

October 1, 2018

Dear Students, Faculty and Staff:

Your safety and security are of prime concern at the University of New Mexico-Gallup. Every year, the UNM-Gallup Police Department publishes a report that includes crime statistics and information about the university's policies and programs related to safety and law enforcement.

The UNM Annual Security and Fire Safety Report for 2018, which details information for the 2017 calendar year is now available. The Clery Act requires that crime statistics for three years (2015, 2016 and 2017) be reported. The safety of our campus community is paramount to the operations of the UNM-Gallup Police Department. Every incident reported to police is taken seriously and investigated fully until the case is either solved or until all leads are exhausted.

In addition to crimes on campus, the table shows crime statistics for Non-Campus Buildings or Property and Public Property, as defined by federal regulations specified in the *definitions* section of the report. The UNM-Gallup Police Department requests crime statistics information from the appropriate law enforcement agencies and includes those numbers provided by these other agencies in our report. Finally, the table also shows statistics for violations of alcohol, drug and weapons laws that resulted in referrals for disciplinary action by the UNM-Gallup Director of Student Affairs, who serves as the Dean of Students for our campus.

Along with crime stats, the complete report also includes information about crime prevention programs; ways to report criminal activity and campus policies on sexual assault; drug and alcohol; and weapons. The Report can be accessed online at the following address: <https://www.gallup.unm.edu/pdfs/Annual-Safety-Gallup-2018.pdf>. You may also request a copy at the UNM-Gallup Police Department located in Gurley Hall, 705 Gurley Avenue, Gallup, NM 87301.

The UNM-Gallup Police Department is working hard to make this campus a safe place to live, learn, work and play. We believe that the information in the UNM-Gallup Annual Security and Fire Safety Report for 2018 is informative and helpful. We hope you will take the time to review it.

Respectfully,

Richard Perez, Sergeant
UNM-Gallup Police Department
