Midterms Study Tips

Luck of the Irish

"It was one of those March days when the sun shines hot and the wind blows cold: when it is summer in the light, and winter in the shade."

- Charles Dickens

"It's not easy being green."

- Kermit the Frog

MARCH EVENTS

Spring Break Week

Spring break is approaching, scheduled for March 17th to 21st. This presents an excellent opportunity to relax, rejuvenate, and enjoy a well-deserved respite. Consider creating lasting memories through activities such as taking a road trip, watching a film, or experimenting with a new recipe. We look forward to seeing you during the 2nd half of the semester!

2025 Summer and Fall Registration will open on April 7, 2025.

Advisement sessions will begin March 24 through April. Don't forget to book an appointment with your advisor through loboachieve.unm.edu

Scholarship Search Workshop

Scholarship Search Workshop is scheduled for March 5th from 11:00 am to 12:00 pm and presented by Sophia. The workshop will cover scholarships and offer financial literacy tips.

you secure a time to discuss and plan
for the upcoming semesters.**

**If you require any assistance, feel free to visit
TRIO/SSS, we will be happy to address any
questions you may have.**

Spring 2025 Commencement

Save the date for The University of New Mexico-Gallup
Spring 2025 Commencement Ceremony at 10 a.m.
Saturday, May 17, 2025, at Angelo DiPaolo Memorial
Stadium in Gallup.

Commencement is celebrated once a year in the
month of May to celebrate our summer, fall and spring
graduates for that academic year.

Attendance is optional. Students whose requirements
were completed and degrees conferred in the
preceding summer, fall or spring semester are invited
to attend.

Angelo DiPaolo Memorial Stadium is located at:
700-916 S. Grandview Drive.

SCHOLARSHIPS

Cobell Scholarship - Due March 31st, 2025

2025 - 2026 Cobell Scholarship Academic Year opportunity

Opened December 15, 2024 - **Closes March 31, 2025 @ 11:59 PM MDT**

Reference due April 7, 2025

The Applicant Profile, the Eligibility Form and a fully completed Scholarship Opportunity. Applications require self-reported responses; therefore, no documentation is required unless an applicant is selected to be a Finalist beginning in early May of each year. Accepting the offer and completing Post-Acceptance is a separate process. It is open to Native American and Alaska Native students who are members of federally recognized tribes, supporting their pursuit of higher education at accredited institutions. Application deadline is March 31.

Continental Divide - **Due March 31st, 2025**

Continental Divide is fortunate to have one of the state's largest cooperative-sponsored scholarship programs, thanks to the mining boom in the 1970s and 80s. In 1989, the Continental Divide Electric Education Foundation was established to assist our co-op members with scholarship money, which comes from unclaimed "capital credits." These credits are invested by Continental Divide and the earnings are used for educational grants.

The Foundation's board of directors decides how many scholarships to award based on available funds each year. Scholarships are awarded to traditional and non-traditional college students who choose to attend school in New Mexico. Currently, grants of up to \$4,000 are awarded each year.

MARCH BIRTHDAYS

Happy Birthday!

MIDTERM STUDY TIPS

- Studying subjects in smaller segments over several days is far more effective for information retention than cramming the night before an exam.
- Creating a study schedule can help prevent procrastination and alleviate stress, ultimately enhancing your overall learning experience.

- Maintaining a nutritious diet during midterms is essential for optimizing cognitive function, enabling your mind to effectively absorb new information.
- Ensuring a good night's sleep allows your brain to recharge, further enhancing your ability to perform well.

Inquiring about concepts from your instructors, tutors, or peers for clarification can significantly alleviate any confusion you may encounter.

Distractions are everywhere and can significantly hinder productivity.

To enhance focus, it is essential to minimize distractions and refrain from multitasking. Seek out a quiet environment and limit interruptions from social media, YouTube, and binge-watching television shows.

After completing your study session, it is important to reward yourself. Consider taking a break by going for a walk or enjoying a snack or beverage. This practice will help prevent burnout and prepare you for your next study session.
