political issues impacting Native Americans today. To make the 'intangible' i.e., thinking, values, and belief systems but not limited to policies and political behavior, cultural expression that result in tangible actions affecting Native American peoples. Students are expected to develop and refine their skills in articulating verbal and written critiques of sociopolitical concepts identified.

LPN Health Care Participant

Description

This course introduces the attributes of the health care participant as an individual, a family, or a community as they relate to the practical nurse's caregiver and discipline-specific roles.

Credits

3

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

Prerequisites

- Completed with a minimum grade of C or concurrently enrolled in all of the following:
 - NURS1130 - LPN Health and Illness Concepts I (4)

Corequisites

- Concurrently enrolled in:
 - NURS1160 - LPN Assessment and Health Promotion (4)

NURS1150 - LPN Nursing Pharmacology**Subject Code**

NURS

Course Number

1150

Long Title

LPN Nursing Pharmacology

Description

An introduction to pharmacological nursing practice across the lifespan utilizing a conceptual approach. The student identifies the nurse's professional role related to pharmacotherapeutics in diverse populations. Safety issues and minimization of risk potential associated with pharmacotherapeutics, complementary, and alternative medicines are discussed. Evidence-based pharmacological and pathophysiological concepts are integrated to guide medication therapeutics. Common drugs classes and the pharmacotherapeutics, pharmacodynamics, and pharmacokinetics associated with each are included in this course.

Corequisites

- Concurrently enrolled in:
 - NUTR2110 - Human Nutrition (3)

NURS205 - Professional Issues in Practical Nursing**Subject Code**

NURS

Course Number

205

Long Title

Professional Issues in Practical Nursing

Description

An overview of professional issues related to the role of the practical nurse (PN) or licensed practical nurse (LPN). Students learn about the LPN role according to the New Mexico Nurse Practice Act. Scope of practice and legal accountability are reviewed. Other topics include ethical and legal responsibilities of the LPN role, delegation of duties, and the role of the LPN as part of the health care team. On successful completion of this course, students are eligible to take the National Council Licensure Examination-Practical Nurse (NCLEX-PN).

PHIL1115 - Introduction to Philosophy

Subject Code

PHIL

Course Number

1115

Long Title

Introduction to Philosophy

Description

In this course, students will be introduced to some of the key questions of philosophy through the study of classical and contemporary thinkers. Some of the questions students might consider are: Do we have free will? What is knowledge? What is the mind? What are our moral obligations to others? Students will engage with and learn to critically assess various philosophical approaches to such questions. Meets New Mexico General Education Curriculum Area 5: Humanities.

PHIL2140 - Professional Ethics**Subject Code**

PHIL

Course Number

2140

Long Title

Professional Ethics

Description

This course focuses on some of the ethical issues that arise in the context of professional life. Beginning with an overview of several major ethical theories, the course will consider how these theories, which traditionally concern personal morality, apply to life in a professional setting. The course will focus on issues that might include lying and truth-telling, whistleblowing, confidentiality, the obligations of businesses toward the public, and the ethical concerns of privacy in journalism. Using a combination of readings, case studies, and discussion, students will explore these issues by critically evaluating ethical principles and also applying them to real-world settings.

Physics of Music Laboratory

Description

Experiments to accompany 1125. Two hours lab.

Credits

1

Schedule Type

Laboratory

May the course be repeated for credit?

No

Course Level

Lower division undergraduate (100-2999)

Prerequisites

- Completed with a minimum grade of C or concurrently enrolled in all of the following:
 - PHYS1125 - Physics of Music (3)

Gen Ed Areas & Diversity

Area III: Science: Physical and Natural Sciences

PHYS1230 - Algebra-Based Physics I**Subject Code**

PHYS

Course Number

1230

Long Title

Algebra-Based Physics I

Description

An algebra-based treatment of Newtonian mechanics. Topics include kinematics and dynamics in one and two dimensions, conservation of energy and momentum, rotational motion, equilibrium, and fluids. The sequence (PHYS 1230, 1230L, 1240, 1240L) is required of pre-medical, pre-dental, and pre-optometry students. Only 1230 and 1240 are required of pharmacy students. Meets New Mexico General Education Curriculum Area 3: Physical and Natural Sciences.

Credits

3

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Lower division undergraduate (100-2999)

Prerequisites

- Complete 1 of the following
 - Earned a minimum grade of C in at least 1 of the following:
 - MATH1240 - Pre-Calculus (3)
 - Course Not Found
 - MATH1250 - Trigonometry and Pre-Calculus (5)
 - Course Not Found
 - MATH1430 - Applications of Calculus I (3)
 - Course Not Found
 - MATH1512 - Calculus I (4)
 - Course Not Found
 - Or earn test score of: ACT Math =>28 or SAT Math Section =>660 or ACCUPLACER Next-Generation Advanced Algebra and Functions =>284

Other Restrictions

Credit for both this course and PHYS 1310 may not be applied toward a degree program.

Gen Ed Areas & Diversity

Area III: Science: Physical and Natural Sciences

PHYS1230L - Algebra-Based Physics I Laboratory

Subject Code

PHYS

Course Number

1230L

Long Title

Algebra-Based Physics I Laboratory

Description

A series of laboratory experiments associated with the material presented in 1230. Three hours lab. Meets New Mexico General Education Curriculum Area 3: Physical and Natural Sciences.

Credits

1

Schedule Type

Laboratory

May the course be repeated for credit?

No

Course Level

Lower division undergraduate (100-2999)

POLS2130 - Political Ideas: Introduction to Political Theory

Subject Code

POLS

Course Number

2130

Long Title

Political Ideas: Introduction to Political Theory

Description

This course offers an introductory survey of political theory. Emphasis is placed on (1) textual analysis of primary sources and on (2) scholarly analysis of the foundational questions and methods central to the academic study of political ideas. Studying political ideas involves thinking about a) the very definition of political theory itself, b) what one would need to know in order to make evidence-based claims about political theory texts and c) why and how the study of political theory leads political scientists into the exploration of “essentially contested concepts.” More specifically, throughout the semester, we will explore questions relating to 1) what is the definition of political theory; 2) why/how are interpretative disputes at the core of political theory and 3) how have major political theories/ideas—democracy, liberalism, conservatism, socialism, liberation theory, and fascism—changed and developed over time? In sum, this is a survey course on the history of political ideas.

POLS2140 - Introduction to Political Analysis

Subject Code

POLS

Course Number

2140

Long Title

Introduction to Political Analysis

Description

What makes the field of political science a science? What are the variety of research methods and tools for analysis employed by scholars? The goal of this course is to introduce students to the scientific process by political scientists. The interpretation and analysis of data is also essential for almost any career that a political science major might pursue. Lawyers and lobbyists, politicians and professors all need to be able to read and understand reports in which numerical summaries of data (i.e., statistics) are used as evidence to support an argument or point of view. These professionals need to ascertain whether these statistics are being used appropriately. In addition, many of these professionals need to do their own statistical analysis. This course introduces students to statistics and the scientific study of politics. Students will learn why statistics are useful, how to interpret a variety of statistics, how to analyze data to generate their own statistics, and how to tell whether their statistics support their own argument. Students will also learn how to apply the scientific research process to their own research questions by completing a research design project.

Lower division undergraduate (100-2999)

POLS2150 - Public Policy and Administration**Subject Code**

POLS

Course Number

2150

Long Title

Public Policy and Administration

Description

The objective of this introductory course in public policy and public administration is to provide students with a basic understanding of the ways that government deals with problems affecting society. We will explore the political tools used to address public policy problems, as well as the political environment in which public policies are formed. Additionally, several specific public policy problems will be discussed during the semester. For each topic, we will try to understand the goals that the government and society seem to be seeking, alternative means for achieving those goals, the costs and benefits of the various alternatives, and the impact of politics on those goals. We will primarily examine policymaking at the national level, but we will also look at some examples at the state and local level.

RELG

Course Number

1550

Long Title

Religion, Health and Medicine

Description

Introduces students to how people's religious beliefs and practices influence their perspectives on health and their approaches to medical care and treatment. In units arranged by religion or region (North American indigenous religion, African religion, Hinduism, Chinese religion, Judaism, Christianity, and Islam), students will learn how religious beliefs and practices relate to rites of passage, sexuality, women's health, diet, mental health, trauma, and end of life issues. In addition to assessing students' knowledge of the relationship between religion and perspectives on health and medical care and treatment, course assignments will raise students awareness of how people with different worldviews interact. Course requirements or activities also will teach them how to evaluate their own biases and how to assess the biases and credibility of various sources of information about religion, health, and medicine found on the Internet and elsewhere.

Subject Code

SOWK

Course Number

2110

Long Title

Introduction to Human Services and Social Work

Description

This course is for students who are interested in social welfare issues and/or are considering entering a social service profession. The course presents an overview of social problems, issues and trends, and the network of social agencies developed to address these concerns. The course examines the influence of personal and professional values and ethics on the helping relationship. The concept of social welfare will be discussed from a social work perspective (with an emphasis on social justice), and students will gain a basic understanding of social work in U.S. society, social work career opportunities, and contemporary issues facing social workers. Approaches relevant to work with individuals, families, groups and communities are presented, with special emphasis on Hispanic and Indigenous populations of New Mexico and the Southwest.

Sociology

SOCI1110 - Introduction to Sociology**Subject Code**

SOCI

Course Number

1110

Long Title

Introduction to Sociology

Description

This course will introduce students to the basic concepts and theories of sociology, as well as to the methods utilized in sociological research. The course will address how sociological concepts and theories can be utilized to analyze and interpret our social world, and how profoundly our society and the groups to which students belong influence them. Students will be given the opportunity to challenge their “taken for granted” or “common sense” understandings about society, social institutions, and social issues. Special attention will also be paid to the intimate connections between their personal lives and the larger structural features of social life. In addition, the implications of social inequalities, such as race/ethnicity, gender, and social class will be central to the course’s examination of social life in the United States. Meets New Mexico General Education Curriculum Area 4: Social and Behavioral Sciences.

Introduction to Criminal Justice Systems

Description

This course provides an introduction to social issues that are currently affecting the criminal justice system in the United States. The course will cover the history of the U.S. criminal justice system and how our system compares with other countries. We will address how the U.S. criminal justice system attempts to create and preserve a balance between sustaining order, maintaining individual rights, and promoting justice. Important themes also include, but are not limited to discussions of how crime and delinquency are measured, key correlates of crime, sociological approaches to researching crime, sociological theories of crime, the quality of crime data in the U.S. and how it is used to make public policy decisions, and the causes and consequences of mass incarceration in the United States. Prerequisite: 1110.

Long Title

The Dynamics of Prejudice

Description

This course is designed to help students understand how attitudes and beliefs of individuals shape intergroup relations and their impacts on the daily lives of individuals as well as the effects that these beliefs have on the larger social structure of American society. We will examine how profoundly our society and the groups to which we belong, influence us and our beliefs and ultimately how these beliefs shape prejudice in our society. In this course, students are encouraged to challenge ideologies that are considered "common sense" or that are taken for granted and this in turn will allow them to critically engage issues in society such as racism, classism, sexism, and will leave with an understanding on how privilege affects our views on disability, LGBTQ issues, religion and immigration. Rather than investigating these themes in the abstract, students will identify and unpack how these larger structural issues play integral roles in their everyday lives, interactions, and existence. Ultimately, this course aims to address the social inequalities that exists in our society as a result of prejudice and will challenge students to identify and engage in strategies to work towards changing these aspects of society. Meets New Mexico General Education Curriculum Area 4: Social and Behavioral Sciences.

Global Issues

Description

Many of the problems we face on a daily basis are global in scope and global in origin. The world is now more interconnected than ever. The things that happen in China or in Saudi Arabia affect us in the United States, just as the things that we do here affect the people in Russia or Egypt. This course offers a sociological perspective on this phenomenon of globalization and explores its origins in the culture of capitalism. To this end, we will examine topics such as consumption, labor, migration and immigration, economic inequality, the natural environment, and health. We will also consider various ways in which these problems can, or cannot, be solved for us and for future generations. Meets New Mexico General Education Curriculum Area 4: Social and Behavioral Sciences. Prerequisite: 1110.

Spanish for Heritage Learners I

Description

This is a beginning-level Spanish course designed for students who have a cultural connection to the Spanish language. Some students have had very little exposure to the language and enter the class to develop beginning-level skills. Other students may have grown up hearing the heritage language in the community and may understand some Spanish and speak at a basic level as a result. The objective is to draw upon the connection to the heritage language as a source of motivation and engagement for our learning communities. At the same time, we build upon the language base that students may already have as a result of their heritage learner experience in order to develop new proficiencies in Spanish and reactivate the Spanish that students have learned previously. By the end of this course, students will be able to describe their home, campus surroundings and common activities including cultural traditions. At the same time, students gain cultural competency and develop a critical understanding of their linguistic and cultural background.

Spanish for Heritage Learners II

Description

A second semester class designed for students who have developed some basic Spanish proficiency from previous classes and/or from community experiences. This course provides students with the opportunity to develop their proficiency in the four language skills (speaking, listening, reading, and writing). Class activities are designed to strengthen oral communication skills (speaking and listening) through a variety of group activities. By the end of the course students will be able to understand and produce narrations of past events in oral and written Spanish. In order to foster a desire to revitalize and maintain the Spanish language in the US context we attempt to raise students' critical awareness of what it means to be part of a specific speech community. May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

WLDT107 - Advanced Arc Welding**Subject Code**

WLDT

Course Number

107

Long Title

Advanced Arc Welding

Description

Directed to achieving high quality S.M.A.W. welds, which conform to specific codes and procedures. Competency in this course is encouraged before attempting pipe classes. Course will introduce American Welding Society D5.0 welding qualification codes. Prerequisite: 104*, 105*, 106*.

Credits

4

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

WLDT108 - Oxyfuel Welding I**Subject Code**

WLDT

Course Number

108

Long Title

Oxyfuel Welding I

Description

This course will introduce the student to gas welding process. The student will learn to handle and use the acetylene gas form of welding.

Credits

4

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

WLDT112 - Gas Metal Arc Welding I**Subject Code**

WLDT

Course Number

112

Long Title

Gas Metal Arc Welding I

Description

GMAW and FCAW General safety procedures. Equipment setup and use GMAW and FCAW. Select and use different filler metal and shielded gas. Make multiple-pass filler and V-Groove welds on carbon steel plate in various positions.

Credits

3

Schedule Type

Lecture/Laboratory

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

WLDT120 - General Welding Applications**Subject Code**

WLDT

Course Number

120

Long Title

General Welding Applications

Description

Preparation and setup of arc welding equipment. Process of striking an arc and making stringer beads, weave, overlapping beads and filler metal. Visually detect and correct arc blow.

Credits

3

Schedule Type

Lecture/Laboratory

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

WLDT130 - Pipe Welding**Subject Code**

WLDT

Course Number

130

Long Title

Pipe Welding

Description

Utilizes advanced Arc and oxyacetylene welding skills and techniques on ferrous pipe in a rotating and/or a fixed position. Emphasis is placed on the open groove pipe joint. Course will include alignment techniques, oxyacetylene cutting of pipe, pre-heat interpass temperatures, and mechanical preparation of the joints.

Credits

4

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

WLDT141 - Gas Tungsten Arc Welding I**Subject Code**

WLDT

Course Number

141

Long Title

Gas Tungsten Arc Welding I

Description

Arc Welding Course designed to further the knowledge and skills of welders. The course begins with a short review of pipe welding and groove welds on plate in all positions and covers stainless steel, cupro nickel alloys, hard facing processes, gas metal arc welding or MIG. and Gas Tungsten Arc Welding or TIG. Advanced uses for oxyacetylene and tempering and hardening steel and its alloys are also taught.

Credits

4

Schedule Type

Lecture/Laboratory

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

WLDT201 - Welding Metallurgy Math and Communications**Subject Code**

WLDT

Course Number

201

Long Title

Welding Metallurgy Math and Communications

Description

Second part of core curriculum component. Students will study Metallurgy, Math, and Communication skills for welding technology.

Credits

4

Schedule Type

Lecture/Laboratory

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

WLDT205 - Arc Welding II**Subject Code**

WLDT

Course Number

205

Long Title

Arc Welding II

Description

Groove welding and how to set up equipment. Making groove welds and groove welding with backing. Provide procedures for making flat, horizontal, vertical, and overhead groove welding. Prerequisite: 105.

Credits

3

Schedule Type

Lecture/Laboratory

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

Prerequisites

- Earned a minimum grade of C in each of the following:
 - WLDT105 - Arc Welding I (4)

WLDT212 - Gas Metal Arc Welding II

Subject Code

WLDT

Course Number

212

Long Title

Gas Metal Arc Welding II

Description

Set-up pipe beveler with oxy-fuel with safety precautions. Perform cutting on pipe with pipe beveler and free on pipe. Fit up pipe to standers and perform welds downhill with GMAW. Prerequisite: 112.

Credits

4

Schedule Type

Lecture/Laboratory

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

Prerequisites

- Earned a minimum grade of C in each of the following:
 - WLDT112 - Gas Metal Arc Welding I (3)

WLDT230 - Pipe Welding II**Subject Code**

WLDT

Course Number

230

Long Title

Pipe Welding II

Description

Gas tungsten arc welding 2- and 6-inch pipe schedule 80 in all positions. Using GTAW to deposit the root and second pass SMAW to complete the weld. Prerequisite: 130.

Credits

3

Schedule Type

Lecture/Laboratory

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

Prerequisites

- Earned a minimum grade of C in each of the following:
 - WLDT130 - Pipe Welding (4)

WLDT241 - Gas Tungsten Arc Welding II**Subject Code**

WLDT

Course Number

241

Long Title

Gas Tungsten Arc Welding II

Description

Learn fundamentals of GTAW (TIG) for steel stainless steel and aluminum. Welding procedures edge, corner, lap and fillet weld in all positions. Procedure taught on aluminum and stainless steel. Prerequisite: 141.

Credits

3

Schedule Type

Lecture/Laboratory

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

Prerequisites

- Earned a minimum grade of C in each of the following:
 - WLDT141 - Gas Tungsten Arc Welding I (4)

WLDT251 - Layout and Fabrication**Subject Code**

WLDT

Course Number

251

Long Title

Layout and Fabrication

Description

First course in layout and fabrication. Stresses layout symbols, lines/fabrication, shop procedure and machines. How to layout and build using basic concepts of plumb, level and square. Anatomy and how to apply circles and curves.

Credits

3

Schedule Type

Lecture/Laboratory

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

WLDT295 - Practicum**Subject Code**

WLDT

Course Number

295

Long Title

Practicum

Description

A planned program of study and activity designed to give the student practical experience which involves student responsibilities and uses student knowledge and skills to provide an advanced learning experience. Arranged.

Credits

3 - 9

Schedule Type

Practice Experience

May the course be repeated for credit?

Yes

How many hours can the course be repeated?

9

Course Level

Branch technical (101-2999)

WLDT299 - Cooperative Education In Welding Technology**Subject Code**

WLDT

Course Number

299

Long Title

Cooperative Education In Welding Technology

Description

The student will work in a training facility in the Gallup area and, at the same time, will be attending the college during part of the day. May be repeated for a maximum of 12 hr.

Credits

3 - 6

Schedule Type

Lecture

May the course be repeated for credit?

No

Course Level

Branch technical (101-2999)

GNDR2110 - Introduction to Women, Gender, and Sexuality Studies**Subject Code**

GNDR

Course Number

2110

Long Title

Introduction to Women, Gender, and Sexuality Studies

Description

This course introduces students to key concepts, debates, and analytical tools informing women, gender, and sexuality studies. As an interdisciplinary field of study, women, gender, and sexuality studies employs academic perspectives from a range of disciplines and theoretical approaches. It also incorporates lived experience and social location into its object of analysis. Though content will vary according to the expertise and focus of the instructor, this course will develop tools through readings and assignments that critically analyze how gender and sexuality are shaped by different networks of power and social relations and demonstrate how the intersections of race, class, disability, national status, and other categories identity and difference are central to their understanding and deployment. In addition to feminist thought, areas of focus might include gender and sexuality in relation to social, cultural, political, creative, economic, or scientific discourses. This class is recommended for those with a general interest in the topic area as well as for those seeking a foundational course for further study.

Credits

3
