

Film & Digital Media Arts

Career Cluster: Arts, AV Technology and Communication

Program Overview:

The CCTE Film and Digital Media Arts Program help prospective students become familiar with the history of film, theater, acting basics, music videos, and other fields of practice in the film/digital art industries. Students will be motivated and able to explore these topics independently, applying these knowledge and skills into their chosen college or career track.

Academic Readiness:

- The student must have completed 10th grade English with a C or better.
- It is desired that the student possesses basic computer keyboard knowledge of operations.

Anticipated Course Offerings:

- Fall semester
 - FDMA 2110: Introduction to Film Studies
 - THEA 1220: Beginning Acting
 - FYEX 1110: First Year Experience
- Spring semester
 - FDMA 2996: Film History
 - ARTS 1510: Introduction to Electronic Arts
 - TBD as of Fall 2026
