

Update to the Dean & Faculty Assembly on Program Changes, 2016-2017

Matthew D. Mingus

Faculty Assembly Curriculum Committee Chair

Rather than submit deficient program reviews, the following programs have submitted significant changes to their curriculum which are currently going through workflow:

- Associate of Arts in Pre-Professional Elementary Education (to be changed to Associate of Arts / Associate of Science in Elementary Teacher Education)
- Association of Arts in Pre-Professional Secondary Education (to be changed to Association of Arts in Secondary Teacher Education)
- Associate of Applied Science in Construction Technology

Rather than submit deficient program reviews, the following programs – as of the 2017-2018 academic year – have been placed on hiatus:

- Certificate in Information Technology
- Associate of Applied Science in Collision Repair

The following programs have postponed their scheduled program reviews, and will be reviewed during the Fall 2017 semester:

- Associate of Arts in Early Childhood Multicultural Education
- Certificate in Early Childhood Multicultural Education
- Associate of Arts in Business Administration
