

PAINT NIGHT WITH MS. DANA ALDIS

by Kyli Lesarilly

Paint night here at TRIO/SSS was fun, I wish we could do that here more often. I can definitely see why people paint for a hobby. I think this paint session helped relief stress that day, I had a lot going on that day and was able to only focus on painting and had a proud BOB ROSS moment with how my painting came out. It was awesome!

This was a fun little class and appreciate the art instructor, Ms. Dana Aldis, for coming out to do that for us. Everyone was focused and had their own unique painting and I could tell they had a good time.

The calendar for April 2022 is shown in a grid format. The word 'abril' is written in a yellow cursive font at the top, flanked by two clusters of colorful Easter eggs. PAINT NIGHT with Ms. Dana Aldis

STUDENT OF THE MONTH

Tyria McCabe

A.A. in Business Administration

How does it feel be a student of the month?

- It was shocking to find out that I am student of the month!

Do you have any student habits you would recommend to other students? What are they?

- Yes, don't procrastinate. Get your work in ahead of time or on time. Study, Study, Study.

Is it okay to take breaks and let assignments off every now and then?

- Taking breaks is good but don't prolong your break. Don't let assignments off those are points you need, there might be a time when you may have to let an assignment go but don't make it a habit. Its hard to catch up if you fall behind.

Is there someone you are particularly thankful for or would like to acknowledge?

-All the Trio tutors, if it weren't for you all I still be trying to get math homework done. Also, the advisors Donovan, Sophia, and Kim. Thank you all, I have been more successful with everyone there.

Would you consider yourself a role model?

- I would consider myself a role model, I have younger siblings, and I have trying to be a positive influence on them. My sister has told me that I was her role model. I hope I can be a role model to others other then my siblings.

Fun Facts about You

- I never liked to read, but as I have gotten into college life I love to read.
- I love to make ribbon roses and dreamcatchers.
- I love my family

What is your favorite thing about TRIO? About UNM-Gallup?

- My favorite thing about TRIO would be everyone that work there, and all the times we got together of Friendsgiving, and Halloween.
